

ORMISTON READY TO SURRENDER

Long Struggle in Legislature Looms

SESSION MAY DEVELOP INTO BITTER FIGHT

Foes of Governor's Proposal on Six-State Pact Lining Up for Conflict

IMPERIAL MAN LEADS

Adherents of Richardson Determined to Battle to Last Ditch for Measure

(By United Press)
SACRAMENTO, Oct. 15.—Instead of a one-day session, costing only \$3500, to ratify the six-state Colorado river compact, Governor Richardson's special session of the California legislature may develop into one of the bitterest legislative battles here in years. This became apparent today as political foes of the governor's proposal, headed by Assemblyman A. C. Finlayson, of Imperial valley, author of the reservation resolution in the 1925 ratification, lined up their forces to fight the move for unconditional ratification of the agreement.

On the other hand, legislators who are favorable to the governor's proposal were preparing to fight to the last man for ratification. Although emphatically denied by members of the governor's family, the report today still persisted that the governor might take advantage of the special session to obtain confirmation of the gubernatorial appointments.

Discovery of an old ruling in the archives of the state, revealed the fact that the legislature, whenever lawfully convened, could confirm appointments made by the governor, regardless of whether such action had been included in the special call or not.

Declaring that the language of the resolution he is asking the legislature to adopt is identical with that of the resolutions adopted by the legislatures of the states of Colorado, Utah, Wyoming, Nevada and New Mexico, the governor today declared that "consideration of this resolution will smoke out the secret enemies of the Colorado river pact."

"It has already been shown that Senator Johnson is more interested in the Boulder dam as a political issue than a policy of government," the governor continued. "The resolution set forth in my proclamation calling a special session of the legislature, is identical with those of the other five states and word for word the same as assembly joint resolution No. 17, introduced by Assemblymen Weller and Graves, with the addition of these words: 'and the president of the United States by public proclamation shall have declared.'"

"The addition of the words referred to is to make the resolution conformable in every respect to the language of Section 4A of the Swing-Johnson bill.

"I have set forth the resolution in the proclamation in order that there will be no misunderstanding and in order that California shall go on record squarely as either favorable to or opposed to the erection of the Boulder dam and so there can be no ifs, ands or buts concerning the action of the legislature."

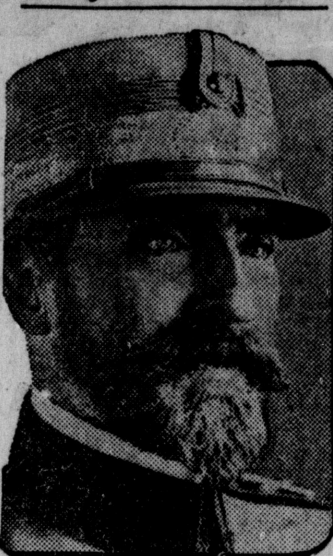

Realtors to Meet In Santa Monica

DEL MONTE, Calif., Oct. 15.—Santa Monica will be the scene of the 1927 convention of the California real estate association, it was unanimously decided here today at the annual convention.

Last night one thousand delegates gathered in the Del Monte hotel dining room for the annual banquet.

L. G. Natkemper, Long Beach, was presented with a trophy for winning the home town speaking contest.

May Abdicate

KING FERDINAND

BUCHAREST, Oct. 15.—Rumanian courtiers today seriously discussed the possibility that King Ferdinand, the 61-year-old husband of Queen Marie, soon would abdicate his throne.

The return of former Crown Prince Carol to Bucharest was expected at any time now, according to the intimates of the court. It was stated that, at the express desire of Ferdinand, two former cabinet ministers, Jean Bratianu and Alex. Constantinescu, soon would depart for Paris to arrange for the return of the prodigal son, who abandoned his rights to the throne and has been living for 10 months with Magda Lupescu, of whom little is known.

Bratianu and a member of the government visited the king Wednesday, and it was understood that they discussed Carol's reinstatement to royal rights.

HUGE DIRIGIBLE STARTS RETURN TO LAKEHURST

Los Angeles Sails From Detroit for Base in New Jersey

DETROIT, Mich., Oct. 15.—Slowly wrestling loose from the noose that bound it to the mooring mast at Ford airport, the giant dirigible Los Angeles floated clear at 3:44 p. m., and started its return cruise to Lakehurst, N. J. Appreciation over a high pressure area, now lying over the lake region, but drifting to the eastern coast caused Lieutenant Commander Rosendahl to order immediate return to Lakehurst.

(By United Press)
DETROIT, Mich., Oct. 15.—After a flight of 16½ hours from Lakehurst, N. J., the naval dirigible Los Angeles rode gracefully at "air anchor" today, atop the 210-foot mast at the Ford airport here.

Commander Rosendahl was personally greeted at the top mast cage by Henry and Edsel Ford, who had spent the night at the mast house waiting for his arrival.

"The trip was uneventful except for a three-minute fight with a low pressure area last night in Ohio and breakdown of our main radio set," Rosendahl said.

"The ship behaved beautifully, however. Our maximum altitude was 4000 feet and average speed about 64 miles an hour."

SAN JOSE, Oct. 15.—B. L. Sawtelle, of San Jose, driver of an automobile which skidded into the path of a Southern Pacific passenger train near Gilroy, today, died, bringing the death toll of the crossing tragedy to two. C. W. James, San Jose realtor, was killed outright.

The men were enroute to the state realtor's convention at Del Monte. Sawtelle saw the train and applied his brakes, but the automobile had such momentum that it skidded and stopped directly on the track.

Czar Names 5 Dry Zone Supervisors

(By United Press)

WASHINGTON, Oct. 15.—Assistant Secretary of the Treasury Andrews today named five prohibition zone supervisors, to act as liaison officers between dry headquarters in Washington and the 24 prohibition headquarters in the field.

The appointments included: Maj. John E. Cooper, Haldsburg, Calif., Pacific zone, who will have Colorado, Utah, New Mexico, Montana, Idaho, Wyoming, Washington, Oregon, Alaska, California, Nevada and Arizona.

General Andrews said that dividing the country into five zones was the "next to the last step in perfecting the machinery to carry on law enforcement in a business way."

The last step, he said, will be "taken after the reorganization bill passes congress, divorcing the prohibition unit from the integral revenue bureau and setting up separate prohibition and customs bureaus under the secretary of the treasury."

SEATTLE MAN HEAD OF COAST FIREMEN

FRESNO, Oct. 15.—George M. Manto, chief of the Seattle fire department, was elected president of the Pacific Coast Association of Fire Chiefs, at the closing session of their convention here today.

At the same time it was decided the 1927 convention will be held at Portland, Ore., providing that city wins the international convention for next year. If Portland fails to get the international convention, the delegates decided they would go to Vancouver, B. C.

Sacramento's fire department was awarded the large Thomas Ince fire prevention trophy. Fresno won the second place cup for the third time, and was allowed permanent possession of it. Bend, Ore., took third place.

Honorable mention in the order of the cities finished, was given to the following: Pasadena, Sedro-Wooley, Wn.; Torrance, Ventura, Glendale, Woodland, Wn.; San Jose, Modesto, Warren, Ariz., and Wenatchee, Wn.

OFFICERS ELECTED BY GRAND LODGE

SAN FRANCISCO, Oct. 15.—Charles M. Wollenberg, San Francisco, today was elected joint grand warden for the coming year at the 77th annual convention of the Masonic grand lodge of California.

Wollenberg was chosen for the office by secret ballot from the floor, without nomination, and is now in line to become grand master in three years.

Formal election of the other officers customarily advanced each year was as follows: George L. Jones, Nevada City, grand master; Will H. Fishcer, Los Angeles, deputy grand master; Gustave A. Huttuf, Dunsmuir, senior grand warden.

Thomas J. Baker and John Wicher, both of San Francisco, were re-elected grand lecturer and grand secretary, respectively. The grand secretary's salary was made \$10,000 a year by resolution.

Installation of the new officers and the conclusion of routine business will bring the convention to a close today.

Flames Rage on Steamer at Pier

SAN FRANCISCO, Oct. 15.—Fire today swept through the cargo of the Japanese steamer Montreal Maru, docked at pier No. 35, causing damage which may amount to \$500,000. So intense was the heat that deck plates buckled.

Five firemen were injured, three being overcome by smoke and two others cut and bruised. The flames consumed cotton, lumber and newspaper.

TWO KILLERS EXECUTED AT SAN QUENTIN

Watts and Trinidad Pay With Lives for San Bernardino County Murders

2 SEPARATE SLAYINGS

Men Occupying Condemned Row Hiss and Boo When Witnesses Near Gallows

(By United Press)
SAN QUENTIN, Oct. 15.—Twin gallows today snatched away the lives of Mauricio Trinidad and Joseph Watts, San Bernardino county murderers.

The traps were sprung at 10:03 a. m. Trinidad was pronounced dead at 10:16.

Watts lingered a moment. The physicians pronounced him dead at 10:17.

The execution moved swiftly. As Trinidad walked to the scaffold, he looked straight ahead. His movements were mechanical. He showed no sign of emotion.

Smiles at Gallows
Watts, on the other hand, leaped over to whisper a word to his guard. Then he nodded his head.

As he reached the scaffold, a smile played across his face, but it slowly faded as the executioners prepared his noose.

Then, as the preparations were completed, Father W. J. McLaughlin, prison padre, was speaking. "In the name of the Father—"

His words were interrupted by the springing of the trap. The men died for two separate murders.

Wife Claims Body
The body of Trinidad was claimed by Rose Trinidad, his wife, over whom the murder was committed. A bullet from Trinidad's gun also wounded her, but she lived to bury her erring mate.

As the witnesses of the execution filed towards the gallows prisoners in condemned row booed and hissed them. Guards said this was the first time they had witnessed such an occurrence in years.

Watts, who talked so jovially about his fate, changed front today and asked for spiritual guidance as he prepared to go to the gallows.

Watts said to the captain of the guard: "I want somebody to come and talk to me."

The captain asked him what he meant and he continued, "A priest or a minister."

Watts' record said he was a Protestant. Father Michael Callahan, of San Rafael, was summoned.

Kills Colton Cobbler
Trinidad, 32, was convicted of killing Jose Hernandez, cobbler, at Colton, May 31, 1925. Trinidad accused Hernandez of undue attention to his wife. He entered the cobbler's shop, found his wife and Hernandez together, and began shooting. Mrs. Trinidad was wounded.

Watts, 31, was condemned for the murder of Wilfred Hey, of Detroit, Mich., his companion on a transcontinental automobile trip from Detroit to Los Angeles. The slaying occurred in November, 1924. Hey's body was found in the desert near Silver Lake, buried in a sand. He apparently had been financing the trip. In Utah, he received a draft for \$1400. Watts took the draft and continued to Los Angeles in the murdered man's car and cashed the draft, impersonating Hey. He was traced through identification of Hey's body.

FRENCH BOAT SHELLED
WASHINGTON, Oct. 15.—Chinese troops on the Yangtze river, near Wusueh, fired on the French government boat Alerie, October 13, killing one sailor and seriously injuring another, and attacked the gunboat again the following day, according to delayed consular reports this afternoon.

PERSHING AND FOCH NAMED HONORARY HEADS OF LEGION

Gen. John J. Pershing (left), commander of the American Expeditionary forces during the World war, and Marshal Foch (right), French commander-in-chief, who today were elected honorary commanders of the Legion for life, at the annual Legion convention in Philadelphia.

American and French Commanders in World War Get Life Offices

PHILADELPHIA, Oct. 15.—Howard Paul Savage, of Illinois, a former lieutenant of engineers, today was elected national commander of the American Legion, at the closing session of the eighth annual convention here. Savage's election came after a spirited contest of 22 ballots, in which neither he nor his chief opponent, J. Munroe Johnson, of South Carolina, was able to command a majority.

(By United Press)
PHILADELPHIA, Oct. 15.—J. J. Pershing and Marshal Foch, of France, were made honorary commanders of the American Legion for life by unanimous vote of the eighth annual Legion convention, here today.

A resolution giving the honorary office to the leader of the A.E.F. and the French commander-in-chief of the allied armies in the World war, was reported by the resolutions committee and adopted amid enthusiastic cheers by the convention.

The action was a compromise arrangement worked out by Legion leaders, upon the proposal to make Pershing the active national commander for the trip to Paris next year.

Pershing told leaders he did not desire the active post and his retirement from the contest opened the way for sharp political contests between the remaining candidates.

Mrs. Adeline Wright MacAuley, Menominee, Wis., was elected national president of the National Women's auxiliary of the American Legion on the fourth ballot, at the auxiliary convention here today.

Other officers elected included: Mrs. Walker Beals, Seattle, vice president western division.

Hearing Set for County Officials

LOS ANGELES, Oct. 15.—Preliminary hearing of five Los Angeles county supervisors and three other officials, accused of embezzlement, is to start Monday, before Municipal Judge Westover.

Charges of embezzlement against District Attorney Asa Keyes, who signed the complaints against the supervisors, are being investigated by the attorney general's office.

Attorney General Webb, after reviewing a report by Deputy Attorney General John W. Maltman, will decide whether to dismiss the charges against Keyes or appoint a special prosecutor to handle the case.

Crossing Crash Blame Not Fixed

DIXON, Calif., Oct. 15.—Cause of the Dixon crossing accident today remained shrouded in mystery, as a result of a verdict reached by the coroner's jury last night, holding neither the Southern Pacific Railroad company nor the California Transit company responsible for the crash that claimed nine lives.

Trio Loots Bank At Crescent City

CRESCENT CITY, Calif., Oct. 15.—The Del Norte County branch of the Liberty bank was held up at 12:05 p. m. today by three men, who obtained \$20,000. The armed robbers escaped in a waiting automobile. They are believed to have headed toward Grants Pass, Ore.

RADIO MAN IS IN WINNIPEG, KEYES HEARS

Defendant in McPherson Case Willing to Return If Immunity Is Granted

HE IS REPORTED ILL

Officials Regard Message First Authentic Word on Whereabouts of Accused

(By United Press)

LOS ANGELES, Oct. 15.—Kenneth G. Ormiston, fugitive co-defendant in the Aimee Semple McPherson case, is ill and will surrender if granted immunity, according to an unsigned telegram received from Winnipeg, Canada, today by the district attorney's office here.

The telegram, addressed to District Attorney Asa Keyes, said: "Ormiston sick. Will surrender if guaranteed immunity. This is last offer. Reply through press."

The message was regarded at this district attorney's office as the first authentic information of Ormiston's whereabouts since he disappeared.

Charged With Conspiracy
The former radio operator is wanted in connection with the hearing of Mrs. McPherson on charges of conspiracy to obstruct justice, by faking evidence in connection with her disappearance.

Mrs. Lorraine Wiseman, co-defendant and chief state's witness at the hearing of Mrs. McPherson on charges of obstructing justice, admitted under cross-examination of defense counsel today that she had destroyed a memorandum pertinent to the case.

The destruction of the notes was revealed when Defense Counsel W. I. Gilbert sought to ascertain on what date Mrs. Wiseman sent money to Miss Rachel Wells, Philadelphia, "Miss X," alleged to have been hired by the evangelist to pose as the companion of Kenneth G. Ormiston during Mrs. McPherson's disappearance.

Mrs. Wiseman admitted sending the money on August 4, declaring she had made a note of this in her memorandum book.

Lawyer Wants Memorandum
"Will you bring that memorandum to this court after the noon recess?" asked Gilbert.

"I cannot," replied the witness. "Why not?"

"Because I destroyed it." "You mean you destroyed a memorandum in that was pertinent to this hearing?"

"I certainly did." "Who was present beside yourself?"

"Two women deputy sheriffs." Presiding Judge Samuel R. Blake announced today that both Attorneys W. I. Gilbert and S. S. Hahn, who represents Mrs. Wiseman, were "undoubtedly in contempt" as a result of their slapping fringes in court yesterday.

The jurist indicated he would punish the illigient lawyers after the hearing.

Judge Reserves Judgment
"I am reserving judgment in the matter," Judge Blake said, "until the hearing is over. In the heat of the argument, I did not want to pass on the attorneys' contempt."

The entire front row of seats in the courtroom was ordered vacated today on complaint of Mrs. Minnie Kennedy, co-defendant and mother of Mrs. McPherson, that she and her daughter be given more "breathing space."

For 15 days, Mrs. Kennedy told the court, she has been on the verge of collapse because of the crowded courtroom.

"I have come near fainting several times, the air is so thick it has been hard to breathe," she protested.

Judge Blake ordered that only newspapers and those requested by the defense and prosecution be allowed in the courtroom.

Mrs. Wiseman was questioned in detail on cross examination concerning alleged conflicts in dates given in her direct testimony the last two days in accordance with the court's order.

UNIFORM LAWS ON MARRIAGE AND DIVORCE TO BE SOUGHT

(By United Press)
WASHINGTON, Oct. 15.—To remove existing confusion, Representative McLeod, Republican, Michigan, will seek enactment of constitutional amendments empowering congress to establish uniform marriage and divorce laws, he announced today.

In a statement to the United Press from his home in Detroit, McLeod said he would ask the judiciary committee to take favorable action on his resolution giving congress authority to set up a marriage and divorce code.

"It is not a compliment to our system of statute law," McLeod said, "that the requirements of a marriage should vary so greatly from state to state, especially where interstate travel is so common among our people."

"It has the effect of taking away powers of courts of law or equity as to others. In other words, by a simple act of the parties, they may often escape the decrees of the courts of their native state or any other state."

SUSPECTS NOT BANDITS

BUREKA, Calif., Oct. 15.—J. P. Lane and Frank Barrett, held here on suspicion of complicity in the five terrorist murders in San Francisco, are not connected with the crimes, according to Detective Sgt. William McMahon, of the San Francisco police bureau.

Lawlessness

Who can have lived during these last few years, with laws piled on laws, governing every aspect of man's life, while all the time lawlessness grows more rampant underneath, without perceiving that not law but moral autonomy—the desire and capacity of the individual to govern himself from within—is the real underpinning of the state and, that lacking this, the whole superstructure of legalism may yet come clattering in ruin about our ears?—Harry Emerson Fosdick.

LABOR FEDERATION PICKS L. A. FOR 1927 CONVENTION

(By United Press)

DETROIT, Mich., Oct. 15.—The American Federation of Labor completed its business session for 1926 here yesterday, after unanimously re-electing William Green as president and naming Los Angeles as the site for next year's convocation.

The entire slate of officers also was re-elected. A short fight on the question of investigating the relationship between the Mexican Federation of Labor and the Mexican government, which feature the final day's session, ended in complete victory for the administration.

It was decided to investigate the conditions affecting labor in the southern republic, but at the same time continue a "hands off" policy.

CALLING OF SPECIAL SESSION OF LEGISLATURE IS SEEN AS MOVE TO BLOCK DAM PROJECT

That the calling of a special session of the legislature by Governor Richardson is not a move to help the Swing-Johnson bill or an early solution of the Colorado river problem was declared here today by men who have been closely identified with the project.

'LOST' MARINE IDENTIFIED AT LEGION MEET

WASHINGTON, Oct. 15.—The U. S. marine corps today set about anew to establish the identity of "Jerry Tarbot," marine, whose memory was wiped out in the war, but who was recognized in the American Legion convention, Philadelphia, as a "Buddy" by Benjamin Spang.

Records of the 16th company, 30th battalion, fifth regiment—Spang's regiment—were opened and corps headquarters will search all finger-prints and records to solve the mystery of who Tarbot was before war blurred his memory. He was recently confined in an asylum at Stockton, Calif., for treatment.

Tarbot's case first came to the marines' attention six years ago. Since then, unsuccessful efforts have been made to identify him through tallies, rolls, querying army headquarters and circulating his description and picture in Akron, O.; Sharon, Pa.; New York, and elsewhere to establish his right name.

SENT TO CONVENTION BY SANTA ROSA POST
SANTA ROSA, Calif., Oct. 15.—"Jerry Tarbot" was sent to the American Legion convention by the Theodore Roosevelt post, Santa Rosa, which claims the unfortunate as a veteran of the "adopted son." Up to an early hour this afternoon, the post had received 30 telegrams from all parts of the country, mostly from women, seeking information regarding the man. Many believed they might find in "Jerry Tarbot" a son they lost in the war.

FRANCE USES AX UPON JOBBOLDERS

PARIS, Oct. 15.—President M. Doumergue has signed a decree by which 106 sub-prefectures and the appointments of 70 secretaries-general of the prefectures are abolished.

The minister for war submitted to the council several proposals for economies in army administration, which were adopted. They include a reduction in the number of officers by 2700, in addition to the disbanding of 1200 temporary officers. The legal effective strength in officers will thus be reduced to 28,800, as against 35,000 in 1914.

There is, moreover, to be an immediate reduction in the number of mounted troops—a first reduction of 7000 horses and an ultimate reduction of 10,000, without taking into account the abolition of 2000 gendarmes horses. The remount department is to be abolished.

Certain military buildings and lands are also to be put to other uses. Of 350 barracks claimed by the departments, about half the

Governor Richardson seems determined to play into the hands of those who do not want a high dam at Boulder canyon," declared one supporter. "That, however, is in keeping with Richardson's attitude throughout. He has been an obstructionist, just as the Los Angeles Times has been an obstructionist. The fact that the Los Angeles Times this morning suavely supports the governor's call of a special session is sufficient cause to put the rest of us on our guard."

The purpose of the special session, says Richardson, is to ask the legislature to ratify the six-state compact without any reservation. The legislature, meeting last spring, ratified the compact with a reservation, embodied in what is commonly known as the Finney resolution, presented by Assemblyman Finney, of Imperial county.

Explanation of Situation
As an informative explanation of the situation, the following is offered to its readers by The Register: When California interests became active in pressing congressional enactment providing for building a high dam at Boulder canyon, on the Colorado river, other states interested in the river became aroused over the water rights question. Supposing California, by impounding the river, should, by usage, secure permanent rights to all the water of the river? Because of this question, the upper states were unfriendly, decidedly so, to the Boulder dam project.

The six-state compact, with Arizona refusing to make it seven-state, was presented. It was offered as an agreement of the legislatures of the six Colorado river states whereby it was agreed that congress should establish the water rights of the upper states against the lower. The upper states would be guaranteed the right at any time—a year hence or 50 or 100 years hence—to take out a certain number of millions of acre feet of water. No matter, then, what California or Arizona might do at this time lower down on the river, the upper states could when they got ready, develop the river without fear of legal entanglements from claimants below them.

Real Danger Seen
Those making the fight for the Boulder dam project saw a real danger in having this compact go through without reservations. If the upper states got all they wanted, California might then keep on fighting for the Boulder dam, and the upper states would say, "We are not interested." Therefore, it was decided to accept the six-state compact with the reservation, to which Governor Richardson has always and still objects. This reservation, in brief, was this: California agrees to this division of water rights of the Colorado river, PROVIDED THAT THIS AGREEMENT BECOMES EFFECTIVE WHEN CONGRESS PASSES LEGISLATION FOR BUILDING BOULDER DAM.

The California legislature made this reservation. The purpose was perfectly plain. California merely said to the other five states, "You get what you want and we get what we want." The compact was written into the Swing-Johnson bill, as also was the reservation. They stand together in the measure now before congress. The plan has been and still is, as announced by those making the fight for the Swing-Johnson bill, that immediately after the Swing-Johnson bill passes congress and is signed, by which the Boulder dam will be built, the California legislature will pass another resolution, without any reservation, whereby California will be on record as officially recognizing the six-state compact without reservation. Even that, however, will not be necessary to protect the upper states, for their water rights become effective at the same time that Boulder dam is assured.

Resolution Powerful Weapon
Congressman Swing, speaking in Santa Ana recently, declared that the Finney resolution was a most powerful weapon in the hands of the Boulder dam forces. Without it, the upper states, instead of being strongly for the Swing-Johnson bill, as they are, would have no reason to be for it and likely would be against it.

U. S. Senator Johnson, Congressman Phil D. Swing, Assemblyman Finney and other leaders in the fight for the Swing-Johnson bill all have issued statements saying that a special session of the legislature at this time would be useless. They say that Richardson's proposal to accept the six-state compact without the Finney reservation would be harmful, instead of helpful, as alleged by the governor.

CLOSE MUNICIPAL PLANTS
CLEVELAND, O., Oct. 15.—Because of the advance in the science of cheap production of electricity, 130 towns in Ohio in the last few years have sold or shut down municipal electric generating plants and turned the business over to privately operated companies.

MORE RAILROAD SIDINGS
BOSTON, Oct. 15.—A survey made by the bureau of commercial and industrial affairs of the Boston Chamber of Commerce shows a net gain of 14 in the number of railroad sidings devoted to industrial plants in the last year.

number probably will be devoted to civil uses. The naval and national gendarmes are to be amalgamated, and the gendarmes mobile of the departments will be reorganized under the title of Garde Republicaine Mobile and working under similar conditions to the Garde Republicaine of the Seine.

The purchasing services for the army and navy are also to be amalgamated.

ORMISTON, IN CANADA, READY TO SURRENDER

(Continued from Page 1)
counting for various trips between here and San Francisco to further her self-confessed "Miss X" hoax.

The witness changed several dates given in her direct testimony, but clung to her story, which concerns an alleged joint plot by her and Mrs. McPherson to produce false evidence showing another woman, and not the evangelist, occupied a cottage at Carmel-by-the-Sea with Ormiston.

Trend of Questioning
Some of the questions and answers during the cross-examination were as follows:

Q. You desire to change the date of July 9 in your testimony when you said you were at the hotel and the temple?

A. I do.

Q. To what date?

A. July 31.

Q. You said you called Judge Hardy on July 10. What do you want to do with that date?

A. Change it to August 1.

Q. You said you left from San Francisco July 11 or 12?

A. I didn't say that. I said I left for San Francisco, not from San Francisco.

Q. I withdraw the question, but what change do you wish to make in the date?

A. To August 3 or 4.

Q. You say you went to Carmel July 13 or 14. What date do you wish to substitute for that?

Doesn't Quite Remember

A. I went there on August 5, 6 or 7, then back to San Francisco again on the 7th or 8th. I don't quite remember.

Q. Then you want to say you returned to San Francisco on August 8?

A. Yes.

Q. You testified you sent money to Miss Wells, in Philadelphia, between the 11th and 14th of August. You said you sent \$150 given you by Mrs. McPherson and Mrs. Kennedy. You said you sent it general delivery. Did you not know Miss Wells' home address?

A. I certainly did not.

Q. Then I will ask you, did you not state to reporters that you got in touch with "Miss X" at Philadelphia through her home address?

A. Perhaps I did. I don't quite remember.

Will Offer Lock of Hair

A lock of hair, which two skeptical lawyers clipped from the "Miss X" woman's head when the Salinas affidavit was taken, has been obtained by the defense. It was claimed, and will be used to clear up the identity of the mysterious woman.

Witnesses from Douglas, Ariz., who have arrived here to aid in the evangelist's defense, include T. F. Sims, customs officer; R. E. Patterson and George W. Cook, night policemen, and Harold L. Henry, newspaperman. They were identified with the investigation which followed Mrs. McPherson's reappearance at Arua Prieta, Mex., near Douglas, on June 23, five weeks after her disappearance.

Mrs. McPherson, who appeared in court for nearly three weeks in an unvarying black dress, now wears a new outfit of Chanel red silk, trimmed with tan, with hat to match.

"I thought perhaps I'd been looking a little too somber," said the picturesque evangelist, "and I don't feel somber."

Mrs. McPherson addressed another capacity audience at Angelus temple last night, during the regular nightly services. The evangelist's following, despite the damaging character of the state's testimony during the past three weeks, appears to be growing daily.

LUMBER FIRM TO EXPAND

MONROE, La., Oct. 15.—George E. Brown Lumber company will spend \$200,000 in erecting a plant here to make hardwood flooring and \$75,000 in rebuilding steamboats for handling its product.

RUBBER GALLUSES

FULTON, Mo., Sept. 15.—Jack Muir, a prominent farmer and stock raiser, has solved the suspender problem. The other day he appeared on the streets of Fulton wearing suspenders made from an old motor car inner tube. The suspenders were neatly cut and trimmed by Muir's daughter.

HUGE NATIVE SKULL

LONDON, Sept. 15.—The skull of a native of South Africa, who died a short time ago, was found to measure 8 1/2 inches in length, with a capacity of 122 cubic inches. The discovery of this huge skull at the present day is believed to strengthen the theory that Africa was the cradle of the human race.

HONOR VOLTA

COMO, Italy, Oct. 15.—It is now nearly 100 years since the death of Volta, after whom the volt was named. It has been proposed to celebrate the centenary by an International Exhibition and Congress here, sometime between May and October, 1927.

There is an old saying—

has but to look at its outside to realize the fine quality of its inside. The farmers "complain" sometimes, when things go wrong. Nobody need blame them for that. It is the reflection of the high standard which they rightly think is their due. But from the dreary plains, the squalid villages, the starvation crops and the narrow lives of the Russian country people to the teeming Middle West is a revelation. One must have been in less fortunate lands to appreciate what a blessed thing this is—our America.

MOTORMAN ON CAR ALLEGED TO HAVE CAUSED 2 DEATHS BOUND TO SUPERIOR COURT

J. E. Hoover, motorman on the Pacific Electric car alleged to have caused the death of Adrian and Homer Wauson by knocking them off the railway trestle over Alamitos bay Sunday morning, October 3, was bound over to the superior court on a charge of involuntary manslaughter, after the preliminary hearing, held at Seal Beach yesterday afternoon. Bail was fixed at \$5000 and bond given for Hoover's appearance.

Justice of the Peace C. W. Warner, of Huntington Beach, presided at the hearing, he having been called in by Judge Morrison, of Seal Beach township, who stated that, knowing so many of the circumstances connected with the case, he did not feel competent to act.

Hoover was represented by Attorneys E. E. Morris, of Los Angeles, and Fred Forgy and S. W. Reinhaus, of Santa Ana. Deputy District Attorney D. G. Wetlin appeared for the people.

The defense did not offer any testimony, but, at the close of the people's evidence, Attorney Morris asked that the case be dismissed, alleging that there had been nothing to warrant a charge of involuntary manslaughter. Judge Warner decided otherwise and held the defendant for trial.

Thomas Wauson Testifies
With exception of the testimony given by Thomas Wauson, 9 years old, who was one of the three children alleged to have been knocked off the trestle by the P. E. car, the evidence practically was the same as that given at the inquest, when the coroner's jury returned a verdict that the accident might have been averted had due caution been used by the motorman.

The Wauson lad seemed to have fully recovered from effects of the accident, having been brought from the hospital to his home here last Friday.

On direct examination, he stated that he and his three brothers had gone out on the trestle to see a whale, lodged against the piling; that he had taken them across the trestle to the Long Beach side and then had returned alone and looked at the whale.

Then he went back and got his smaller brothers, started across the trestle with them to the Seal Beach side. When about in the middle of the trestle, a Mexican passed them, telling them that a car was coming, he said. Duane, one of the brothers, ran ahead, but Adrian and Homer could not walk so fast and Thomas remained with them. He said that when the car came onto the bridge he yelled and waved his arms, but the motorman was looking toward the seals and paid no attention to him. He said that he saw the car hit Adrian, who was bending down at the side of the trestle, trying to avoid being struck. He could not tell whether he himself was hit by the car or whether he jumped into the bay. After Adrian was hit he, Thomas, said that he did not remember anything more until he returned to consciousness in P. A. Stanton's home, where he was taken when rescued from the water.

H. Hart, employee in the Los Angeles Gas and Electric Power plant, stated that he saw the car hit two of the children. He was looking out a window of the power plant and eating his lunch at the time. He estimated the speed of the car at 20 miles per hour, possibly a little slower. He declared that the motorman applied the brakes when about 20 feet from the children; that the larger boy was trying to help the smaller one to the side of the track when the car hit them. Hart said that immediately after witnessing the accident he ran out of the building and aided in search for the children in the water.

C. H. Zelse, chief engineer at the power plant, heard the car come to a stop and also heard the children scream. He first saw them when they were in the water, he said. Upon cross examination, Zelse said that in going onto the trestle from the Long Beach side the car climbs an incline of about 12 feet so that the motorman cannot see anything on the bridge until his car practically is upon the bridge.

Mrs. I. O. Nunez, of Seal Beach, testified that she was the only passenger on the car. As the car came to a stop, she saw the children in the water. She estimated that, after hearing the brakes applied, the car came to a stop in about 20 feet.

Trestle in Orange County
P. A. Stanton, of Seal Beach, was questioned as to location of the trestle. He said that it was entirely in Orange county.

The defense attorney did not ask many questions on cross examination, but he did elicit a statement from Hart that soon after the accident he had stated, in the presence of witnesses, that he did not see or know anything about it. In explaining this, Hart said that he did it so as not to be involved in the case.

At his trial in the superior court Hoover, it is said, will offer testimony that the children were on a curve on the bridge, at the side of the track, when he first saw them and that one of them raised his head above the level of the track when the car was within 10 feet of him. He will attempt, it is said, to prove by witnesses that the only mark on the car was on the front step, which, he says, hit the boy's head; also that it would be practically impossible for a car to hit a child, standing on the trestle, without mangling the body.

FULLERTON OIL WORKER KILLED IN AUTO CRASH

Charles Roney, 53, of 214 East Truslow street, Fullerton, died in the Fullerton hospital early this morning from injuries received in an automobile accident late last night.

Roney was returning from work in the Brea oil fields when the accident occurred, at the intersection of Chapman and Pomona streets, in Fullerton.

A car, driven by N. M. Cheney, also of Fullerton, collided with the Roney machine. Roney was thrown clear of his car and, according to advices from the hospital, suffered a fractured skull and internal injuries, which caused his death. Frank Hatfield, a passenger in the Roney machine, was uninjured. Cheney also escaped injury.

An inquest probably will be held tomorrow. The body is in the Seal Funeral home, in Fullerton.

Roney was a member of the Fullerton Masonic lodge. He is survived by his widow, Mrs. Isabel Roney, and one son, Guy, a professor in a college near San Francisco.

FOUR SPEEDERS DRAW TERMS IN COUNTY PRISON

Four motorists were given sentences in the Orange county jail today, when they appeared in Justice Kenneth Morrison's court in answer to speeding charges.

F. Pantoja, 26, Fresno, arrested yesterday by State Officer Ernie Sawyer, and charged with reckless driving, was given a jail sentence of 15 days and ordered held in jail for immigration officers, who will investigate a passport said to have been found on the man.

Pantoja was arrested by Sawyer, after he is alleged to have tried to change drivers on a hill, it was reported.

Harold King, Alhambra dental laboratory worker, was given a five-day sentence in jail on a plea of guilty to a charge of speeding 60 miles an hour on the Irvine road, last Sunday. George Stinson made the arrest. King is to enter the jail on October 22. He gained a few days' grace in order to clear up some of his work.

Charged with speeding 48 miles an hour in a 35-mile zone, and also with failure to appear in answer to the charge, Kenneth Thornburgh, San Fernando, was fined \$100 for failure to appear and sentenced to serve five days in the county jail on the speed charge.

Thornburgh was arrested several days ago in San Fernando by State Traffic Officer James Cain. He was brought to Santa Ana, made bail for \$100, and then allowed to go until today.

Thornburgh told Judge Morrison that he did not appear in answer to the summons because his employer had advised him to "forget the ticket," and, as he was an older man, he thought his employer's advice was wise. He said he had learned better.

William Ward, Point Loma, was given a five-day sentence in jail to start October 29, on a charge of speeding 50 miles an hour on the Irvine boulevard last Sunday. He pleaded guilty to the charge.

Charged with speeding a truck, C. F. Hawkins, Artesia, was fined \$45. Others fined were: Fritz Goosens, Santa Ana, speeding in school zone, \$15; E. L. Van Martin, Los Angeles, speeding in school zone, \$20; Kendall Yorba, Placentia, speeding, \$10; R. R. Crum, Whittier, speeding, \$20; Frank Cox, Los Angeles, speeding, \$20.

FINANCIAL AFFAIRS OF PAPER IN COURT

Financial affairs of the Fullerton News, defunct newspaper, lingered today in the form of a superior court action brought by Dr. William H. Wickett, one of the stockholders, against N. A. Marsden, another stockholder.

Dr. Wickett is attempting to collect \$2263.21 from N. A. Marsden, as the latter's share of liabilities in the form of loans granted the late newspaper. Marsden is said to be the real owner of 74 shares of stock that stood in the name of Mark L. Haas, formerly manager of the News. That block represented nearly a third of the outstanding stock.

According to the complaint, the newspaper borrowed \$1000 from C. C. Chapman, Fullerton capitalist; \$3555 from Haas, \$750 from Albert Launer, Fullerton attorney, who also was a News stockholder, and \$1750 from Dr. Wickett. The other claims have been assigned to Dr. Wickett, he states. He asserts that Marsden's share of the liabilities are \$221.01 to Chapman, \$1139.67 to Haas, \$240.72 to Launer and \$561.81 to Wickett.

Attorneys Scarborough, Forgy and Reinhaus, Santa Ana, represent Dr. Wickett in the proceedings.

Police News

B. F. Kenney, Fullerton, reported the theft of his automobile from a Fullerton street last night. Santa Ana officers were notified.

Guadalupe Olivera, 20, Watts, charged with vagrancy, was arrested yesterday by Joe Irvine and Dan Adams, deputy sheriffs. He was lodged in the county jail.

R. M. McMillan, 23, and Henry Kane, 24, addresses unknown, were arrested here last night by City Officers Adams and Murray. They probably will be given hearings before Judge J. F. Talbot, in police court, today.

ALUMNI GROUP NAMES BRISCO AS PRESIDENT

Charles Brisco, of Santa Ana, instructor in the Tustin high school, last night was selected president of the Orange County Pomona College Alumni association. Miss Emma B. Hield, of Tustin, also a teacher in the Tustin high school, was named vice president.

Ralph Ralitt, of Santa Ana, was elected secretary-treasurer. The election was held in Ketter's cafe, where members of the Pomona alumni were celebrating the thirtieth anniversary of the founding of the college.

Coach Eugene Nixon, of Pomona college, was the speaker of the evening. Nixon addressed the former students on the subject of athletics. He stated that small colleges, especially in the west, were giving individual attention to almost every person in school, in physical training, and pointed out that last year Pomona boasted of 13 baseball teams and 16 basketball teams. The athletic policy of the small schools is changing and the small colleges are getting out of the habit of competing with big universities and now are arranging games among themselves, he said.

Duncan Osborne, president of the senior men's organization in Pomona college, also made a short address. W. H. Spurgeon, of Santa Ana, acted as toastmaster. Brisco, newly-elected president of the organization, was in charge of the "flame ceremony," an impressive rite, which consisted of reading messages from the president and founder of the college. All lights were put out during the ceremony, with the exception of a few candles.

Miss Georgia Bell Walton, popular violinist, played several solo numbers and also played duet numbers with Miss Helen McPeak, who was in charge of the musical program. The two violinists were accompanied at the piano by Miss Mary Bruner.

ANNOUNCEMENTS

Arts and Craft section of Ebell will meet next Monday afternoon in the section room of Ebell clubhouse, at 2 o'clock, for the usual interesting program.

Book Review section of Ebell society will meet Tuesday, October 19 at 2 p. m. with Mrs. Howard M. Nealley. Co-hostesses will be Miss Minnie Childs and Mrs. C. M. Rowland.

Second Travel section of Ebell will meet with Mrs. Mit Phillips, 1506 North Main street, Monday, Oct. 18 for a 12:30 o'clock luncheon. Members who are unable to be present are requested to telephone Mrs. Phillips at 12053 by Saturday evening.

The first meeting of the Lincoln P. T. A. will be held October 21 at 8 o'clock, making it a Father's night, with a short business meeting, followed by a talk by Mrs. E. L. Morris, using as her subject, "Big Business, or Parents and Teachers as Partners." Reports from the standing committees will be given.

A special feature number will be presented by "Maggie and Emmy" the parts being taken by two girls from the school. The remainder of the evening will be spent in a social way. Mrs. Floyd Knight, vice president, having charge of the entertainment.

United Brethren Aid society will present a "state social" tonight in the social rooms of the church where an entertaining program will be presented under the direction of Mrs. Arthur Hervey, chairman. Arriving guests will register their names and home states at the door with Mrs. Harry Colby, Mrs. O. N. Harrison, Mrs. John Noble and Mrs. L. Harter and later in the evening will be assigned to their proper groups. A program of music and readings will be interspersed with state songs. Mesdames C. E. Clark, Tom Lacy, Clark Dennis and the members of the G. G. G. class will have charge of the decorative and Mrs. J. H. Deacon and the adult Bible class will have charge of refreshments which will be served by Miss Elise Harter and a group of high school girls.

Court Notes

Sues For \$2050

J. B. Kintz, represented by Attorney R. E. Haynes, of Fullerton, has brought suit in superior court against Peter Crist for \$2050. That sum, he alleges, is a balance due on the purchase price of a cafe business and fixtures. The agreed price

was said to be \$4000, of which Crist paid \$1950, according to Kintz.

Left \$4650 Estate

Mrs. Judith L. Payne, of Orange, has filed a petition in superior court for letters of administration over the estate left by her husband, the late Attorney Clyde A. Payne, who committed suicide in Long Beach September 20. The estate is valued at \$4650. It includes his law library and office fixtures, notes,

accounts, cash and personal property. The legal heirs, besides the widow, are his mother, Mrs. Martha Shook, and a half-sister, Kathryn Shook, of Ashland, Ore.

Lumber Company Sues

The San Pedro Lumber company has filed suit in superior court against Luciano Restrepo and Ellen Drew Restrepo, together with other defendants, to foreclose a mechanic's lien of \$626.42 against

property near Yorba Linda. The lien was incurred in connection with the construction of sidewalks, curbs, a garage and reservoir. It is said. Attorneys Allen and Lyon represent the plaintiff.

House Mover Sues

O. V. Dart, Santa Ana house mover, demands judgment for \$150 in a suit filed against W. H. Whitemore, the Winters club and the Cryeta Rox Spring company in

superior court. Dart claims he was not paid for moving a building on to the club grounds and park. Harry C. Westover is attorney for Dart.

Seek \$414.55 Judgment

The firm of Hotz and Langley have brought suit in superior court against Miles H. Von Schriltz, asking judgment for \$414.55, alleged to be due on a note. Attorneys Clyde C. Downing and B. Z. McKinney are counsel for the plaintiffs.

Young Mining Engineer Wins Lovely Bride In Santa Ana

YELLOW and white chrysanthemums with quantities of gold-dendro made a beautiful setting for a home wedding Tuesday night when Miss Ida Helen Griset became the bride of J. Hamilton Ashley, son of Mr. and Mrs. J. M. Ashley of Oakland, at the home of her parents, Mr. and Mrs. J. D. Griset, 1444 South Main street.

Preceding the appointed hour of 8 o'clock, a trio composed of Alan Revill, piano, Edward Burns, cello and Jack Langley, violin, gave a program of nuptial music, concluding with Mendelssohn's Wedding March as the processional to which the bride party entered the room, to take position beneath a great arch of ferns and yellow blossoms.

Wedding Party
The Rev. William E. Roberts took his place first, and awaited the bride party led by Master John Griset, small brother of the bride, bearing the wedding ring upon a white satin pillow. Mr. Ashley was accompanied by his brother, Arlo M. Sperry of Gold Hill, Nev., as best man, and following them was Miss Ruth Langley, Miss Griset's honor maid. Miss Langley was charming in a bouffant frock of yellow georgette and carried lavender sweet peas and maidenhair fern.

Miss Griset entered on the arm of her father who later gave her in marriage. She was very lovely in white satin in period style, with a full veil in faint blush tint falling from a coronet of orange blossoms, in a long court train. Single orange blossoms were scattered over the tulle train, and she carried a shower bouquet of white sweet peas, yellow rosebuds and maidenhair.

Following the impressive marriage service, the guests offered their congratulations, Mr. and Mrs. Griset joining the receiving line. Mrs. Griset groomed in a smart georgette frock in saunter shades. Refreshments were then served in the dining-room, where the bride made a charming ceremony of cutting the wedding cake which was served with other varieties of cake and ice cream molds containing yellow hearts.

Before leaving to prepare for her departure, the young Mrs. Ashley tossed her bouquet into the circle of younger guests where it was secured by Miss Florence Osgood of Los Angeles, her sorority sister. Departing later with her young husband for the honeymoon trip, Mrs. Ashley wore a becoming frock of jungle green chiffon velvet with hat in the same shade and brown shoes and hose. Following the Southern California honeymoon the young people will go to Nacozari, Mex., where Mr. Ashley holds a responsible position as a mining engineer.

Those asked to the ceremony included only the relatives of the young couple and a group of the bride's sorority sisters. There were nearly a hundred guests in all, those from out of the city being Mr. and Mrs. J. M. Ashley of Oakland, parents of the groom; Mr. and Mrs. Harry N. Cooper of Berkeley; Arlo M. Sperry of Gold Hill, Nev.; Mr. and Mrs. T. D. Willingham, Mrs. Nellie M. Stange, Miss Annabelle Stange, Mr. and Mrs. J. Baumeister, Mrs. Angie Adams, Mr. and Mrs. Jack Heinemann, Mrs. Nellie McClennen, Miss Jean McClennen, the Rev. and Mrs. Roberts, Los Angeles; and the sorority sisters, Miss Helen Martin, Santa Monica; Miss Betty Brush, Los Angeles; Miss Ruth Emerson, Miss Grace Hester, Miss Ruth Sterret, Miss Harriet Sterret, Miss Marlon Quigley, Miss Evelyn Christman, Miss Henrietta Chase, Los Angeles; Miss Hazel Rudbach, San Pedro; Miss Esther Hodge, Long Beach; Miss Ruth Stack, Pasadena; Mrs. Olefa Martin, Miss Ruth Langley and Velma Miller, Santa Ana.

Wedding Anniversary Is Celebrated at Hermosa Circle

MRS. E. G. BRUNS, president of Hermosa circle, the social club of Hermosa chapter, O. E. S., was decidedly surprised yesterday afternoon to find herself the guest of honor at a pleasant meeting of circle members at the Dr. James E. Paul home.

It was the usual afternoon of bridge and needlework, preceded by the brief but necessary business session presided over by Mrs. Bruns. As she brought the interval to a close, Mrs. Mark Lacy, worthy matron of Hermosa chapter, asked for a minute's time.

This was accorded her by the president, who was completely surprised when Mrs. Lacy gave a gracious little talk of appreciation of all that Mrs. Bruns had meant to the chapter and its social circle and ended by presenting a great cluster of carnations and baby's breath, her personal expression of appreciation, and a recognition of the fact that the day celebrated Mrs. Bruns' fortieth wedding anniversary.

Before Mrs. Bruns could tell her pleasure in the gift, and her surprise at the fact that Mrs. Lacy remembered the significance of the date, the latter continued with her talk, and voiced the chapter's appreciation and interest by presenting her a handsome picture. Mrs. Bruns rallied her forces enough to express her happiness in the friendship of the chapter and its matron, after which the usual entertainment of bridge and needlework began.

The hostess group consisted of Mrs. Paul, Mrs. Roscoe Wilson, Mrs. Herman Zabel and Mrs. David Wolfson. Mrs. Z. B. West Jr. was also a hostess, but was unable to be present because of the regretted illness of Judge Z. B. West Sr.

The group carried out the Halloween idea in all details of the afternoon, using appropriate symbols and colors on the card tables when they were arranged for refreshments at the close of the afternoon. Homemade pumpkin pie with whipped cream was served with amber coffee. Wrapped in Halloween yellow and tied with black ribbons were the pretty yellow glass flower bowls awarded as prizes to Mrs. Haas of the bridge group, and Mrs. Asa Vandermast of the needleworkers.

There were nearly fifty Hermosa folk present, half of them choosing to play bridge and the remainder devoting their time to fancywork and chat.

Mrs. Bruns who was guest of honor because of her wedding anniversary, completed the day by a pleasant family gathering at which she and Mr. Bruns were hosts last night at their home, 1209 Spurgeon street. Their three sons and one daughter with the daughters-in-law and son-in-law and grandchildren all gathered for the happy event, and brought gifts for their parents in celebration of the wedding anniversary. The group consisted of Mr. and Mrs. Edward Bruns and Mr. and Mrs. L. A. Bruns, Mr. and Mrs. Plummer Bruns and Mr. and Mrs. Richard Cribaro of this city, and their respective families of youngsters.

Little Daughter Born To the Joe Irvines

Congratulations were today being extended to Mr. and Mrs. Joe Irvine upon the birth of a little daughter, yesterday, October 14, in Santa Ana Valley hospital. Little Miss Irvine weighed seven pounds and is a very healthy happy specimen of babyhood. Her daddy is assistant county jailer. Her mother is prominent in musical circles of the county and is active in Ebelle society, especially the garden section which on Wednesday presented its annual flower show. Mrs. Good Adams, leader of the section, and her members were regretful that the little lady didn't make the date of her arrival coincide with that of the annual exhibit of flowers, but feel that she is the section baby, even though a day late for the exhibit.

Rotarians Dine With Their President

Plans for programs and service work for the next six months were considered by the directors and committee chairmen of the Rotary club of Santa Ana last night at the home of the club president, Fred C. Rowland, on McClay street.

The men were guests at an excellent dinner, which was served by Mrs. Rowland, assisted by her little daughter, Barbara, and Mrs. William McKay.

Present were the seven directors, F. C. Rowland, R. A. Mosher, Byron Crawford, William Deimling, Robert Brown, Charles F. Mitchell and T. E. Stephenson; secretary, William McKay; song leader, Elmer E. Heldt; committee chairman, Dr. M. Patton, Chapman, W. C. Jerome, E. S. Morrow, C. V. Davis, Mac O. Robbins and Marshall Keeler.

LEONTINE

Colorful Decorations Used at Halloween Bridge Luncheon

Halloween setting yesterday afternoon in the C. H. Chapman home at 102 Bush street for Mrs. Chapman used the witch symbols for decorating her home in readiness to entertain at an Ebelle vanishing luncheon.

Fluffy golden chrysanthemums were the autumn flowers used in baskets and vases, while each small luncheon table was centered with a witch's cauldron filled with mints. Four witches guarded the black and yellow nut cups at each place and rode triumphantly on the place cards that later served as bridge tables. A delectable luncheon menu was served in four courses.

Mrs. Chapman was assisted in greeting her guests and in all hostess responsibilities of the afternoon by her daughters, Mrs. F. A. Dane and Miss Elva Chapman. At the close of the luncheon, the lovely linens were removed, disclosing card table covers with markers all in readiness for the bridge session in which the guests participated.

Mrs. Thomas E. Tournat held high score and was rewarded with a pair of exquisite hand-painted handkerchiefs. Mrs. G. W. Duncan, scoring second high, received an immense burner.

Mrs. Chapman's guests included Mesdames Edward M. Nealley, Leonard G. Swales, W. B. Barker, G. W. Duncan, Thomas Tournat, Fredrick T. Martin, A. N. Crain, R. M. Wolven, F. S. Chapman, E. M. Chapman of Orange, N. A. Beals, F. A. Dane and Miss Elva Chapman.

Dinner Dance Dates At Parkridge

Santa Ana members of the Parkridge Country club, are anticipating a happy event tomorrow night at the charming clubhouse in the hills near Corona, where an informal dinner dance will be staged.

Dinner will be served from 6:30 o'clock on, and dancing will begin at 8 o'clock, with music furnished by Leroy Parry's 7-piece orchestra, the famous KJH orchestra of Los Angeles. Dancing will be in the spacious down-stairs lounge, the ballroom on the second floor being used only for the smaller affairs.

The latter room, however, is a favorite place for card players and will be the setting for the weekly bridge party tomorrow afternoon for feminine members. Luncheon will be served at noon following at 2 o'clock. Each member is privileged to entertain three non-members at the weekly event, at the same price for luncheon as is asked from the members. The card prizes each afternoon are the gift of the management.

The Saturday bridge luncheons will continue throughout the winter. Dancing too will be at regular dates, continuing on alternate Saturday nights all winter.

Santa Ana Dancer Now in Vaudeville

The many friends of Paulo Gonzales and admirers of his dancing, will be interested to learn that he, with his dancing and singing partner, Paquita and Chiquita, both well known here, have signed a contract with Pantages and are now playing the Pantages circuit. This week, they are appearing at Long Beach where they are meeting with gratifying appreciation.

Reviews are crediting them with offering the best Spanish act seen in this part of California for some time. The stage setting carried by the dancers, is a most elaborate and beautiful one, and the costumes are equally handsome. Friends of the talented young Santa Anan are hoping that his act will be billed by one of the local theaters in the near future.

Auto Crash Victim To Leave Hospital

J. W. Howard, Route 1, Huntington Beach, who was severely hurt Tuesday night, when the automobile in which he was riding collided with a machine driven by Roy Mathews, 410 East Fifty-ninth street, Long Beach, at the intersection of the Talbert road and Westminster boulevard, will be removed to his home tonight.

It was feared that he was suffering from internal injuries when he was taken to the hospital, but his condition today was reported as greatly improved.

No arrests were made in the case.

Host Is Surprised by Friendly Group on His Birthday

LITTLE suspecting that there were plans afoot to hold a birthday party in his honor, L. H. Hutchens of 723 South Parton street, accompanied his wife on a friendly visit to the home of Mr. and Mrs. R. L. Spauld, Wednesday evening, with the intention of enjoying a game of cards.

Upon their arrival, Mrs. Spauld expressed regret that they had not brought a card table with them, so they obligingly returned home for one. In the meantime, their friends had assembled and had occupied the brief interval with placing clever Halloween decorations, which greeted the entry of the surprised young host.

After Mr. Hutchens recovered his presence of mind, and greeted his guests, the evening was devoted to 500. Attractive prizes awarded Mr. and Mrs. Spauld, each scoring high, were a deck of playing cards to the former and an embroidered silk handkerchief to the latter. Mrs. L. R. Simmons received a tiny bottle of perfume for consolation while men's consolation gift of a small deck of cards went to G. D. Schultz.

Late in the evening, Mrs. Hutchens substituted embroidered linen luncheon cloths for the card table covers and with the assistance of Mrs. Simmons, served an appetizing two-course supper, including a birthday cake with 23 candles.

Mr. Hutchens was presented with a number of attractive gifts including a fine smoking set from his wife.

Those enjoying the pleasant evening with the hosts were Mr. and Mrs. L. R. Simmons, Mr. and Mrs. R. T. Dixon, Mr. and Mrs. V. L. Motry, Mr. and Mrs. R. L. Spauld and Mr. and Mrs. G. F. Schultz.

All in Readiness For Ebelle Dance

The hostess group which will entertain tonight with a dancing party at Ebelle clubhouse, was at the club bright and early this morning arranging the colorful Halloween decorations that will make the big assembly room a delightful spot in which to dance tonight.

Mrs. Robert G. Tuthill, chairman of the committee, and her aides were also decking the lounge in equally gay flowers as a setting for bridge tables for those who prefer cards to dancing. The hostesses have extended personal invitation to such friends as they have met since the dance was first planned, but announced today that those who wish to attend and who have not yet purchased tickets, may obtain them at the door any time after 8 o'clock this evening. The dance is open to all who wish to enjoy a friendly evening and add their dollars to the Ebelle society treasury.

Chapman's orchestra has been secured and its manager, Fred Chapman, has promised a full program of all the late numbers. The hostess committee is composed of Mrs. Robert G. Tuthill, Mrs. Joseph Warner, Mrs. A. G. Flag, Mrs. B. J. MacMullen, Mrs. Archie V. Herr, Mrs. W. D. Ranney, Mrs. Otto Haan, Mrs. J. Riley Huber, Miss Jimmie Flag, Mrs. Alvin Nowotny, Mrs. Clyde Walker.

PLANS FOR ENTERTAINMENT OF ARMISTICE DAY VISITORS DISCUSSED BY LEGIONNAIRES

More than 100 members of Santa Ana post, No. 131, American Legion, attended the regular meeting of the post last night, at a dinner, served by the Legion auxiliary, and discussed plans for the entertainment of thousands of visitors, expected in Santa Ana on November 11, when Santa Ana post will act as host at the Orange county Armistice day celebration.

The meeting last night, was for discussion of plans for Armistice day and many features of the program heretofore held back from the members, were revealed.

To Represent Various Wars

A feature of the parade, which will be 26 blocks long, will be marching units of "five small armies," representing the various wars in which the United States has participated from the time the British yoke was thrown off in 1776.

George Washington, Paul Revere, three minute-men and four continental guards will remind the crowds of the Revolutionary war. Raymond Marsile will be George Washington and Robert Collins will be Paul Revere. The three minute-men in the parade will be Harold Smith, Orville Heaton and William Wieland. The continental guards will be Grover Fultz, Walter Sorensen, Bernard Snee and Max Holmes.

Four men dressed as soldiers of the War of 1812 will follow the Revolutionary soldiers. They will be Earl Fleiter, H. D. Bomboy, Ernie Winbiger and H. M. Sequist.

Next will follow the "veterans" of the Mexican war, 1846. They will be W. H. McCarty, J. G. Bailey, F. M. Price and Horace Snow.

Next in line will come the veterans of the Civil war, both in the blue and the gray uniforms. Legionnaires in Civil war uniforms will be Louis King, Frank Jayne, Albert Brunning and Kelly Yount.

Spanish War Veterans

Following the group of Civil war characters will be the Spanish War veterans. This presentation is to be made by actual veterans of the Spanish-American war, who will appear, eight in number, in the same uniforms they wore in the war and with a mule battery, similar to those used in the campaign. Calumpit camp of Spanish War veterans will furnish men for this unit.

Bringing up the rear of the "armies" will be veterans of the World war. J. V. Connett will represent the army, James Board and E. R. Christensen will represent the navy and F. W. Howard will march as a marine.

Uniforms for the various soldiers will be furnished by the American Legion and the spectacle is expected to be one of the most interesting in the parade.

J. W. Markel, post commander, announced last night that contracts had been let for the decoration of the entire city for the Armistice day celebration and revealed that a handsome loving cup would be offered for the best decorated store in Santa Ana.

School Band to Play

Another feature of the parade will be a band from the John Muir school, it was announced. The band members will ride on a decorated truck. No member of the band is over five years of age, it was said.

Gene Douglas, general manager of the celebration, announced that a band concert would be held in Birch park on the afternoon of the holiday, and two star navy football teams will clash in a championship game on the high school gridiron and that dances would be held in the American Legion and Knights of Columbus halls on the evening of November 11.

Prof. J. Jones, Garden Grove, former Canadian soldier, furnished the entertainment last night with several whistling and vocal solos.

School Notes From Garden Grove

By HILDA MARK
GARDEN GROVE UNION HIGH SCHOOL, Oct. 12.—Rings for the seniors this year are different than they have been in the preceding years, and the seniors are very proudly displaying them to all the lower classmen this week. There are pins also to match the rings, which some of the seniors are wearing.

The dramatics class for this year is progressing very rapidly as it has already started on several plays. The plays which they are now practicing on are: "The Trysting Place," "The Obstinate Family," and "No Men Wanted."

A and B football squads have received their new jerseys and stockings. The class A jerseys are royal blue with a white block number on the back. The class B jerseys are royal blue with seven white stripes on each sleeve.

Girls interclass volleyball games are well under way. The juniors and freshmen play Wednesday and the juniors meet the sophomores Monday night.

Miss Greenleaf, who was the art teacher last year is now teaching art in Tustin. Mrs. J. Orland Smith, who taught music for four years in Garden Grove high, has been traveling. When last heard of she was in Canada. She is expected to return in October or November.

The journalism class is smaller this year than it was last year. The first issue of the school paper was published last week. The paper is called "The High Life." Members of the journalism class are: Ruth Andres, Bessie Gardner, Myra Bragg, Grace Jiles, Elizabeth Lehnhart, Hilda Mark, Art Louis, Albert Messerall, Sam Sasahara, Tadashi Nishimori, and Miles Privett.

Misouri and Tulane universities have now played two football games and in each case the result has been a tie. Last year the score was 6 to 6, while this season neither team could score a point.

The statute nautical knot, usually considered as standard, is 6082.66 feet.

SOLUTION SEEN IN PROBLEM OF COTTON PRICE

WASHINGTON, Oct. 15 — "A satisfactory solution of the surplus cotton problem is certain to be reached; meantime America must not lose its confidence in cotton," Secretary of Agriculture Jardine told the United Press today, in an exclusive interview.

"Cotton is one of the most important if not the greatest crop in the country," Jardine said. "It is now selling too low, but it will strengthen."

"What is needed is orderly marketing of the crop. Cotton should be put on the market only as fast as consumption demands it."

"The product is still in the hands of the farmers and we want to arrange the handling, movement and storage for growers so they will suffer no great loss from low prices."

Must Solve Problem Promptly
Jardine said it is imperative the cotton problem be solved promptly, as it might influence the prosperity of the country.

"Cotton at its present price has already reduced the buying power of the south by millions of dollars. This factor reflects on the entire country," he said.

Secretary of State Hoover also expressed belief that the south would be able to solve its cotton problem.

"The way the southern people are striving to find a solution is indicative of the spirit of the new south," Hoover said. "The way they are organizing shows they are determined to improve conditions. They are going to show the rest of the country that their problem can be solved and solved at home."

Jardine declared that, after the surplus is disposed of this time, excess crops should be avoided by better balanced planting.

Will Increase Demand
The present low price of cotton, he believes, will result in wider use of this commodity than ever before.

The general public, however, cannot aid the situation now by wearing cotton garments, he said, as cotton clothing now on sale is produced from previous crops.

Eugene Meyer, chairman of the president's cotton committee, shares Jardine's optimistic views, while Secretary of the Treasury Mellon also predicts a speedy solution of the economic crisis.

The administration is understood to have given Meyer full authority to utilize every governmental agency to aid in the solution. Meyer, with A. C. Williams, federal farm loan commissioner, has arranged for credit resources to tide growers over until prices rise.

Money Advanced Growers
Intermediate credit banks have already advanced cotton growers \$33,500,000 on warehouse receipts and promise to advance more millions.

Country banks have been urged to assist and to utilize the facilities of the intermediate institutions to aid in the orderly marketing program. The credit banks also have authority to rediscount, for eligible banks and agriculture credit corporations, farmers' notes secured by cotton, having a maturity of not less than six months at the time of rediscount.

Meantime, a survey of the cotton committee on how much cotton can be absorbed by foreign nations is under way.

GRANDPA'S MARCH

That's probably what Lt. Com. John Philip Sousa, famous bandmaster and "march king," is humming to Jane Priscilla Abert, his youngest grandchild, at Port Washington, L. I. You know, it goes, "Rock-a-bye, baby—On a tree-top—!"

HAS \$25,000 JOB

Frank Farrington, president of the Illinois district mine workers' union, admits that he is now in the employ of the Peabody Coal company, of Chicago at a salary of \$25,000 a year. John L. Lewis, president of the United Mine Workers, is taking steps to oust Farrington from the Illinois mine union presidency.

SUFFERED FOR YEARS FROM CONSTIPATION

Kellogg's ALL-BRAN brought relief in three weeks

That constipation need not strike fear upon your heart is proved by this letter from Mr. Thomas Henleiger:

"I wish to write and tell you how much I prize your Kellogg's ALL-BRAN. For twenty-five years I sought relief from constipation without success. But now I have been using your ALL-BRAN for three weeks and I can truthfully say that I am entirely cured and feel like a new man."

Thomas Henleiger, West Point, Mississippi. Cleanse your system of constipation's devastating poisons by Kellogg's ALL-BRAN, a health food that sweeps your intestines clean, stimulating normal, healthy action. Eat two tablespoonfuls daily—in chronic cases, with every meal. If eaten regularly, Kellogg's ALL-BRAN is guaranteed to bring permanent relief or your grocer will return the purchase price. Remember it is 100% bran! Try recipes given on every package. Kellogg's ALL-BRAN is made by Kellogg in Battle Creek, Michigan. Sold by all grocers. Served in leading hotels and restaurants.

SHORTRIDGE TO MAKE ADDRESS IN SANTA ANA

U. S. Senator Samuel Shortridge and Buron Fitts, candidate for Lieutenant governor on the Republican ticket, will speak from the Temple theater platform Friday night of next week. There is a possibility that C. C. Young, Republican candidate for governor, also will speak from the same platform.

This was the information conveyed to the members of the County Republican Central committee and the Young Men's Republican Club of Orange County, who held a joint meeting, last night, in Fullerton.

Shortridge and Fitts also will speak at a noon meeting, in Anaheim, next Friday. The place of meeting will be decided upon some time today.

The Central committee recommended that Miss Mabel Head be reappointed postmaster in Garden Grove, following a recommendation from William A. Mendenhall, committeeman from that supervisorial district.

The federal reapportionment bill, better known as the farm bureau reapportionment measure was given the endorsement of the central committee and it recommended it to the voters of the county for their support. The measure will be amendment No. 28 on the ballot.

VETERANS OF BLUE AND GRAY TO MEET

"No more shall the war clouds sever"

sang the poet after the first Memorial day, at which flowers were placed on all graves of Civil war dead, regardless of whether they wore the blue or the gray.

That the rancor buried then was buried forever, is proven at each gathering of the veterans, such as the one scheduled for next Monday, October 18, in Long Beach, when the Blue and the Gray will hold a joint all-day meeting in the auditorium on the pier.

George Huntington, of Long Beach, former Santa Ana and prominent in all A. B. activities, is president of the Blue and Gray society, which sponsors the occasional meetings. This organization, as its name indicates, is composed of Civil war veterans who fought among Confederate forces as well as those who fought with the Federals.

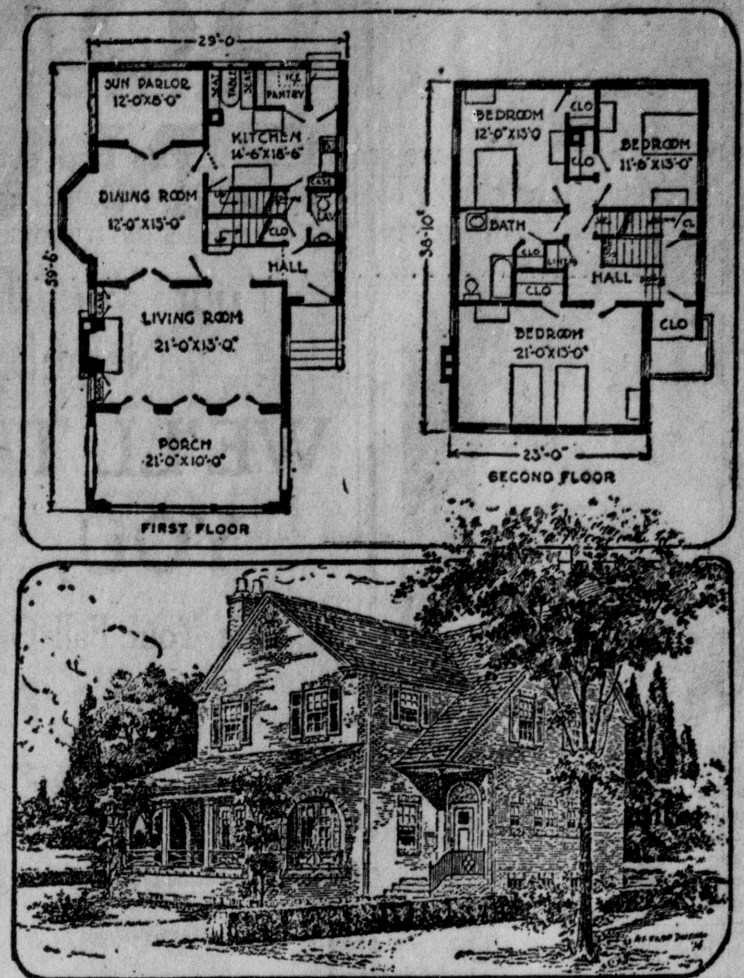

President Huntington sent announcement of the meeting to Santa Ana veterans, many of whom plan to attend. Judge E. T. Langley, of the G. A. R., today called attention again to the meeting date, stating that some confusion existed in the minds of the veterans, some of whom believed it to be on Saturday. He wished this mistake to be corrected, that both Blue and Gray might meet on the pier Monday for the all-day session.

LAUGH AT DUCE
PARIS, Oct. 15.—Mussolini's attempt to force a national dress on Italian women has given dressmakers a good laugh. Poinet declares that Mussolini's designs show a greater regard for Roman history than for modern conditions. He asked a reporter to try to imagine a woman, garbed in the draperies of ancient Rome, getting into a subway.

A great angling record is possessed by Robert Butler, a veteran sportsman of Perth, Scotland, who (now in his 80th year) has caught 13,000 trout with his rod, besides a thousand or more fish of other varieties.

Exclusive Crosley, Gerwing's.

OPEN, ENCLOSED PORCHES FEATURES OF THIS HOME

STRUTS HIS STUFF

Many houses of today have only glazed sun porches, while the old ones had only open porches. This design has both an open one for shade on hot summer days, and a shade one for warmth and cheerfulness during the winter. The open porch on the front of the house is an especially attractive feature of this design.

This has been designed for a small inside city lot, yet thought has been expended on the appearance of the sides so that in exposed locations they may present a good effect from all quarters. Flemish or Garden Wall Bond will give a delightful finishing touch to the brickwork.

A study of the floor plans will at once reveal the fact that nothing has been omitted to make a modern home. The main rooms are large, the living room opening on one side to a screened porch, while a sun parlor opens from the dining room to which space is added by a good bay, useful for flowers and the like.

The kitchen is well lighted and ventilated, with the windows over the sink on one side and the built-in breakfast nook on the other. The refrigerator is placed in the pantry and iceed from outside. There is a connection from the kitchen to the front hall passing the lavatory, coat closet, and basement stairs, and giving convenient access to the front door.

On the second floor are three large bedrooms, all well lighted and ventilated, an ample bathroom, and numerous closets. Stairways to the attic and to the kitchen are very desirable features.

The basement contains laundry drying space, vegetable cellar and a garbage incinerator. There is an outside entrance to the basement.

The ceiling heights are eight feet six inches, and the content is 36,000 cubic feet.

With a driveway on one side as shown, 45 to 50 feet would be the minimum lot. The first floor is well above the ground, giving good basement light.

Sport Items of Interest

The first football club in the United States was organized in Boston in 1862.

A game between Harvard and McGill universities at Boston, May 15, 1874, is believed to have been the first Rugby football ever played in the United States.

The first real football championship among American colleges was won by Yale just fifty years ago, when the Elis scored gridiron victories over Harvard, Princeton and Columbia.

John L. Sullivan, who later was to become the king-pin among the world's pugilists, was an enthusiastic football player during a term spent as a student at Boston college.

Dwight F. Davis Jr., son of the U. S. secretary of war and donor of the famous Davis cup in tennis, is one of the promising candidates for the freshman baseball team at Harvard this year.

STATE EXECUTIVE BOARD OF PARENT-TEACHERS ON RECORD AS FAVORING BIBLE MEASURE

Members of the executive board of the California Congress of Parents and Teachers, meeting Tuesday and Wednesday of this week in Fresno, went on record as favoring initiative measure No. 17, providing for the reading of the Bible in California's public schools, according to word received from Mrs. J. Edmund Snow, 407 West First street, past president of the fourth (Orange county) district organization, who attended the conference.

In the discussion that preceded the indorsement of the Bible measure, it was pointed out that the initiative authorizes purchase, with public funds, of copies of the Bible for every school and makes compulsory its presence in every school library and classroom. It permits the daily reading therefrom, without comment, and permits pupils, whose parents and guardians object to its reading, to absent themselves during the reading.

Approve Welfare Measure
The P.-T. A. workers also registered their approval of the proposed veteran's welfare act, listed on as No. 1 on the ballot. It was explained that this measure is not a bond issue in the sense that it appropriates money from the state treasury. It merely loans the sum of \$20,000,000 to the state's war veterans for buying homes and farms and, as the money must be paid back at low interest rates to the state, it will not cost a cent in additional taxes. The loans are amply protected by the fact that the state holds title to the property until it is fully paid for.

Unqualified opposition to the repeal of the state prohibition law, better known to the general public as the Wright act, was voiced by the Parent-Teacher executives, according to the Santa Ana member.

Doesn't Deal With Issue
It was brought out that the Wright act in itself does not deal with the issue of wet or dry. It prohibits nothing, it permits nothing. It merely puts on the existing agencies of the state and its political subdivisions the duty of assisting the federal government in enforcing, in California, the eighteenth amendment and the Volstead act.

The repeal of the Wright act, at the coming November elections, would be tantamount to a repudiation of the national law governing the liquor traffic, it was pointed out.

Opposition also was registered to amendment No. 6, which would legalize race track gambling.

The advices state that the entire day of Tuesday, the first of the two-day conference, was given over to transaction of business matters. The second day, Wednesday, was devoted to institute.

You And Friends

Please Phone or Mail Items

Mrs. Myrtle Galusha, who has been a house guest of Mrs. Emma H. Bishop of 811 North Broadway, has returned to her home in Portland, Ore.

Mrs. Rosa K. Koster, wife of Herman G. Koster, former residents of Santa Ana, died at her home in Upland last Monday.

Among Santa Anans in attendance at the Masonic Grand lodge in session this week in San Francisco are Dr. C. V. Doty, C. H. McCausland, Owen Murray, J. C. Sutherland, Dr. L. L. Whitson and E. B. Trago, district inspector.

Mrs. David Wettlin, wife of deputy district attorney Wettlin, is rapidly recovering from injuries sustained in a recent automobile accident.

Mr. and Mrs. N. E. Mayhill of 1114 South Broadway returned yesterday from a six weeks' vacation trip to Indiana, where they enjoyed renewing acquaintance with old friends and many relatives in the cities of Logansport, Flora and Delphi, the latter having been their home for many years. The Santa Anans were the recipients of many social gatherings during their stay. Mr. and Mrs. Mayhill were accompanied to California by Mrs. Mayhill's parents, Mr. and Mrs. Marshall De Mars of Delphi, who will make their future home with them.

J. C. Devine has returned from Pladjos, Sumatra, where he has been in the employ of the Shell Oil company for the past year. Mr. Devine states that matters have improved greatly on the island, but he is delighted to be in Santa Ana again.

The Rev. W. H. McPeak, pastor of the United Presbyterian church, W. Bruce Gibson and C. G. Ramsey are expected home today from Fowler, where they have been attending the Presbytery and Synod of California.

Mrs. Elma Leonard of 2215 North Broadway is enjoying a few days' pleasant visit with her old friends, Mrs. Minnie Thornton and her daughter, Miss Genevieve Thornton, who have come from Rochester, Minn. to spend the winter in Los Angeles.

Mrs. Ben H. Baker has returned to her home at 904 West Fifth street after successfully passing through an operation at the Santa Ana Valley hospital.

Mr. and Mrs. O. K. Forgy of 204 So. Sycamore and Mr. and Mrs. W. Lloyd Grubb of 119 Edgewood road are spending this week at South Fork in the San Bernardino mountains.

S. J. Jackman, of 202 South Broadway, has ordered his Register mailed to him at Long Beach.

Mrs. Florence Shaul of Los Angeles, who has been a guest for a week of her old friends, Mr. and Mrs. Maurice A. Yarnell at 502

FRAUD IN LAND SALE CHARGED BY PURCHASER

Charging fraud in connection with the purchase of property located between Fullerton and Buena Park, Charles E. Evans today had filed suit in superior court against Frank O. Evans, asking judgment for \$3800.

Charles Evans alleges that when he bought the property from Frank Evans, the latter offered to sell at a reduced price of \$600, if the plaintiff would pay cash immediately, without waiting for a certificate of title to be furnished. The certificate was promised later.

The certificate never was furnished, it is alleged, and could not be furnished because there was a trust deed against the property. The plaintiff did not discover this until he had built a house, and laid sidewalks, at an expense of \$3200. Frank Evans then refused to return the money received for the property, it is alleged.

Attorney William L. Waters, Fullerton, represents the plaintiff.

61 PUPILS ARE IN HIGH SCHOOL HONOR SOCIETY

Sixty-one students achieved membership in the honor society at the Santa Ana polytechnic high school for the first quarter of the year, according to the list issued by Miss Maud Whitting, registrar of honor students.

The membership for this quarter is on the scholarship records of the last quarter of last year.

Miss Opal Dodd made a record for high grades that surpasses all previous attainments of honor society students. She received 19 points, although ten points is sufficient to be awarded honor society membership. In six subjects she received a grade of one and she was credited with perfect citizenship rating.

David Roberts President
The honor society elected David Roberts president at a recent meeting. Other officers are Edgund Guard, vice president; Janet Wilson, secretary-treasurer, and Eleanor Crookshank, reporter.

Special privileges are allowed honor students. They are excused from study halls and the officers, consulting with Miss Levenia Scott, activity advisor, arrange several school affairs, during the year, for the honor society.

Of the 61 students in the society, 16 have won permanent honor society membership by maintaining a high scholarship throughout their high school years. These students are entitled to wear the pin of the California Scholarship federation, of which the Santa Ana high school is a chapter.

Members of Society
The students in the honor society are Ford Abaduskas, Ruth Allender, Pablo Avilo, Gayle Baldwin, Josephine Ball, Willena Bell, Mary Blakeman, Julius Borden, Virginia Brannon, Janet Briggs, Ethyl Brock, Arthur Brooks, Alberta Broomell, Delmer Brown.

Mary Bruner, Fred Burlew, Luella Chapman, Louise Comito, Hazel Crawford, Eleanor Crookshank, Hazel Cubbon, Opal Dodd, Helen Drake, Dorothy Dungan, Dorothy Easten, Mary Fine, Eugenia Gilbert.

Margaret Glenn, Thelma Glasscock, Edith Grebe, Wallace Grebe, Edmond Guard, Fred Humiston, Homer Humphrey, Lucille Lowell, Elizabeth Mateer, Alice Mellott, Leonard Morris, John Moffat, Corine Nelson.

Helen O'Brien, Justina Palmer, Grace Prichard, David Roberts, Helen Shaw, Lorine Shippe, Chester Siegel, Elva Loraine Simmons, Sherrill Spurgeon, Rose Stines, Mary Stearns, Donald Stearns, Marguerite Taylor, Margaret Tedford, Eleanor Turner, Newell Vandermast, Lois Veatch, Eliza Venn, Mary Louise Wallace, Pauline Wallace, Janet Wilson.

The boll weevil is estimated to cause an annual damage of more than \$2,000,000 in the United States.

West Fourth street, left today for her home.

Oliver L. Halsell of 2216 North Broadway has returned from a six week's hunting trip in the northern part of the state near Mineral. Mr. Halsell was in a party made up of A. J. Crookshank, Harry Hanson and H. J. Forgy, the two former being expected home today and Mr. Forgy remaining next week. Mr. Halsell reports a very pleasant and successful outing.

Miss Octavia Goldsworthy has returned to her home at 825 North Ross street after spending two weeks at Long Beach looking after her business interests.

Mr. and Mrs. Joseph A. Wilkes have returned to their home on East Santa Clara avenue after a visit to San Diego.

A Distinctive—Ready-to-Wear Service

WILL EXHUME BODY FOR IDENTIFICATION

At the request of Robert Rensler, of Long Beach, the body of the man found in the Santiago creek bed last Friday will be exhumed this afternoon. Rensler believes that the man was his father, George Rensler, 70, who has been missing for some time. The general description of the man answers that of his father, Rensler says.

The body first was discovered by a Mexican, who notified B. F. Richards, chief of police in Orange. The body was taken to an undertaking parlor, in Orange, where an inquest was held, under the direction of A. E. Koepsel, Orange attorney, acting in the absence of Coroner Charles D. Brown.

A verdict that death was caused by unknown causes was returned. The body was buried in Potter's field.

At Wembley, England, old-fashioned craftsmen using old-fashioned methods, are constructing a home that will stand the ravages of six centuries.

IRVINE

IRVINE, Oct. 15.—Mr. and Mrs. T. J. LeBard and son, James Arthur, visited Mr. and Mrs. J. A. Ross Sunday.

Mrs. Leonard Campbell is recovering from an operation.

Mr. and Mrs. George Harris spent Sunday with Mrs. Harris' parents, Mr. and Mrs. O. A. Daugherty.

Mr. and Mrs. Henry Boosey and children were dinner guests at the home of Mr. and Mrs. Ed Quick Saturday evening.

Mr. and Mrs. Rhyman are visiting their son, Leonard Campbell.

Mr. and Mrs. Francis Loery are the proud parents of a baby boy.

Mrs. W. J. Mitchell attended a bridge tea given by Mrs. George Osterman and Mrs. Harvey Bennett at the Bennett ranch Saturday afternoon.

high school Thursday.

Robert Wooley enjoyed a hunting trip Sunday.

Marion Quick spent the week end with Hazel Lee in Santa Ana.

Mrs. Frank Gilbert is visiting her daughter, Mrs. Francis Lorry, in Anaheim.

Mr. and Mrs. O. A. Daugherty and Mrs. Maggie Hunley visited Mrs. Daugherty's parents, Mr. and Mrs. F. M. Milestead, Tuesday evening.

Prince Carol, eldest son of their Majesties of Roumania, born at the royal chateau of Sinia, 33 years ago today.

Bishop Samuel R. Hay, of the M. E. church, south, born in Decatur county, Tenn., 61 years ago today.

Dr. William W. Guth, president of Goucher college, born at Nashville, Tenn., 55 years ago today.

MINISTER WILL HOLD SERVICE FOR COUPLES HE HAS WEDDED

Anniversary of 1926 Get-
Together Announced by
Riverside Church Pastor

REV. BARNETT TO
CHRISTEN BABIES

'Art of Living Together, or
Dodging Divorce Court' Is
To Be Address Subject

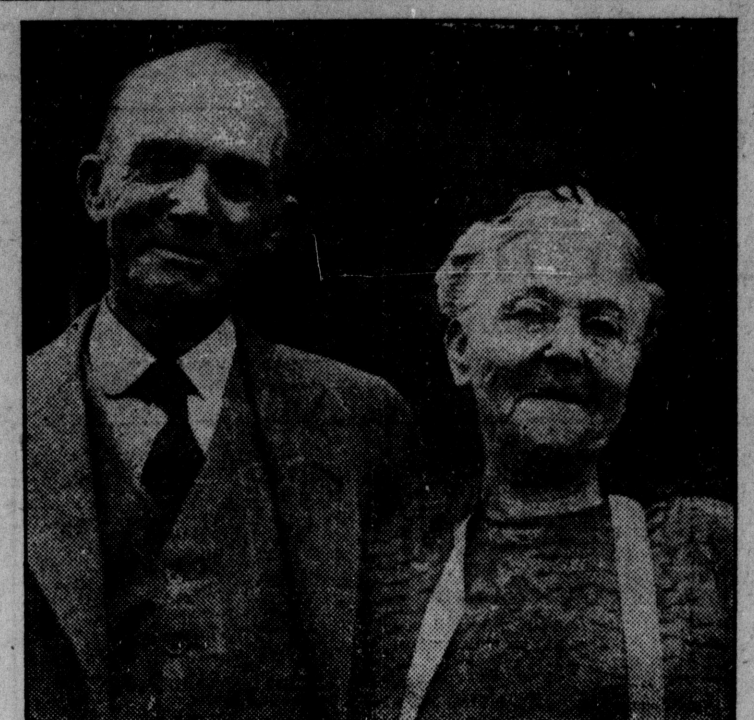

Recognizing the fact that wed-
ding anniversary celebrations can
be made such happy events, the
Rev. Ira W. Barnett, D. D., pastor
of the Calvary Presbyterian church,
Riverside, now plans to stage an
anniversary celebration of his
"wedding memory service," which
was such a popular event of Oc-
tober, 1925.

At that time, Dr. Barnett issued
a general invitation to all couples
in Southern California, whom he
had joined in marriage, to come to
his church on an appointed Sun-
day morning and join in an an-
niversary service. So enthusiastic
was the response, not only from
Riverside couples, but from homes
in Santa Ana and countless other
cities and communities, that the
second annual event is to be cele-
brated Sunday, October 24, at
10:40 a. m.

Gifts to Be Awarded
"The Art of Living Together, or
Dodging the Divorce Court," will
be the theme of Dr. Barnett's ser-
mon and the choir of the church
will sing carefully selected num-
bers appropriate to the occasion.
Bouquets of choice flowers will be
awarded as special gifts in a num-
ber of friendly contests. For in-
stance, the couple present which
has been longest married will re-
ceive flowers, as will the couple
having the largest family, the

SANTA ANA COUPLE OBSERVE 50TH WEDDING ANNIVERSARY

Mr. and Mrs. S. L. Wedgwood, who, on October 14, 1926, had
been wedded 50 years and who celebrated that wedding day of 1876
by an afternoon reception and an evening dinner at their home, 829
Cypress avenue.

Mr. and Mrs. Wedgwood Are Hosts to Friends on Golden Wedding

Fifty years of wedded life, 17 of
which have been spent in Santa
Ana, were celebrated Tuesday by
Mr. and Mrs. S. L. Wedgwood,
prominent in G. A. R. and Wo-
men's Relief Corps activities, in
their home, 829 Cypress avenue.
Scores of friends called at the
home during the afternoon hours,
adding their congratulations to
those sent by telegram and air
mail by absent relatives and
friends. Entertainment was offered
the guests, but probably nothing
was of keener interest to them than
their hosts' reminiscences of their
arrival in California and the recep-
tion accorded them.

For Mr. and Mrs. Wedgwood, if
not of the early pioneers, who
braved the perils of the desert and
plains in covered wagons, were of
that pioneer group which first
braved them in motor cars. For
their trip to California, in 1909,

(Continued On Page 11.)

GOODWIN WILL FACE NELSON. CHIEF DEPUTY

Four-Year Record of Con-
victions Must Be Broken
Before Priest Is Freed

When Philip A. Goodwin, alleged
priest in the American Catholic
church and an actor by his own ad-
mission, goes on trial here next
Monday morning charged with the
brutal murder of Joseph J. Pat-
erson, Los Angeles bond broker, he
will have to break a record of more
than four years' standing to gain
his freedom.

District Attorney A. P. Nelson
and Chief Deputy District Attorney
C. N. Mozley will represent the state
in the case and not in the last four
years have they, when trying a
case together, been defeated.

The state, at times, has lost cases
when one or the other of the two
attorneys, alone, had charge, but
never when they have prosecuted
together, have they failed to gain
conviction.

It is a record well worth being
proud of and one that neither Nel-
son nor Mozley care to have broken.
When Goodwin goes on trial, he
not only will find himself up
against a district attorney's office
that holds an unusually good re-
cord, but against a combination that
is hard to beat.

Goodwin was brought here from
New York City, following his ar-
rest there on January 19, one day
after warrants for the arrests of
Goodwin and Albert Gaines, Utah
cowboy, had been issued in the
district attorney's office here.

At the time of arrest, he was said
to have been at an actor's club, in
New York, making plans for staging
a show, from which, he said, he
hoped to derive enough money to
build a church in Los Angeles.

He was given an examining trial
here late in July and was held to
the superior court. Since that time
he has been held without bail in the
Orange county jail, where he looks
forwards to his fate nonchalantly
and even jests about the ridicu-
lousness of his being arrested on such
a charge.

On September 13, Albert Gaines,
alleged confederate of the priest
in the asserted murder, was ar-
rested in Great Falls, Mont., on a mur-
der charge. He was brought here
and is alleged to have made a con-
fession strongly implicating Good-
win.

The district attorney's office has
not given out the facts regarding
the confession. Patterson's partially
burned body was found March
22, in Santa Ana canyon.

The district attorney's office be-
lieves that Gaines' confession will
be sufficient to convict the dapper
little priest.

Gaines' preliminary examination is
set for October 20.

"THE KID" IS GONE FOREVER AND REAL BOY SUBSTITUTED

Jackie Googan's famous bob is no more. The shears of the barber
have left "The Kid" a memory, with a mannish, "regular fellow" sub-
stituted. This is Jackie's first picture since his epoch-marking haircut.

WILL THIS "SHEAR" ARTISTRY MEAN BALDNESS FOR WOMEN? BARBERS REFUSE TO WORRY

There once was a woman from Auld
Who on a hair bobber once called;
Her mate gave her a smile,
For he knew, after while,
His dove would be perfectly bald.

"Of such stuff as schemes are made of," said the tonsorial artist
and the debutante knew his clipping was sheer artistry.

But she might have winced with every clip if she had heard the
"latest dope" on the short hair custom, which is to the effect that within
a few years all the bobbed haired women will be bare of hirsute adorn-
ment upon the uppermost portion of their respective craniums.

It's the sort of information that
is handed about from mouth to
mouth, without apparent founda-
tion; some believe it and let their
hair grow out; some disbelieve it
and have their hair cut just a little
bit closer to their heads.

And as for the Santa Ana bar-
bers, they don't believe it.

Barbers Won't Feel Bad

Even if the entire female gender
becomes shy of hair the barbers will
not feel badly about it, inasmuch as
their shavers are well stocked with
hair restorer and lotions calculated
to revive the drooping roots.

The barbers won't be quoted. No
sir, it is too delicate a problem
for them to comment upon, come
what may. Hair or no hair, they are
in the cutting business and their
idea of Utopia is a beard on every
woman's face with a law against
shaving yourself.

The women point to the fact that
the modern style in male haircuts
is due to the ingenuity of a woman,
Mrs. Sampson, who, it is said, pre-
ferred to use her professional name
of Delilah, inasmuch as it lent a
distinctive feminine touch to the
Sampson and Delilah physical cul-
ture act.

And the men point out that it was

Mexican Is Denied Probation

David Gutierrez, charged
with driving an automobile
while under the influence of
liquor, today was denied proba-
tion by Superior Judge E.
J. Marks, who sentenced him
to serve 90 days in the county
jail. Gutierrez' driving
license was revoked for one
year. The offense charged
against the Mexican was al-
leged to have been com-
mitted on Stanton road, Sep-
tember 13. Attorney S. B.
Kaufman, Santa Ana, repre-
sented Gutierrez at today's
court proceedings.

the original cavemen who first
brought out the short hair fashion,
having introduced it to their wives
by means of adopting a firm hold
upon the crowning glory in order to
facilitate the journey home after a
day in the woods in search of sub-
stitutes for groceries.

So there you are: The women in-
troduced the fashion of short hair
for men and the men introduced the
fashion of short hair for women
and the well known Lady Godiva,
despite her highly advertised horse-
back exhibition, doesn't seem to
fall in either class. What a shame!

Why Not Teach Clipping?

All of which leads to the thought
that the educators of the nation
might well give consideration to
teaching hair clipping in the public
schools. The modern girls are
taught how to sew and cook and
dance—why not add a very prac-
tical course in artful hair cutting?

Another suggestion: Why don't
the Audubon societies call attention
to the fact that, with a few clip-
pings to the good, a girl can stock
a set of pillows for her hope chest,
without the sacrifice of birds or
beasts, or whatever it is that sup-
plies the stuffing for the pillows
now in such universal use?

Reporters have found that this
short hair mania will not down.
They cannot cut it short, that is to
say.

And so it goes!

Some of these days the barber
shops will be known as clipping
bureaus.

And as for the threatened bald
area, the woman may chortle, some-
thing like an ancient chemical man-
ufacturer:

"Eat, drink and be merry, for to-
morrow we dye."

Trial Adjourned Until February 1

Trial of the suit brought by
Rodgers Brothers against Lew H.
Wallace, Newport Beach banker, in-
volving a claim for compensation
by Rodgers Brothers for raising the
sunk steamship "Pocomoke," was
adjourned late yesterday by Super-
ior Judge E. J. Marks to next Feb-
ruary 1. Rodgers Brothers claim that
Wallace was in the position of their
employer with respect to work on
the ship and had agreed to stand
responsible for expenses and labor.
Wallace denies this and alleges that
he had agreed only to protect Rod-
gers Brothers against interference
from a claimant owner of the ves-
sel.

POLE FLYER TO VISIT HERE ON TOUR OF U. S.

Commander Richard E. Byrd,
who flew over the north pole in a
Fokker airplane; Floyd Bennett,
his mechanic, and the plane itself,
the "Josephine Ford," will be in
Santa Ana the first week in No-
vember, the noted aviators to be
the guests of the Santa Ana Air
club and the Santa Ana Junior
Chamber of Com-
merce, according
to a joint an-
nouncement today
by Mason Yould,
president of the
junior chamber,
and B. E. Mor-
land, commodore
of the air club.

Byrd and Ben-
nett are making
an aerial tour of the United States
in the Josephine Ford, the expenses
of the trip being paid by the Gus-
genheim fund, established to stim-
ulate interest in aviation.

The Josephine Ford will land at
the Martin airport, Santa Ana, it
is planned, and the two aviators
will be escorted to the city by of-
ficers of the two organizations. If
they are able to arrange their
schedule so they may remain over
night, they will be guests of the
air club and the junior chamber at
a joint meeting, November 8, it was
said.

Only the Pacific northwest sec-
tion of the United States will not
have an opportunity of seeing the
famous plane, as the itinerary calls
for a hop from Salt Lake City to
Elko, Nev., and then on to San
Francisco, with the return journey
to Washington traced along the
southern portion of the nation.

The first leg of the journey is
from Washington to New York.
From New York City, the plane
will fly to Albany and the follow-
ing cities then will be visited:

Syracuse, Rochester, Buffalo,
Cleveland, Columbus, Cincinnati,
Indianapolis, Chicago, Milwaukee,
St. Louis, Kansas City, St. Joseph,
Mo., Omaha, Denver, Cheyenne,
Salt Lake City, Elko, Nev., Reno,
San Francisco, Los Angeles, San
Diego, Tucson, El Paso, Fort Worth,
Dallas, Shreveport, Little Rock,
Memphis, Monroe, New Orleans,
Birmingham, Atlanta, Augusta, Fay-
etteville or Raleigh, Richmond, and
the return to Washington.

VOLLEYBALL TEAMS WILL BE ORGANIZED

The first meeting of players in
the Church Volleyball League will
be held at the Y. M. C. A. at 7:30
tonight, according to a program an-
nouncement.

Teams are being organized in
five or six churches and the players
will get together tonight for prac-
tice games and to complete orga-
nization. Many men are expected to
attend the first meeting to learn
some of the fine points of the game,
under the direction and coaching of
Physical Director Russick. Team
captains will be elected tonight and
they will arrange the schedule. It
is expected that the first regular
games will be played next Friday
night. These games will be open to
the public.

The churches which have signi-
fied their intentions of entering
teams are, First Methodist, South
Methodist, United Presbyterian,
First Presbyterian, First Baptist
and First Congregational.

SMEDLEY OPENS MEMORY COURSE

"A poor memory is an indication
of laziness or carelessness in most
cases. Attention is at the basis of
remembering and most persons lack
the ability or disposition to give
concentrated attention. Any system
of memory must provide for de-
veloping the habit of paying atten-
tion and deepening impressions of
those things that are to be remem-
bered."

The class will meet at 7:30 Mon-
day night and additional members
will be received at that time.

Monday, Thursday and Friday
nights of next week and Monday
and Thursday of the following week
lessons will be given, in the course
of which Smedley expects to aid
his students in remembering facts
and figures, names, faces, dates and
other things so easily forgotten.

CUTTING DOWN TREES DECRIED BY EXPERT ON CITY PLANNING

Should Be Punishable by
Fine or Jail, Aronovici
Tells Santa Ana Lions

FANCY LIGHTS ON STREETS CONDEMNED

Stresses Great Need for
More Parks, but Praises
One Already Possessed

"Cutting down a tree on a public
street should be made punishable
by fine or imprisonment," Carol
Aronovici, city planning consultant,
told members of the Lions club yester-
day noon, at St. Ann's Inn. Ar-
onovici declared that at one time
he had a neighbor arrested for cut-
ting down a tree in his own back
yard.

That a city ordinance, designed to
save the trees in Santa Ana, is be-
ing drawn up, was another state-
ment made by the speaker. The
city planner declared that trees did
not injure business, as many busi-
ness men believe. He declared
that cutting down a tree is a crime,
as it takes years to replace the
tree. The speaker also pointed out
that in many cities in the east mu-
nicipal governments are taking
steps to protect trees on the streets.

Talks on City Planning
Aronovici's statements regarding
the destruction of trees was made
following a talk on "Santa Ana's
City Planning Ordinance," by the
city planner. Aronovici declared
that Santa Ana was a beautiful city
and stressed the idea of city plan-
ning from a health and prosperity
standpoint.

That trees add greatly to the at-
traction of residential, business and
manufacturing districts in any city
was the expert's opinion. He said
that trees were almost a necessity
in a manufacturing district.

"Homes are essential in any com-
munity," Aronovici added. He ex-
pressed the opinion that the res-
idential district of a city should not
be cluttered up with apartments
and "bungalow courts" and ad-
vocated the control of the residential
district construction by the city
administration.

Small lots also were condemned
by Aronovici. He declared that the
75-foot residential lots were inade-
quate and unsuitable and were be-
coming a thing of the past.

Planning Prevents Congestion

"City planning prevents conges-
tion, both in home building and in
traffic," according to Aronovici. He
stressed the importance of regulat-
ing the heights of buildings in the
city. He characterized the ap-
pearance of the average city, by its
uneven appearance, as resembling a
bad set of teeth. He asserted that
a city with buildings of maximum
height of three or four stories,
would do as much business as any
other city.

The question of finding parking
space in the large cities also was
discussed. He declared that the
people of today are lazy and want
to drive up to the front doors of
their offices to park.

The crying need of Santa Ana for
more parks was told by Aronovici.
He said that Santa Ana is sadly
lacking in recreational centers, but
praised the one little park that the
city possesses. One civic center is

(Continued On Page 11.)

Double Service Twist
The men customers are being entertained with
more new patterns in the sensation Double Service
Twist Weaves. There are two new ideas in Plaids
that knock you for a row with their beauty. And
there is a Brown Stripe that smites you gently on
your artistic eye. Wonderful suits.
These suits may be bought on our Ten-Pay Plan, paying
\$10 cash and \$3 a week for ten weeks.

These are Extra Values
Old Man Value gets a lot of publicity, but here
is where he really earns his onions. These \$35
suits give plenty of style and fabric for the money.
The new Browns and Blue, Brown with DOUBLE
BREAST VEST and 20-inch cuffs on the trousers,
and so on. Yes, conservative suits, too.
It's easy to buy them on our Ten-Pay Plan, paying \$10
cash and \$2.50 a week for ten weeks.

Society Bristol Stripes
You'll see a flock of stripe fabrics this season,
but Bristol Stripes are unique, entirely different.
Society Brand originated them and they are as rich
and unusual as they sound. Tan and Brown in new
patterns show up the best. It's the cut of your
clothes that counts.
Buy a Society Brand Suit on our Ten-Pay Plan, paying
\$10 cash and \$4 a week for ten weeks.

GRADUATES PASS
ENGLISH QUIZZES

Three Santa Ana high school
graduates, Fred Johnston, James
Trew and Jack Lilly, who entered
Stanford University this fall, were
among the 30 per cent of the en-
tering students who passed the
matriculation tests in English, a
card received from them by Miss
Levenia Scott, high school teacher,
stated.
"We do not have to take 'dumb-
bell' English," they wrote.
The fact that all the Santa Ana
students passed the test, while but
30 per cent of the entire number
of new students was successful,
is considered complimentary to the
English department of the Santa
Ana high school.

CONSTRUCTION IN SANTA ANA AT HIGH LEVEL

Santa Ana has gone ahead of most cities of California of the same size in new construction and bids fair to maintain the same rate of progress in 1927. C. N. Grace told members of the Toastmasters club, meeting at the Y. M. C. A. building, Grace cited the building permits of Santa Ana, compared with the building permits of other Southern California cities, to back up his assertions. He admitted that, from his investigations, he was more than ever convinced that Santa Ana is the best city in Southern California in which to reside.

Without the efforts of the American army engineers, the World War never could have been won, Nat Neff, city engineer, said, speaking on the subject, "The Engineer in the Army."

Praises Administration
The Coolidge administration has been marked by more sound economics, as regards national policies, than any previous administration. In the opinion of W. S. Kellogg, who spoke on the subject, "A Resume of the Coolidge Administration." He called attention to the fact that the financial state of the nation was better now than it had been in years. Kellogg complimented the administration for what he said, was its sincere efforts to enforce the eighteenth amendment to the constitution.

The sarcastic remarks of Georges Clemenceau, ex-premier of France, upon the foreign debt policy of the United States will prove of more harm than good, from the standpoint of the French settlement, C. E. Hawk said. He expressed the opinion that the United States never would cancel the French debt, especially under the circumstances as outlined by the "Tiger of France."

Critic for Each Speech
A. E. Collins acted as toastmaster and appointed a member of the club to act as critic for each of the speeches. A new constitution and by-laws were adopted by the Toastmasters.

C. N. Grace will be the toastmaster at the meeting next week. The following subjects and speakers were announced:

"Is Los Angeles Destined to be the World's Greatest City?" C. W. Rowland; "The World Series," Ridley Smith; "Lessons From the Dempsey-Tunney Fight," Martin Warren; "The Best Book I Have Read This Season," W. S. Kellogg; "How to Stop the Bootlegger," L. B. Pearl.

BLUE MOON DANCE TICKETS ON SALE

Tickets were placed on sale today in several downtown establishments, for the dance, tomorrow night, in the Blue Moon ballroom. The opening affair to be sponsored by the junior chamber of commerce. Special entertainment features have been arranged by a junior chamber committee, headed by L. E. Crawford.

Roy Lyon, chairman of the ticket committee, said that pasteboards could be purchased at the following places:

Tiernan Typewriter company, Ketter's cafe, Jack Finn's lunch counter, White Cross Drug store, Mitchell's Paint store, Roy J. Lyon tire store, 168 East First street.

Dancing will begin at 9 o'clock. Music will be provided by an eight-piece orchestra, under the leadership of Larry Doyle. Outside of the expenses for the orchestra, all money to be taken in will be donated to the junior chamber treasury.

GARDEN GROVE

GARDEN GROVE, Oct. 15.—Mr. and Mrs. Dallas and grandson, Raymond Dallas, accompanied by Mr. and Mrs. E. C. Tarrant, motored to Pasadena Sunday and visited Mrs. Tarrant's sister, Mrs. W. G. Birdsell.

Mr. and Mrs. Frank Jones were guests at the home of Mr. and Mrs. R. B. Woodside on Wednesday. Neighbors in the southwest part of town have formed a Bible study class. The first meeting was held at the home of Mrs. Hillgroth on Thursday afternoon.

Mr. and Mrs. P. N. Larson and Mr. and Mrs. F. H. Fellers attended a banquet given by the Norwegian Lutheran church in Los Angeles on Thursday evening.

Mrs. C. K. Lee, who has been ill for the past two weeks was taken on Wednesday morning to the Community hospital in Long Beach.

Mrs. G. R. Reymann, Mrs. Thomas Hill and daughter, Margaret, attended the flower show at the Ebelle clubhouse in Santa Ana Wednesday afternoon.

Mr. and Mrs. R. B. Woodside entertained Mr. and Mrs. R. C. Best and Mr. and Mrs. Ernest Kelsey at dinner Sunday.

Miss Isabelle Council spent the week-end with friends from Pasadena at Big Bear lake.

Mr. and Mrs. Robert Knapp, accompanied by Mr. and Mrs. John Kraft, enjoyed the week-end with friends at San Diego.

Mr. and Mrs. Delbert Wilkinson, of Santa Ana, spent Monday evening at the R. B. Woodside home.

Mr. and Mrs. Loyal Wright enjoyed Sunday dinner with the latter's mother, Mrs. Margaret Walde at San Pedro.

Victor Martin visited with his parents in Montrose over Sunday.

Mr. and Mrs. Fries, of Long Beach, were Sunday dinner guests of Mr. and Mrs. P. N. Larson.

Mrs. F. H. Acken, of San Bernardino, is spending the week at the P. F. Gallienne home.

The Rev. and Mrs. David B. Loof-bourrow moved on Thursday to their new charge at Gardena. The new pastor, the Rev. George Graff and wife, of El Monte, moved into the Methodist Episcopal parsonage home here Thursday afternoon.

Mr. and Mrs. W. A. Wheeler were Los Angeles visitors Thursday.

AT THE THEATERS

Florence Vidor and Ricardo Cortez in "The Eagle of the Sea" at Vost Broadway theater tonight and Saturday.

VOST BROADWAY THEATER
one and full of comedy and with a beautiful little love theme running throughout. It deals with an English nobleman with nothing but a title who tries to marry a wealthy American girl, for her money; and the girl's aunt who tries to buy the English "pedigree" but the good old American father steps in and "turns the tables."

This will be the first time "The Girl From Laramie" will ever have been played in Orange county and promises to be one of the hits of the season. It opens Sunday night and follows "Lombardi Ltd." which is playing this week and which closes with Saturday night's performance.

WEST COAST WALKER
"Take It From Me" is Reginald Denny's funniest picture. Take that from me.

The Universal-Jewel production opened its engagement at the West Coast-Walker theater here last night to an enthusiastic audience of Denny fans who pronounced it a better farce even than "What Happened to Jones," "Where Was I?" or the many other light comedies which have made him one of the screen's most popular stars.

The picture displays many scenes rich in pictorial beauty and splendor in addition to the comedy. Then there is always Blanche Mehaffey, as comely and charming an ingenue as ever appeared before the camera.

A capable supporting cast of comedians, including Lee Moran, Ben Hendricks Jr., Ethel Wales, Lucien Littlefield and others, contribute its share of laughs to the enjoyable picture.

Notredamus, world's noted psychic, opened his three-day engagement at the West Coast-Walker theater yesterday before a large gathering and was given a big ovation at the conclusion of each feat.

During his experiments he used a live rabbit and rooster both of which he completely hypnotized. He also demonstrated his ability to place himself to sleep in the cataleptic stage, allowing a man to stand on him and rock to be broken on his chest while in this condition.

At the evening performance Notredamus attempted to hypnotize the entire audience several of whom were found to be under his spell at the end of the test. All of these were revived.

YOST SPURGEON
Spectacular scenes that thrill and dramatic episodes that hold the attention from start to finish, are incorporated in the new screen version of Jack London's rugged story of adventure. "The Sea Wolf" which will be on view at the Yost Spurgeon theater for two days beginning tonight. The collision of a giant liner with a crowded ferryboat in San Francisco Bay, the mutiny aboard the "Wolf's" sealing schooner, the tragic finish of the "Wolf's" career when his vessel goes down in flames, are only a few of the dramatic episodes with which the picture abounds.

On the other hand, a delightful love story is blended with this atmosphere of violence. The character of "Wolf" Larsen, the brutal sea captain, who rules with an iron hand, but who is a deep student of philosophy and reader of poetry, is delineated on the screen by Ralph W. Ince with even greater force than it was on the printed page. The story, in brief, concerns a rich clubman and writer and a pretty girl, his sweetheart, who are picked up by "Wolf" after the collision, and their strange adventures while under his domination.

Besides Mr. Ince, the featured players include Claire Adams, Theodore Von Eltz, Snitz Edwards and Mitchell Lewis. They are said to vest their characterizations with vivid realism. The production was directed by Mr. Ince with the co-operation of the famous author, and it is said Mrs. Charmian London, widow of the famous author, and it is said to be a faithful picturization of the celebrated novel precisely as Mr. London wrote it. The adaptation was the work of J. Grubb Alexander and the cameraman was J. O. Taylor.

SANTA ANA THANKED FOR RELIEF FUNDS

A letter, thanking the Santa Ana chapter of the American Red Cross for financial assistance given through the chapter to Florida sufferers, was received today from the Pacific coast headquarters of the Red Cross, in San Francisco.

"We wish to express to your citizens, who gave aid to this fund, our appreciation for the splendid response which you have made to the appeal for funds to be used in ameliorating the suffering of victims of the Florida hurricane disaster," wrote R. E. Arne, of the San Francisco headquarters.

"We are very proud of Santa Ana chapter's fine showing in responding so quickly and generously to the relief fund."

Today, a check for \$172.13 was sent by Santa Ana chapter to the fund, making a total of \$972.13. Most recent contributions are as follows:

S. Nitta, local Japanese, \$5; J. R. Green, \$5; R. R. Larrabee, \$5; A. Friend, \$5.

The "hand" used in reckoning the height of a horse is equivalent to four inches.

MURPHY'S COMEDIANS

An unusual treat is in store for the patrons of Murphy's theater at Orana next week in that Horace Murphy will be seen in person in the screamingly funny part of "Howling Hank," in the very successful comedy drama, "The Girl From Laramie."

The play is a very interesting

METROPOLITAN OPERA SINGER TO VISIT HERE

An opera singer rarely has a moment he really can call his own, especially during trips away from the Metropolitan Grand Opera house, Paul Althouse, tenor, told his cousin, Joseph Plank, of Santa Ana, when the Santa Ana 40 and 8 commander visited him last night, in Los Angeles, where Althouse sang a leading role in the opera, "Faust," with Rosa Raisa.

Plank, accompanied by Dr. H. J. Howard, had invited Althouse to visit Orange county in order to become acquainted with this territory so as to give it consideration when he selects his permanent home on the Pacific coast.

Althouse tried to find time for a visit to Santa Ana, but was informed last night that the time he had selected for the journey here had been picked for a benefit concert in Los Angeles.

Althouse expects to make another visit to the Pacific coast as soon as he can find a breathing spell from his vocal engagements and at that time Plank said the singer would be glad to accept the invitation of the Santa Ana Junior Chamber of Commerce to be a special guest.

WIFE ASKS DIVORCE ON CRUELTY CHARGE

Charging cruelty, Mrs. Ruth S. Siglin has filed suit in superior court for divorce from Charles E. Siglin, proprietor of a Laguna Beach electrical shop.

Siglin was in the habit of swearing at his wife and laying violent hands upon her, she alleges. They were married in Santa Ana, in 1918, and separated last Wednesday.

Mrs. Siglin, who has retained Attorney Charles D. Swanner to handle her divorce case, asks for custody of the two Siglin children and a division of property, which includes real estate in Laguna Beach and Encinitas.

Woman Claims Mortgage Paid

Jennie Corniel has paid off a \$400 mortgage and has made all payments on a \$4500 trust deed against her property in San Bernardino county, she claims, yet A. F. Smith, to whom she claims she paid the money, is said to be threatening foreclosure against the property.

So she has filed suit in superior court for an injunction, to prevent his alleged action.

She also asks for an accounting of moneys she claims to have paid to Smith. Attorneys James L. Allen and James L. Davis, Santa Ana, represent her.

Cutting Down of Trees Is Decried By City Expert

(Continued from Page 9)
an impossibility today, according to the city planner. He said that the times had changed and that today every public building is a civic center.

Decries Fancy Street Lamps
At the close of the talk Aronovici answered a number of questions put by members of the Lions club. In answering one of the questions, Aronovici said that there was no reason for erecting long lines of high priced and ungainly street lights. He declared that eventually they would be eliminated entirely.

Plans for a Halloween party were discussed by the club members at a short business meeting.

TO HOLD MEET FOR COUPLES HE HAS WEDDED

(Continued from Page 9)
couple with the newest baby and the latest bride and groom.

A surprise feature of last year's gathering came when several parents brought wee babies to be christened by the pastor, who had wedded the parents. So touching and beautiful a part of the service did it prove that Dr. Barnett has announced it as a part of the regular program for this year and suggests that all parents, at whose weddings he officiated, and who have children they wish baptized, bring them to this special service.

In anticipation of the children that will accompany their parents, a nursery will be provided, with competent nurses to care for the tiny folk while their parents are in church.

May Plan Picnics

To accommodate those from a distance who wish to make a picnic of the day, tables will be arranged in the church dining room. This decision will be of special interest to Santa Anans planning to attend the service and to Dr. Barnett's "brides and grooms" in similar far-away communities. While the dominie is sending friendly notes of invitation, signed, "The minister who married you," to all of the couples whose addresses he has, he declares that there are some whose present whereabouts he does not know. But wherever the word of his plan reaches, he wishes it understood that the invitation is a general one and that he will welcome every couple at whose marriage he officiated. Those unable to be present are asked to send him a letter telling any interesting details of their lives.

Exclusive Crossey, Gerwing's.

NEW CHURCH IN SANTA ANA TO GET 'WARMING'

The Christian and Missionary alliance congregation in Santa Ana will open its new church, at Cypress and Bishop streets, with a "house-warming" service next Sunday, according to announcement today by W. H. Dixon, chairman of the church board.

A galaxy of six ministers, including national and district officials of the church, the present and former pastors of the local congregation, will take part in the services, which will be conducted Sunday morning and evening.

Dr. J. H. Richards, general secretary of the Christian and Missionary alliance, representing the national board, in New York City, will be among those present. Dr. C. H. Christman, district superintendent, also will participate in the services. Besides the present pastor, the Rev. C. D. Hicks, there will be three former pastors, including the Rev. Frank Cummings and the Rev. Bert W. Bruffett and his wife, the Rev. Bessie Randell Bruffett.

Formal dedication of the new church will not take place until later. Chairman Dixon announced, Sunday's services, he said, will be of a "house-warming" nature. The church building has not been entirely completed.

DISCUSS PROGRAM FOR RECLAMATION

LOS ANGELES, Oct. 15.—Plans for a definite and constructive program of reclamation and development were discussed in open forum today at the "Winning of the West" conference, attended by representatives from all western states.

The delegates were guests of the exclusive Breakfast club this morning, and the open discussion on reclamation began immediately afterwards.

"No definite program for the conference has been outlined," said Thomas E. Campbell, former governor of Arizona and a leading figure at the party. "The ideal is to make the meeting an open forum, where representatives of all the western states may appear and present their views, in the hope that they may arrive at some mutual understanding that may pave the way for a definite plan of water development of this western section."

The present conference was called in line with a recent suggestion of Secretary of Commerce Hoover that water development be made a national issue.

Mrs. Julius Kahn, California congresswoman, of San Francisco, addressed the conference, urging greater co-operation of the western states in water development.

S. A. Students are On Honor Roll of State University

Included in 455 junior and senior students in the University of California, who have been notified of their election to the "honor list" of the university for their high scholastic standings, are two Santa Ana students, it was learned here today.

The Santa Ana students are Elizabeth Baker, senior, history course, and Overton Luhr, senior, physics course. They are the only Orange county students included in the list.

The students honored by election to the list must have maintained an average grade of "B" or higher in order to receive honor status. The honor conferred by this status carries with it a number of special privileges, including more freedom in selecting courses of study, special courses and special recognition in the university library.

The "honor list" this year includes students from many foreign countries and from other states as well as from all parts of California.

PAIR OBSERVE 50TH WEDDING ANNIVERSARY

(Continued From Page 9)
to adorn the home and many other handsome baskets and artistic arrangements of blossoms were presented by friends with congratulations upon the anniversary. Mr. and Mrs. Wedgwood also were presented with attractive gifts, including \$5 and \$10 gold pieces from each of their children, from Mrs. Rose Williams, the W. R. C., and many other friends and organizations, including the Rebekah lodge, in Marshalltown, Ia., where Mrs. Wedgwood was a member 17 years ago, and where, as Miss Clara Viola Richards, she became the bride of S. L. Wedgwood on Oct. 12, 1876.

Serve Anniversary Dinner
An anniversary dinner was served at 7 o'clock, with covers laid for Mr. and Mrs. Wedgwood, their niece, Mrs. Edna Hilmer, of Gardena; two grandchildren, Miss Irma Clark and Mrs. Florence Pascoe and her baby, Billy; Mrs. George Wilbur, Mrs. Pearl Giettle, (a niece); Miss Pearl Giettle, Mr. and Mrs. Frank Lincoln, who were married on their hosts' anniversary, Oct. 12, 1920, and the latter's two sons, George and Jack Lincoln. They were joined for the evening hours by a group of Iowa friends, now living in Pomona, Mr. and Mrs. Herbert Swick, Miss Effie Swick and Charles Eels.

Mr. and Mrs. Wedgwood have three children, Mrs. May E. Clark and Benjamin Orsemus Wedgwood, both of Marshalltown, Ia., and Mrs. Louella Clay, of Seneca, S. D. They have 19 grandchildren and three great-grandchildren.

PROGRESSIVE STAND SET BEFORE VOTERS

PASADENA, Oct. 15.—With the exception of no recommendation on the repeal of the Wright act, the

Progressives of California have taken a determined stand on each of the 23 propositions on the November ballot, Lew Head, state chairman, announced here today. The state committee, according to Head, has voted the following action on each proposition and urges progressives of the state to vote according to these recommendations: "We advise all Progressives of California to vote 'yes' on Nos. 1,

8, 10, 13, 18, 20, 21, 23, 24, 25, 26 and 27," Head said, "and 'no' on Nos. 2, 3, 4, 5, 6, 7, 11, 14, 15, 16, 17, 19, 22 and 23."

In extending my compliments to the readers of the Santa Ana Register, I wish to offer a vote of thanks from both my organization and myself for their wonderful response to my Grand Opening Sale Offer last Saturday, and to show my deep appreciation, tomorrow, I am going to allow those who have not yet availed themselves of this opportunity to still take advantage of this great 2-FOR-1 OFFER.

The American Woolen Mills, Tailors
404 North Main Street—Tomorrow

WILL MAKE ANOTHER GENUINE

GIGANTIC OFFER

To the Men of Santa Ana and Vicinity—An Extra

SUIT FREE

with each suit purchased in their GREAT TWO-FOR-ONE OFFER. Think of it! You get two suits of equal value—both made to measure,—guaranteed to fit, and your choice of over 145 patterns (especially procured at "rock bottom" prices for this event).

Here's How
We Do It!

GENTLEMEN: There are no strings to this offer. It means just exactly what it says. Nobody but the American Woolen Mills could make such a stupendous offer. The vast resources behind this organization make it possible. Successful merchandising today, especially at popular prices, requires a mammoth organization and facilities for creating a tremendous sales volume. The American Woolen Mills have both. Volume tells the story. The firm selling 100 suits per week does not have to exact a big "overhead" and "profit" fee (which is one of the biggest items in the construction of a suit) as the small merchant only selling ten or twenty. The big operator can content himself with 20% of what the small one makes, and yet give the customer a garment of equal or better standard and even make more money in the aggregate.

37⁵⁰

And Up in Our Great 2-for-1 Offer

Our Cash Buying Power

—Has enabled us to give the customer a strictly hand-tailored, high-grade garment substantially below that of our competitor. But in keeping with our policy of "ever working" to "hammer" the prices of made-to-measure suits down, and yet maintain the highest standard of fabric and workmanship, we have evolved another plan that enables us to give TWO SUITS FOR ONE PRICE and you have your choice of over 145 patterns to choose from at \$37.50 and up.

During this great Two-For-One Sale our usual large volume of business will be increased three to five times, making it possible for us to content ourselves with about one-fourth the usual profit on the original suit (although always below that of the small operator) and no profit on the second. This, together with the advertising value, absolutely permits us to give two suits for the price of one, and at the same time we guarantee there is no undermining the original quality of the fabric or grade of workmanship.

The excellence of both is maintained. Each and every one of you, by gathering in large numbers at a given time to buy, are mostly responsible for this offer. We don't have to figure \$15 or \$20 "overhead and profit" as is the case with the small operator. Because of the creation of a big volume of business, we take less profit on the first suit and none on the second. And you doing your part by appearing in large numbers, and we doing ours with our cash buying power, low rent and unpretentious quarters and the benefit derived from a quick "woolen turnover" and the host of new customers gained through this advertising feature, is it any wonder we make this gigantic offer tomorrow? Absolutely two suits for one price, and over 145 patterns to select from at \$37.50 and up. It isn't necessary to take our word. Seeing is believing. Step into the American Woolen Mills tomorrow and be convinced. A full and complete line of the season's latest fabrics awaits you. Fit is positively guaranteed. Come early. Doors open at 8 a. m.

Sincerely,
"BUD" COLMAN, Mgr.

Don't Take Any Chances With FIRE!

It's not worth the risk to burn papers and rubbish in your back yard, in a dangerous bonfire or the old-fashioned burner that allows burning particles to fly away in the breeze and endanger the entire neighborhood. Co-operate with your local fire department—ask them what they think of this new product now being manufactured right here in Santa Ana.

PEERLESS Re-enforced Composition INCINERATOR

The "Peerless" is built to meet every problem that confronts the home, church, school and business establishment in disposing of paper, rubbish, etc.

The air draft vents and patented draft door enable us to guarantee complete burnage of all deposits and 75% more service than in all other models being sold.

The adjustable draft door, plus the automatic dump grate, enable every nook and corner of the ash pit being cleaned with a minimum of labor and trouble.

See it BEFORE YOU BUY. It is priced to meet the needs of your pocketbook.

NEW GOLD AREA IN SOUTH AFRICA

JOHANNESBURG, Oct. 15.—Dr. Vaughan, of the Union Geological survey, reports the possible existence of a new and extensive gold-bearing area of considerable extent in the Transvaal.

He gives the first detailed account of a discovery, made some months ago on a farm at Waaikraal, 25 miles northeast of Rustenburg, and 42 miles northwest of Pretoria. The discovery is that of an inclined sill of gold-bearing melanocratic igneous rock, ranging in thickness from 14 feet to 3 feet, 6 inches. The ore-bearing rock has been traced over a distance of 330 feet, and probably extends farther in both directions.

Similar gold-bearing rock is reported to exist under the same geological conditions on farms at Potgieters-Hoogte and Zoupanadri, situated respectively four miles and nine miles from Waaikraal.

The Pan-American union is supported by quotas contributed by each country, based on the population.

Experts figure that the electrical energy in a first-class bolt of lightning is worth one dollar.

PSYCHIC WHO WAS BURIED ALIVE PROVES HIMSELF TO BE POLISHED POLISH COUNT

By ELEANOR YOUNG ELLIOTT

"Pardonnez moi, Madame, I do not speak so good thees language; I have only be able to spik it for eight monts. Perhaps you cannot understand what I say?"

And with a courtly bow—in the continental fashion, straight forward from the hips, Count Romen Miesko Ostesla Maszerski ushered me into the little dressing room at the West Coast-Walker theatre, following his appearance on the stage (where he is billed as Notre-damus, world's greatest psychic) in an act of self-hypnosis and kindred feats.

Feeling that Register readers would be interested in any details regarding this man, who had called attention to himself by his remarkable feat of allowing himself to be buried, while in a state of self-induced catalepsy, for two hours beneath the six feet of earth that all of us face at the end of the trail, I had sought an interview with him.

What did I find?
Polished Polish Nobleman
First of all, I found a polished Polish nobleman, a man who had been a politician in his native country until a dislike of politics drove him from public life to follow his natural scientific trend. Educated in the University of Berlin, the count, (or Notre-damus, as you prefer), chose to study medicine as an aid to his scientific explorations.

When he was but a schoolboy of 14, he first discovered his power of mind over matter. The first inkling came when he knew instinctively when the professors were going to call upon him for a recitation. This knowledge was followed by the discovery that he had a hypnotic power over his schoolmates, and he used to entertain them by willing them to perform different feats.

Step by step he advanced in power and knowledge until his ability was recognized generally through Poland. A few years ago, he went to India to study the mystical feats of the Yogis or Hindoo fakirs, which have made that country famous. (This word must not be confused with the American fakir.) There he saw one of the Mohammedan wonder-workers submit to a burial of three months at a time, hypnotizing himself, and that feat aroused his desire to emulate the Indian. He studied the methods until he became as proficient as those strange men of India, one of his earlier experiments being made upon his right arm, which he will do to become seemingly paralyzed for a period of fourteen days. Despite his own efforts to use the arm, it remained in the condition he had willed, for the full time, when it suddenly resumed its natural condition and usefulness.

Hatpin Through Tongue
This control, Notre-damus is now able to exert over any portion of his body, which is what makes it possible for him to thrust a hatpin through his cheek and a third through his throat, all at the same time, yet feel no pain nor show a trace of blood. The flow of the blood through the veins is almost arrested for the time being, so the passage of the pins seems to sever none of the small blood vessels.

The psychic's arrival in America was in response to a request from the Polish-Americans that he deliver a series of lectures, and for the last two years he has lectured before his country people in all sections of the east and middle west. His presence on the coast followed his decision to enter vaudeville, and he plans to remain in California for the next six months. Notre-damus is not a married man.

Likes American Girl
"I like your American girl," he declared. "She is verree nice for a friend. But why should I want to marry? Perhaps sometime, I theenk but how I know whether American girl or from my own Poland? I not theenk about it now, anyway."

Notre-damus has his own individual ideas regarding food. He has learned to eat American dishes, especially ham and eggs, whose acquaintance he made for the first time upon his arrival in the new world. But he makes it a point to fast for seven days a year, choosing the first days of each new year. At that time he keeps the most tempting of foodstuffs in plain sight, but exerts his will power to refrain from touching them, and for the full week abstains from all food and practically all water. He drinks very little water as a rule, never more than a glass a day with the exception of the time following one of his cataleptic states, when he will drink as much as a gallon at a time.

Count Extremely Slender
The count is a slightly built youth. Extremely slender and with long graceful hands. His eyes are dark and piercing and the envy of any girl. His face is pointed, brows arched, giving him a Mesopotamian cast of countenance which he exaggerates by his sudden, darting, forward movements of the head. All of this appearance is emphasized when he is on the stage, but in private conversation with him, he is merely a dark-eyed young man with a very courteous, polished manner, and a decided sense of humor which makes itself apparent in a dozen different ways, but chiefly when he relates some amusing prank he has caused a subject to perform, or perhaps when he struggles with the unfamiliar English language and uses some word foreign to the meaning he wishes to convey, then realizes his mistake.

STRENGTH IN AVERAGE MAN
LONDON, Oct. 15.—England's strength is in her average man. That is the declaration of Major John Hay Keith (an Hay, the author). In a recent speech the major declared that throughout history Great Britain seldom has been wisely led, her strength coming from the ranks and file of the people. He suggested a monument to the average man.

A map 200 feet long, claimed to be the largest in the world, has been exhibited in England.

BIBLE BILL TO BE EXPLAINED AT S. A. CHURCH

Arguments in favor of allowing the Bible to be read to students in the schools of California will be advanced by Dr. Wiley J. Phillips, author of the Bible amendment, upon which the people of California are to vote this fall, when he speaks in the United Presbyterian church, Santa Ana, at 7:30 o'clock, next Sunday night.

Dr. Phillips is to speak here on the invitation of the Rev. W. H. McPeak, pastor of the church. The meeting will be open to the public and Santa Ana citizens are invited to hear the discussion.

Barred by Courts
The Bible is at present barred from the public schools of the state by a court interpretation of the constitution. An initiative measure, seeking to change this by a constitutional amendment, will be voted on in November and Dr. Phillips is speaking on behalf of the measure which is No. 17 on the ballot.

Dr. Phillips points out, in support of his stand, that 11 states, many of the large cities of the United States, including New York, Washington, D. C., Philadelphia, Boston, Pittsburgh and Indianapolis, numbering 35,000,000 people altogether, go so far as to require the reading of the Bible in the schools.

"Most of the other states authorize, but do not require the reading of the Bible," Dr. Phillips said.

No Compulsory Reading
"California is one of but seven states in which the Bible is barred from the schools. The state should not neglect to give the school students the benefits of Bible teachings upon which character, success and good citizenship are built," he continued. "The proposed amendment will not make the study or teaching of the Bible compulsory in the schools, but will permit its use at the discretion of the teachers and pupils," Dr. Phillips explained.

The Bible amendment has the endorsement of the State Church federation, Women's Christian Temperance union, State Federated Brotherhoods of California, Men's Bible Classes of California, Bible Protective association and the support of such prominent pastors as the Rev. Hugh K. Walker, the Rev. Elmer E. Helms, Dr. James H. Francis, and others.

FRANCE USES AX UPON JOBBOLDERS

PARIS, Oct. 15.—President M. Doumergue has signed a decree by which 106 sub-prefectures and the appointments of 70 secretaries-general of the prefectures are abolished.

The minister for war submitted to the council several proposals for economies in army administration, which were adopted. They include a reduction in the number of officers by 2700, in addition to the disbandment of 1200 temporary officers. The legal effective strength in officers will thus be reduced to 28,800, as against 35,000 in 1914.

There is, moreover, to be an immediate reduction in the number of mounted troops—a first reduction of 1000 horses and an ultimate reduction of 10,000, without taking into account the abolition of 2000 gendarmes horses. The remount department is to be abolished.

Certain military buildings and lands are also to be put to other uses. Of 350 barracks claimed by the departments, about half the number probably will be devoted to civil uses. The naval and national gendarmes are to be amalgamated, and the gendarmes milled of the departments will be reorganized under the title of Garde Republicaine Mobile and working under similar conditions to the Garde Republicaine of the Seine.

The purchasing services for the army and navy are also to be amalgamated.

Metal railroad ties have to be used in many parts of India. Wooden ties would be eaten by insects.

TRY MAGNESIA FOR STOMACH TROUBLE

To Neutralize Acidity and Fermentation. Prevents Indigestion, Sour Gassy Stomach

People who suffer from indigestion usually have tried pepsin, charcoal, drugs and various digestive aids and know these things will not cure their trouble—in some cases do not even give relief.

But before giving up to chronic dyspepsia, just try the effect of a little Bisulphate of Magnesia—not the ordinary commercial carbonate, citrate or milk but pure Bisulphate of Magnesia which you can obtain from practically any druggist in either powder or tablet form.

It is a fact not generally known that the majority of cocoanuts drop from the tree in the night after hanging for a period of about 14 months for ripening. The action of the heavy dew loosens the seal with which Nature has provided the nut and allows it to fall.

The collection of the library of congress is the largest in the western hemisphere and third largest in the world.

There are still thousands of women in the world who never have tried to swim the English channel.

Quitting Business

Passing Into History Jack Carter's Men's Shop

The little store with the big door, is passing into history, Folks! As announced in my opening advertisement that I was going to give you men the greatest values ever offered in Southern California, and I have kept my word. And as a result this Quit Business Sale will pass into history as the greatest value-giving event of all time.

Friends and Patrons

To the hundreds of people who have attended this, MY FAREWELL SALE, I wish to express my kind appreciation. New Fall goods that were in transit, arriving daily. All are included in this mammoth value giving event. So don't fail to get in Saturday and save big money on men's new Fall furnishings, of all kinds. The end is drawing near—don't delay—buy tomorrow!

The NEW EASY WASHER

Washes while it Dries

SMOOTHLY, quietly and quickly—The New Easy Washer will remove washday griefs forever from your home.

For the first time the New Easy gives you a washing machine that will wash one batch of clothes and dry another batch at the same time—without a wringer.

The new Easy Washer has two tubs—one for washing, the other for drying. Each tub holds as many clothes as are equal to eight double sheets. While the large tub is washing one batch, the small tub dries another, and as a result of this unique feature washing time is cut in half.

Linens are never wrinkled by the Easy's marvelous new dryer. Buttons simply can't come off. There's no friction or strain on the clothes. If you must wash on a cold or rainy day you can run the Easy's dryer a little longer and start ironing at once.

Handles all the water

The new Easy makes its own soapsuds in forty seconds. It handles all the water for you without wasting a drop. It recovers the soapsuds from the clothes and returns them to the wash tub. It sends the rinse and the blue waters back from the dryer to the rinse and bluing tubs. It even empties itself into the sink when you're all through washing.

Let us show you the wonders of this New Washer in your own home on your next washday. We will gladly do your next week's washing without charge or obligation to you. Phone us now.

BOOTS AND HER BUDDIES

Bub Has a New Record

By MARTIN

HOW TO ANSWER BLIND

In answering blind addresses (for instance, L. Box 26, Register, or other similar addresses) please be careful to use the precise address given in the ad. Write address plainly. Letters brought to the Register office do not receive stamps. Always enclose your answer in sealed envelope with return address. If an advertiser who has made application for credit and opened an account with The Register Credit department in the regular form desires to have any "blind" advertisement published continuously "until further notice" he may do so by signing a "T" order to that effect. An advertisement thus begun will appear regularly until countermanded by written order.

BOX OFFICE REPLIES

The Register postoffice department is conducted for the benefit of patrons who wish answers to come to the office. Advertisers are furnished with identification cards which must be presented at The Register office. For the protection of our patrons, replies are not given out except on presentation of box card.

No record is kept of the names and addresses of patrons using The Register postoffice, and therefore no information concerning these advertisers can be supplied. A charge is made for the words "Box A-234, care The Register."

Financial and Market News

WALL ST. JOURNAL

NEW YORK, Oct. 15.—Rallying tendencies which developed Thursday failed to hold, and prices in the main body of stocks sank to new low levels on the reaction in today's session on the stock exchange. Nothing happened in the outside news to account for the decline which appeared to reflect the belief that business activity in this country was at its peak for this year and the time had come to approach the possibilities for 1927.

Many traders who had been operating on the long side liquidated their holdings with the idea of waiting until a clearer idea could be obtained of what prospects the new year would hold out.

British professionals took advantage of this selling to press their operations for the decline. As a result the market was extremely liquid. Most of the day's stock broke below 140, the point of resistance established on drivers earlier in the week and further substantial declines seemed in place in General Motors, Hudson, Mack Trucks, American Smelting and other special dividend industries.

The market closed lower. Allis Chalmers 38, American Beet Sugar 22 1/2, American Car 47 1/2, American Car Ferry Com. 38, Loco Com. 103 1/2, Amer. Smelt. & Ref. Interesting News of the Day Told In Pictures

This is the only picture of Thelma Ray Colman, wife of Ronald Colman, the film star, unless you want to go to the Alps for one. She's sojourning there pending her divorce action against Colman, whom she charges with leaving her penniless in Italy. He has filed a cross suit charging cruelty.

Ruby Ray, Georgia girl, above, serving a 6-year-old sentence for a holdup, succeeded in obtaining at least a temporary stay of execution for her sweetheart, Mel M. Gore, below, by means of a sacrifice confession that she committed the murder for which he was convicted. Gore was to be hanged for the killing just before last Christmas of William H. Cheek at Atlanta. The Ray girl suddenly said she fired the shot. This was the day before the execution and Gore was given a 60-day respite.

Dad has a million dollars, but he wouldn't put up the cash for a trip to Europe for her—so she's earning it herself. She's Miss Olive Leonard, daughter of a Seattle power magnate, and she's making \$30 a week as a department store model so she can go abroad.

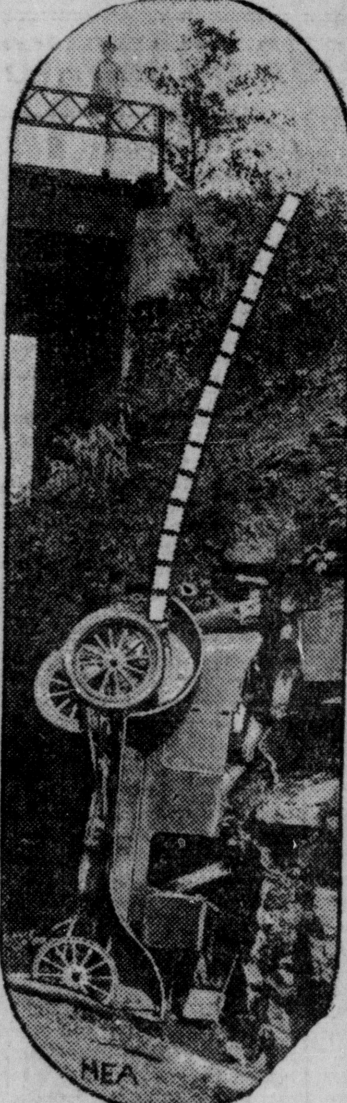

Maj. Gen. Charles P. Summerall, U. S. A., is the new chief of staff of the American army, replacing General Hines. A friend of President Coolidge, General Summerall is expected to follow his predecessor's policy of using the regular army as a training unit for a large civilian reserve force.

Although Mrs. Lois Guenlek was 2000 miles from the nearest American port, she made the trip from Rosario, Honduras, and here is shown with her daughter, Olise Constance, born at San Francisco, on American soil, getting ready to return on the Panama Mail liner Corinto to rejoin her husband.

When the army dirigible RS-1, largest semi-rigid airship in the world, docked at Henry Ford's Dearborn (Mich.) airport after a night flight from Belleville, Ill., Col. John A. Paegelow, its skipper, invited Henry Ford to go for a ride. "No, thanks, the ground has always been pretty good to me," replied Ford. He added, however, that the ship looked safe enough for anyone. Above the RS-1 is shown moored at Dearborn; below are Ford and Colonel Paegelow.

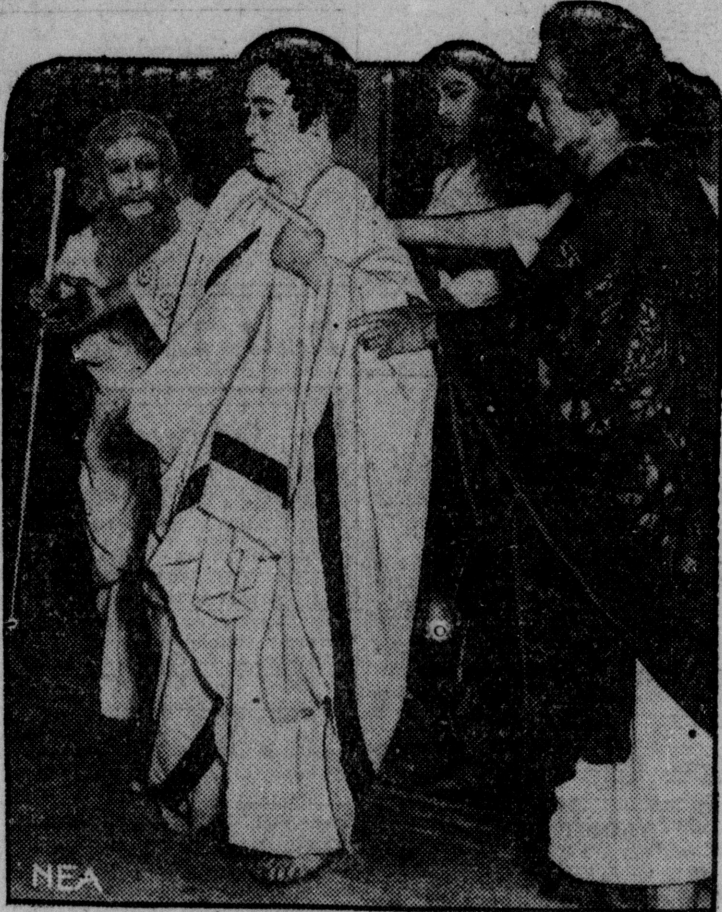

This automobile took a 35-foot nose dive when its driver missed a bridge just north of Birmingham, Ala. The motorist was crushed to death.

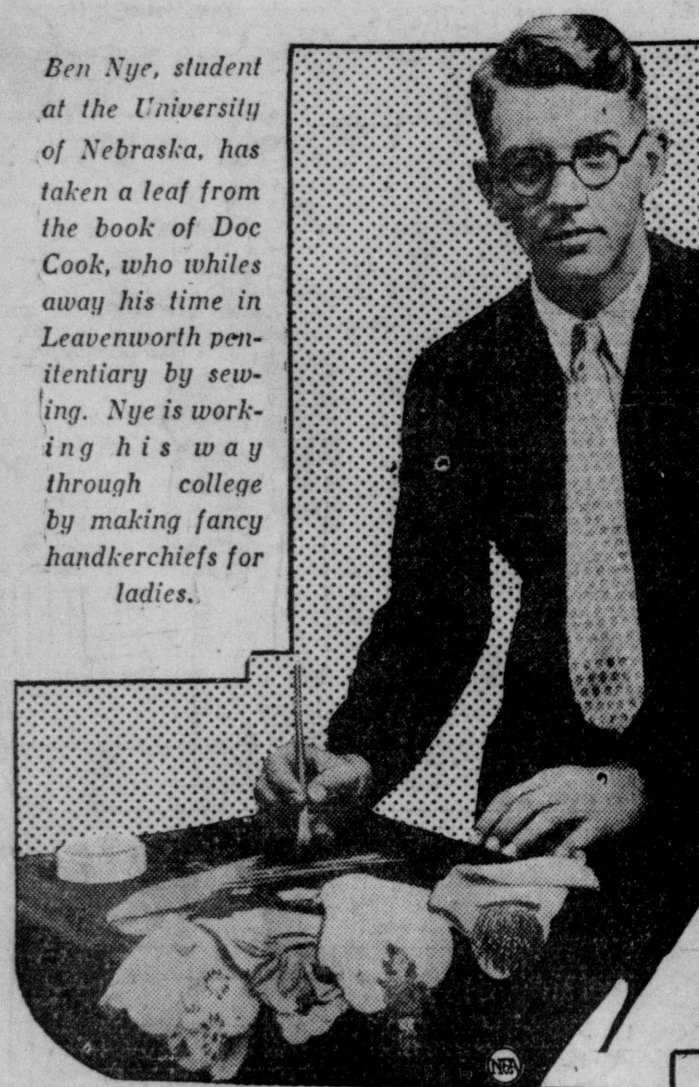

The winners of the National hair contest held at Philadelphia are shown touring the Sesqui-Centennial with the trophies won by the beauty of their tresses. Left to right are Florence Frey, Brookline, Mass., second prize winner; Hildegrade Holme, New York City, first prize, and Rose Gronberg, Lynn, Mass., third.

Don't try to get Ann Rork's goat, because she's got a strangle hold on it. Goats, you know, are quite the thing as pets in certain Los Angeles circles, and Ann is shown here with hers—a baby goat who hasn't had time to sprout horns yet. Oh yes—in case you haven't guessed it, she's a movie actress.

Japan surely is getting modernized rapidly! Tokio has taken up Shakespeare. This photo shows a performance of Julius Caesar (he's the Oriental in the white smock) at a Tokio theater.

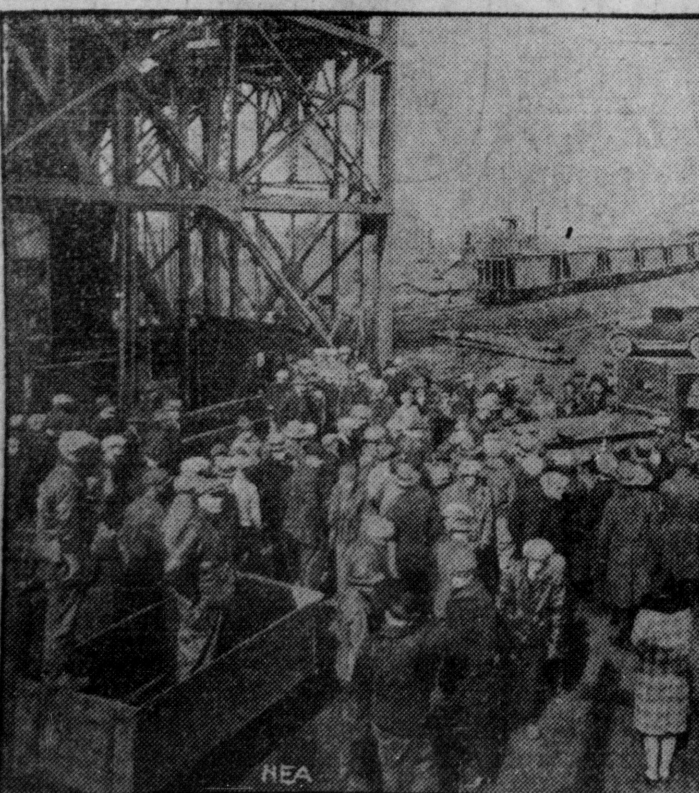

Ben Nye, student at the University of Nebraska, has taken a leaf from the book of Doc Cook, who whiles away his time in Leavenworth penitentiary by sewing. Nye is working his way through college by making fancy handkerchiefs for ladies.

This monument has just been unveiled at Tetreau, Quebec, in honor of Jean de Brebeuf, Jesuit priest, who was martyred by the Iroquois Indians on March 16, 1649. He was beatified by Pope Pius XI.

Interested in furthering the ideals of her husband, the late war president, Mrs. Woodrow Wilson attended meetings of the League of Nations. She is shown, right, as she came from the meeting of the seventh assembly of the league.

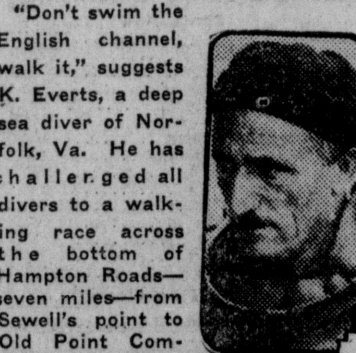

Three men instantly were killed and 43 more trapped far below the surface by a cave-in at the G. P. Pabst iron mine in Ironwood, Mich. This picture shows relatives of the entombed men grouped about the mine shaft as the bodies of the three dead men were brought to the surface. The 43 miners later were rescued.

Drinking, petting, and improper dancing are increasing in colleges, and co-eds are to blame. Thus charged Wilfred O. Cross, above, in a church paper. Now Cross, former University of Illinois student and son of a Potomac (Ill.) minister, is in hot water. Students all over the country are assailing him.

Noah would have thought he was right at home had he visited Kansas when the Neosho, Verdigris and Cottonwood rivers overflowed and gave the state the worst flood in its history. This picture, taken from an airplane (part of the wing can be seen in the foreground), shows how the country just outside of Burlington was inundated.

"Don't swim the English channel, walk it," suggests K. Everts, a deep sea diver of Norfolk, Va. He has challenged all divers to a walking race across the bottom of Hampton Roads—seven miles—from Sewell's point to Old Point Comfort.

The Glasgow-London express didn't stop where it should at the Leeds Midland station. It went right on, smashing buffers, demolishing a small power plant, and crashed through the station. No one was injured.

These boys of the Elk Grove, Calif., school will be ready for the day when women take men's places as bosses of our civilization. Left to right, Egar Anzoe, Lester Core and Shimata Oshita, they are singing "The Song of the Shirt" as they emulate the "Big Thread and Needle Man from Sew and Sew," named Taylor.

Radio's fairest at the world radio fair in New York. Ada Winston is displaying a new device for remote control of wireless reception.

MANY CHANGES ARE SUGGESTED IN PENAL CODE

Summaries of the proposed changes in the penal code that will be approved by the California Peace Officers' association, at Bakersfield, next month, and forwarded to the state legislature for consideration, were received by Sheriff Sam Jernigan today.

There are 11 major changes in the penal code that merit more than passing interest: in all there are 25 changes in the code that will be brought before the entire association for discussion and action. The 11 proposed changes are radical and are a departure from the usual trend of prosecution and treatment of convicted criminals. The proposed changes in the code are requested of the California legislature so as to close the "loopholes" used by the criminals in escaping the penalty of the law.

More Rights Allowed
Probably the most radical change in the code would be that the jury may consider and counsel may comment on failure of defendant to testify. This means that if a defendant refuses to take the stand in his own defense, the prosecuting attorney has the right to comment on it and the jury would be within its rights in considering it a portion of the evidence produced at the trial.

Under the present penal code it is necessary that an entire vote be returned by a jury before a verdict can be reached, however, the association makes a proposed change to give the jury the right to return a majority verdict, except where the death penalty may be imposed. This action would speed up justice and the county would be able to handle more criminal cases in its court.

Parole Question Discussed
The court of appeals will be the authority for an order of stay of execution, if a proposed change in the code is adopted by the legislature. Whenever a defendant is arrested and has a deadly weapon on his person, he is to be denied probation, according to a proposed change to be made in the probation granted when there is a previous conviction for a felony. The trial judge, according to the proposed changes, is to recommend minimum term before parole being granted a convicted defendant.

A change in the penal code, which has been adopted by many states, and which is a radical departure from the present code, is that a habitual criminal is to be given life imprisonment. Another departure in the proposed change, is that life sentence will not be subject to parole before 25 years. With a prior conviction, no parole until after five years of the sentence has been served; when armed with a deadly weapon, parole not to be granted until 15 years of the sentence has been served; larceny, embezzlement and obtaining money under false pretenses to be grouped, and carrying a deadly weapon without a permit is to be a felony, are some of the other important proposed changes.

EL MODENA

EL MODENA, Oct. 15—Wednesday afternoon, the regular meeting of the Woman's Christian Temperance Union was held at the W. A. Settle home on East Walnut. Mrs. Blancher, the president, had charge of the meeting. Mrs. T. J. Coburn led in devotional, taking as her text Matt. 5:13. Arrangements were made for a house to house campaign in an effort to get out a 100 per cent dry vote at the coming election. Reports were heard from the national convention. Mrs. Pearl Kendall Hess, of Orange, Mrs. Settle, Mrs. Blancher and Mrs. Adams, all told of some of the things they had seen and heard at the convention. Those present were Mrs. Blancher, Mrs. T. J. Coburn, Mrs. George Slater and daughter, Virginia; Mrs. Ethel Stoner and son, Johnny; Mrs. A. M. Jessup, Mrs. Campbell, of Villa Park; Mrs. Pearl Hess, of Orange; Mrs. A. O. Hodson, Mrs. A. C. Adams and the hostess, Mrs. W. A. Settle.

Saturday evening, the following local people attended a social meeting of the alumni Christian Endeavor society of the Presbyterian church in Orange at the home of Dr. and Mrs. B. E. Garrison: Mr. and Mrs. B. M. Culter, Miss Edith Culter, Mr. and Mrs. W. A. Settle, Mr. and Mrs. F. M. Gulick, Mr. and Mrs. Buffington and Mr. and Mrs. C. H. Willis.

Mrs. Clark visited in Santa Ana over the week-end.
Mrs. Guyton, of San Luis Obispo, is visiting at the home of her son Leonard Guyton.

Miss Elsie Crist, who is teaching in Pasadena, spent the week-end at the home of her father, W. F. Crist.

Herschel Settle was a visitor in Santa Monica Sunday.

E. D. Waffle was a visitor in Los Angeles over the week-end.

A son was born October 7 at the Oroville hospital, Oroville, to Mr. and Mrs. James P. Wheeler, a son. He has been named William Adams.

Mrs. Wheeler was Miss May Adams, daughter of Mr. and Mrs. R. C. Adams. Mr. and Mrs. Wheeler live at Gridley.

Warren Kellam a brother of Mrs. Dickerson, is visiting at the Dickerson home.

Mrs. Cutright and Mrs. Ristow, of Orange, visited Miss Nellie Crist on Wednesday.

Mr. and Mrs. T. S. Dickerson visited Sunday in Upland with Mrs. Dickerson's sister.

Mr. and Mrs. Pruse and baby, Mrs. Arthur Smith and baby, and Mr. Johns, all of Los Angeles, visited Miss Nellie Crist Sunday.

Mr. and Mrs. Howe, of Santa Ana, called at the Elmer Koenig home Thursday evening.

LACK OF MECHANICAL DEVICES AND ANIMAL LABOR IN ORIENT IMPRESS PAIR ON WORLD TOUR

"People in other parts of the world are more satisfied with nothing than people in America are with all their wealth," according to F. P. Nickey, Santa Ana hardware merchant, who, with Mrs. Nickey, has just returned from an eight-and-a-half-month round-the-world tour. During the trip, Mr. and Mrs. Nickey visited the Hawaiian islands, Japan, China, Italy, Switzerland, France, Germany, Belgium, Holland and England.

The lack of mechanical devices and of animal labor in the Orient, together with the queer costumes made that section of the world the most interesting to Mr. and Mrs. Nickey. They declared that people in Europe are much the same as Americans and that a person is not conscious of being among strangers in Europe as much as in China or Japan.

That people in other parts of the world "take things easier" than Americans and view with amusement the "American rush," was the declaration of Nickey. Mr. and Mrs. Nickey had the independence of foreign merchants impressed upon them in Italy, where they decided to go shopping one day. Starting out rather late in the morning they arrived at a shop at about 11 a. m., only to find it closed. After visiting several other shops they finally discovered that it is the custom to close the shops and stores in Italy from 11 a. m. until 1 p. m., each day.

Much Human Labor
The many human beings employed as "human freighters" in the Orient and even in Germany impressed Mr. and Mrs. Nickey. According to Nickey, in Germany, he witnessed two men operating a one-horse plow. One of the men was leading the horse, the other guiding the plow. He asked the reason and was asked in return, "What would the other man do if one did all the work?" Nickey declared that it was not because the European and Oriental countries are uneducated that human labor is so much in evidence, but because under the circumstances, human labor is the most economical. Nickey pointed out that in machinery were used, millions of persons would be thrown out of work and would starve. He also declared that in some countries a penny amounted to almost as much as a dollar here.

Mr. and Mrs. Nickey paid considerable attention to the industries of the various countries which they visited.
There is more to see in America than in any of the European countries, according to Nickey. He has traveled extensively in the United States and declares that the scenery here is much prettier than in any other portion of the world, with the possible exception of Switzerland.

60 Days On Water
Mr. and Mrs. Nickey spent approximately 60 days on the water and traveled in four "floating palaces." They sailed from San Francisco to Hawaii on the Matsonia. From Hawaii they sailed on the S. S. Tia Maru and later traveled on the Fulda and the Penland. All the boats were equipped with elevators. Beautiful dining rooms, picture shows, roof gardens, gymnasiums, plunges, libraries and in fact, all the comforts that would be found in any hotel, were found on the vessels, according to Mr. and Mrs. Nickey.

Enroute from Hawaii to Italy, Mr. and Mrs. Nickey visited Manila, Singapore, Ceylon, Colombo, Point Sudan, passed through the Suez Canal, visited Point Said and traveled up the Mediterranean sea to Italy. At Belem, Mr. and Mrs. Nickey were attracted by the queer costumes of the Malays and the many monkeys and snakes. At Colombo the cinnamon gardens, snake charmers and the queer combs and skirts worn by the women drew their attention. Coral reefs and Arab freighters were much in evidence at Point Sudan.

Visit Monte Carlo
The Campo Santo cemetery in Genoa was seen by the Santa Ana travelers. They also visited the Riviera and Monte Carlo, tasted the fruits at Nice and saw oxen in Rome. Mt. Vesuvius and the mosaics in Naples, the gondolas in Venice and the cathedral in Milan. Italian lakes of exceptional beauty also were visited by Mr. and Mrs. Nickey, among the lakes being, Bellagio, Monaggio, Lugano and Lucerne. They also passed through St. Gothard's pass, where there is a tunnel nine and one half miles long.

Mr. and Mrs. Nickey traveled on the Rhine river and visited other places of interest in many European countries. They spent several days in Cologne, Amsterdam, The Hague, Rotterdam, Brussels and London.

The most welcome sight on the entire trip they said, was that of the Statue of Liberty.
CORONA DEL MAR
CORONA DEL MAR, Oct. 15—Dr. Arthur A. Noyes of the California Technical Institute at Pasadena has returned after a few days' stay in his beach home on the ocean front.

Miss Alice Alden and mother, of Los Angeles, spent the past week in the Alden cottage on Ocean boulevard.

Mrs. E. J. Longyear, of Altadena, has been stopping at the Palisades club for several weeks.

Mr. and Mrs. Fred Gleck, of Santa Monica, are occupying the cottage of Miss Sunshine Hart, having come here the early part of the summer. Mr. Gleck is engaged in street work.

Miss Margaret Freytag, of Pasadena, spent the past week-end in her cottage here.

Mrs. C. Stueky was a visitor to her daughters in Pasadena over the past week-end.

Mrs. Fred Gleck had the misfortune to sprain her ankle since coming to this locality, but is able to be about with the aid of a crutch.

Mr. and Mrs. Edward Hutchinson, formerly of Whittier, are staying here during the time the street work is being done and will remain for most of the winter. They are occupying the cottage of Miss Margaret Freytag.

William Kendal has gone to Fontana to be absent for some weeks.

ELECTION EVEN BET. MISSOURI OBSERVERS SAY

(By United Press)

KANSAS CITY, Mo., Oct. 15.—The fall campaign in Missouri has become a fight by both Republican and Democratic parties to get out the vote on election day. The major contest between Senator George H. Williams, Republican, and Harry B. Hawes, Democrat, for the junior senatorship from Missouri is somewhat overshadowed by determination of both parties to stir voters from their apathy and get the "straight ticket" across.

The senatorial race has been pushed partly out of the spotlight by Senator James A. Reed, whose acceptance by voters, Woodrow Wilson Democrats this year has started boomlets for Missouri's senior senator for president in 1928.

Reed to Leave Senate
Reed has announced he will retire from the senate on expiration of his term two years hence and, while he refused to take seriously—publicly, at least—the presidential talk, nevertheless, this talk seems to have become the chief topic among his constituents.

The burial of the hatchet by Democrats who read Reed out of the state convention in 1920, because of his opposition to President Wilson, is regarded as a good omen by the party and harmony within the ranks is the keynote of every stump speaker's speech. While Missouri chooses no governor this fall, the Democrats are becoming more confident of sweeping the state from Hawes on down through the ranks of minor state officials.

Republicans, on the other hand, are pointing to Senator Williams' record, his support of the national administration in its policies of economy and prosperity. Then, too, Gov. Sam Baker is a Republican and the G. O. P. followers feel the voters will register their approval of his administration by putting Republicans in state offices.

Oppose World Court
Both Hawes and Williams are opposed to the world court; each opposes a proposal to repeal the state dry law; Williams is understood to be "personally" wet, but favoring enforcement of the 18th amendment, while Hawes is known to favor modification of the dry law within the limits of the 18th amendment.

On the other issues, the chief difference is, from a political viewpoint, indications are that the election this fall will be settled along strictly party lines.

Whichever party musters the most strength at the polls in November stands the best chance of victory. It's an even bet, so far, with not much choice between the two.

Individual and tribal property of American Indians is estimated to be worth \$727,748,897.

More than 110,000 miles of motion picture film is produced in the United States annually.

Legal Notice

OFFICIAL STATEMENT OF THE PROCEEDINGS OF THE BOARD OF SUPERVISORS OF ORANGE COUNTY, CALIFORNIA, October 13, 1926. The board met in regular session. Present Supervisors T. B. Talbert, Chairman, Wm. Schumacher, William Smith, George Jeffrey, and the Clerk. Absent Supervisor S. H. Finley. Minutes of the previous meeting were read and approved.

Demands on the County of Orange were allowed as read.

Supervisor S. H. Finley was granted a ten days leave of absence from the state.

A resolution was regularly adopted retaining L. A. West, Attorney, relative to conservation of storm and flood waters of the rivers and streams of the county.

The bid of Peerless Pump Company for \$850.00 was accepted for the deep well pump for Orange County Water Works District No. 2.

It was ordered that the county supervisor be directed to give an extension of time for sixty days from October 12th to Griffith Company for the completion of their contract in County Improvement District No. 2.

The county auditor was directed to draw a warrant for \$1500.00 on the advertising fund in favor of the All Year Club to be used for advertising Orange county.

The purchasing agent was authorized to purchase one six-wheel Moreland truck, to be used for the road department.

The application of Aaron Buchheim to transfer and convey to the San Juan Water Company all the rights given and granted by the county of Orange to construct, maintain and operate pipe lines, laterals and service connections under and along all public highways in a certain portion of the County of Orange, State of California, under and by reason of Ordinance No. 246 was granted.

The board adjourned to October 19th, 1926, at 10:00 a. m.

J. M. BACKS,
County Clerk and ex-Officio Clerk of the Board of Supervisors of Orange County, California.

DOUBLE ACTING

CALUMET
THE WORLD'S GREATEST
BAKING POWDER

SALES 2½ TIMES THOSE OF ANY OTHER BRAND

Calumet contains two leavening units—one begins to work when the dough is mixed, the other waits for the heat of the oven, then both units work together. And that means double value, double protection against bake-day failure and waste. Try it. MAKES BAKING EASIER

ALWAYS THE BESTBURNS NAMED MOST
VALUABLE PLAYER

CHICAGO, Oct. 15.—George Burns, hard hitting first baseman of the Cleveland Indians, was named the most valuable player in the American league, it was announced at the office of B. B. Johnson, league president, here today.

Burns was practically the unanimous choice of the baseball writers' committee which balloted on the players. He received 63 out of a possible 64 votes.

Next on the list was Johnny Mostil, center fielder for the Chicago White Sox. He received 33 votes. One vote behind him was Herbert Pennock, New York Yankee pitcher.

Burns, who has played on half the teams in the American league during the past 13 years, had a batting average of .358; he drove in 44 runs and scored 97 himself during the past season. He topped his 1926 record by making the record number of two-base hits, breaking the record of his manager, Tris Speaker. He hit out 64 doubles, and had three triples and four home runs to his credit.

Fair Golfers
Hold Tourney
On S. A. Links

Fifteen women members of the Santa Ana Country club yesterday afternoon participated in the blind bogey golf tournament staged by Professional Art Rigby over the local course. Mrs. J. L. Wheeler with a 119 minus a 28 handicap for a net 91 tied with Mrs. V. A. Rossiter, 156-65-91.

Mrs. J. Ainsworth and Mrs. Ed Holmes, Jr., tied for second honors. Mrs. Ainsworth's shooting a net 88 and Mrs. Holmes a net 92.

Following are the scores:

Gross Handicap	
Mrs. D. E. Rogers	142 43 99
Miss M. Way	123 43 95
Mrs. J. L. Wheeler	119 28 91
Mrs. J. Ainsworth	110 22 88
Mrs. F. C. Drumm	114 28 86
Mrs. Hugh Shields	115 28 87
Mrs. N. H. Hilton	146 45 101
Mrs. E. B. Van Meter	143 50 93
Mrs. L. W. Bemus	176 80 96
Mrs. Ed Holmes, Jr.	147 55 92
Mrs. R. D. Crenshaw	117 43 74
Mrs. A. G. Flag	121 35 86
Mrs. B. J. MacMullen	109 22 87
Mrs. E. B. Collier	124 43 81
Mrs. V. A. Rossiter	156 65 91

GOVERNMENT BUYS OPIUM
CAIRO, Oct. 15.—The government is buying the existing opium crop for 200,000 pounds, hoping to find a purchaser for the whole crop. Poppy growing in Egypt will be prohibited in future.

Santa Ana, October 15.

Dear Lois—I hope you are as eager to hear about the party as I am to tell it to you. It was a real success. My cousin, Ted, and Katie Benton went home with me and, of course, their presence added a great deal to the party. The refreshments were good and the treasure hunt passed all expectations. I truly am surprised that any of those who participated in it came out alive from all the wild stories I heard after they had returned.

I had some nice prizes, at least the winners said so. For the boys there was a key case, purchased at Huffs, and I purchased the cutest powder box for the girls. It was all pink and blue and had feathers on the top. I got that at the Betty Rose shop.

Sunday, after church, we were walking by a garage, where a radio was announcing the world series, so we stopped and listened. I believe that I must have stopped breathing during the innings that we "listened in," so scared was I that the Yankees would lose. And then, after I was sure that they would win—they lost! But I lived through it, even though I was sadly disappointed.

Shopping With Katie
I saw Katie again Wednesday, when she came to the house to buy some shopping. She was looking at hats, but was not able to find one of which she thoroughly approved. The first place we tried was Fein's. They have some especially pretty hats there—large ones in rich shades of red, blue and purple, made with velvet. I asked the saleswoman if she sold such large ones and she answered that while they featured them there were not a great many sold. The most popular hat, she said, is the tam o' shanter. Little velvet ones that sit saucily on one's head, if one's head is bobbed, for otherwise they are not in the least becoming.

We then went to Nadine's and here I gasped with amazement, for in the window were a number of queer looking hats, tight around the head and flaring out like a mushroom, appearing to belong to part of the regalia of some lodge. I did not ask if they were popular or not, but since have seen a few on the street. I saw one on Julian Eltinge on the stage and certainly that makes them proper, for he is noted for his exquisite taste when buying feminine garb. At Nadine's, I think more than at other stores, you can get delightful little sports hats, but

for some reason Katie did not find one to suit, so we gave up the pursuit of headgear.

Learn About Lard
We went to Seidel's market to buy some lard and because Mr. Seidel is an old friend of my father, we listened to a most interesting discourse on the value of the kind of lard that he sells. I believe that it is Cudahy's Puritan leaf lard and, for some reason, is the very best lard that can be bought. I asked why and was told "because it is leaf lard." Now that means nothing to me. Leaf lard sounds as if it were sort of like ice cream that has melted and been refrozen, but it isn't. It is the smoothest, whitest, nicest smelling lard I ever have seen. Of course that means very little, as my experience with lard is lacking, but anyhow I should use that kind if I were keeping house.

While walking down Fourth street I noticed the minimum coffee pots in Asher's jewelry shop. There was a sign saying that they will be on sale Saturday and if they are as lasting as they look they truly are a great bargain. We met Dixie Rhodes at Asher's, where she also was inspecting coffee pots, which was appropriate as she is to be married soon.

She is so pretty and sweet and blonde, I know she will be adorable in a white apron, preparing coffee for Jack. And she is so thrilled about buying things for her house. She has forgotten all about clothes and is spending all of her money on dishpans, mops, brooms, dishes and such things.

Knows How to Be Pretty
One thing she hasn't forgotten, though, is the art of being pretty, and she was just on her way to the White Cross to buy a new supply of cosmetics. Thinking that we could get some pointers, Katie and I tagged along. Everything that Dixie purchased was made by Yardley's of London, England, and everything was lavender. It is appropriate for her to use lavender powder and so on because, to my mind, it is just like her. Katie and I have developed quite a crush on her, so you will be regaled with lengthy accounts of her for some time to come.

Katie was the one who called my attention to Dixie's feet, the most perfect ones I ever have seen, and they always are beautifully shod. And she gets all of her clothes right here in Santa Ana, too. I wondered about the shoes and asked from where they had come. She said that she had purchased them at Miles. If she tells that to many persons Miles' trade certainly will boom.

But this is enough.
Love,
Louise.

Expecting a battle that will necessitate a showing of all of its wares, the Tiernan baseball aggregation will engage the strong Anaheim city team, at Westminster, Sunday afternoon at 2 o'clock.

Manager "Evy" Wilcox, of the Platt Service station, announced today that Jerry Heard would be on the mound for the Santa Ana team, with Luther Babcock doing the receiving, but that Oscar Spencer, star twirler, would be held in close reserve.

Sunday's game is the first scheduled between the two teams, and Manager Wilcox said that little difficulty was expected provided his players showed their usual form. Middlebrook will be on first base, Scott at second, L. Daley at third and Roy Heard at short. The outfield will be made up of Preble, Nelson and E. Daley.

College Squad
Is All Ready
For Pasadena

(Continued From Page 17.)

center; Captain Smith, quarterback; Poe and Langley, halfbacks, and Clapper, fullback.
Keith "Hot" Clapper will be the big threat of the Santa Ana team against Pasadena. His punts of 50 and 60 yards will enable Santa Ana to play for breaks.

Here is the schedule for Santa Ana for the rest of the season games: October 23—Loyola at Los Angeles; October 30—San Bernardino at Santa Ana; November 6—Riverside at Santa Ana; November 13—Fullerton at Fullerton; November 20—San Diego state normal college freshmen at San Diego.

"Seidel Advertises Quality and Quality Advertises Seidel"

Fat Helps Improve
Quality of Beef!

The choicest and tenderest beef is that in which the lean is well marbled with fat. When these particles of fat are heated during cooking, they blend with the meat juices and thus develop the flavor and tenderness of the meat. Seidel's Markets feature Prime Steer Beef so the housewife always finds that marbling present when buying beef cuts

here. Naturally the rib and loin cuts are the most tender. The less tender cuts can be made tender by longer cooking. Thus the round, shoulder, brisket, flank and plate of Prime Steer Beef will, if properly prepared, be more tender and have a better flavor than the ribs and loin of a plain steer, the flesh of which is not marbled with fat.

Y. BOYS TO MEET
AT FAIRGROUNDS

About 200 boys will assemble tonight at the county fair grounds, for a Y. M. C. A. camp reunion. Boys will be present from all over Orange county and the occasion of the meeting is to renew friendships and to live over again some of the good times they have had at Camp Osceola.

The fun will start with a barbecue prepared under the direction of Archie Raitt, Y secretary for the north county district. Following the feed, there will be a program, including typical "campfire" stunts and songs, and concluding with a talk by the Rev. Thomas H. Walker, of Anaheim, who is one of the most enthusiastic camp leaders. The emblems for the 1926 camp will be awarded to boys eligible for them.

Recognize Menus
As Works of Art

PARIS, Oct. 15.—Restaurant menus are to be recognized as works of art in the great restaurants of Paris. They are to be signed, like great pictures, with the name of the artist—the chef who prepares them.

Demands from the customers for the names of the men who have prepared supper dishes that have pleased, as well as a realization on the part of the proprietors that it is good business to make the names known have led to the step. Some proprietors fear, however, that the removal of licensed chef from one restaurant to another will have the effect of taking away patronage.

The move at any rate, is considered likely to raise the salaries of cooks who have already achieved enviable reputations with a discriminating clientele.

BAR PLANES IN HUNTING
MELBOURNE, Oct. 15.—The executive council of the state of Victoria, Australia, has prohibited the use of airplanes for the hunting of any species of native game.

Man Has Miraculous
Escape

"I was told by our family physician that I could not live without an operation, as my liver and gall sack were in such a condition. I set the day to go to the hospital, but then I saw the advertisement of MAYNE'S. Since taking it I am feeling like a two-year-old. I am sure I never could have survived an operation." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At all druggists.—Adv.

COMMANDER OF LEGION NAMES 18 COMMITTEES

Promising a banner year in all lines of American Legion activity, Jules Markel, newly-elected commander of Santa Ana post, No. 131, today announced the committees which will work with him during the ensuing year.

Committee selections were made after Markel had held a conference with the post's executive committee.

The committees are as follows:

Program and entertainment—E. M. Sundquist, chairman; Fred Wilde and Harold Post.

Membership—Sy. Eaton, chairman; Bob Sandon, E. F. Matthews, H. McCormack and J. W. Canfield.

Publicity—W. K. Getty, chairman; J. A. Berry, Tom Smith and Charles Van Wyk.

Civic affairs—Ed McFadden, chairman; G. K. Scovel, Z. B. West Jr. and O. A. Jacobs.

Funeral—William McElhannon, chairman; Ernie Winbigger, Roland Dye, H. MacVicker Smith and George Platt.

Insurance and compensation—Frank West, chairman; Roy Fortier and R. P. Yeagle.

Americanization—James Farrage, chairman; Tom Lambros, H. MacVicker Smith, O. A. Jacobs and Maurice Enderle.

House committee—Ed Struble, chairman; Bob Sandon, E. E. Christensen, Fred M. Perryman, Andrew Lykke, Walter Sorenson, W. K. McCarty, Kelly Yount and C. M. Featherly.

Sick and well—Herman Zabel, chairman; W. DuTemple, Ernie Winbigger, William McElhannon, H. MacVicker Smith, Mrs. Newell Crouse and John Wehrly.

Athletic—Fred Faber, chairman; John Wilcox, Carl Edgar, A. B. Berry, Ray Adkinson and Ed McFadden.

Finance—Theo Bolt, Eugene Robinson, Claude Sleeper and A. F. Crowell.

Judiciary—Stanley Reinhaus, chairman; M. B. Wellington, Frank West, G. K. Scovel and Morris Cain.

Color bearer guards—W. H. Leach, Franklin Grouard, William Wieland, H. R. McCalla and Tom Smith.

Boy Scout—Carl Edgar, chairman; Fred Marker, H. Smith, Eugene Douglas and H. D. Bomboy.

Parade—J. W. Markel, chairman; A. Honer, William Eckles, F. C. Anderson, H. Erickson, A. Lykke and Bob Sandon.

Dance—Ed Kolbe, chairman; Franklin Grouard, G. K. Scovel, Dean Collier, C. A. Cramer, Robert Sandon, Orval Heaton, Albert Brunning, R. Hardcastle, Tom Scudder and Cornish Roehm.

Historical—Eugene Douglas, chairman; Mark Todd.

County council—J. W. Markel, Elmer Schanz, Carl Edgar, Franklin West, G. K. Scovel, Charles Nussbaumer, Maurice Enderle, Eugene Douglas, A. B. Berry, J. V. Connett and C. A. Cramer.

ent. Aviation developed it. The time probably never will come when planes will ascend through a severe surface storm, even though calm may prevail on top of it, any more than a ship—with the exception of the coast guard's revenue cutters, which specialize on that very storm—puts to sea in the face of alarming weather, even though there's good weather on the other side of it.

The time may easily come, however, when planes will maneuver vertically, to get out of a storm center, just as surface ships now maneuver horizontally.

ELKS LODGE TO STAGE FROLIC ON HALLOWE'EN

Santa Ana Elks will stage one of the biggest Halloween parties in Orange county this year on Saturday night, October 30. It was announced here today by Fred Newcomb, chairman of the entertainment committee of the lodge. Cards, notifying Elks in the county of the big frolic, have been mailed to several hundred members and plans are being made for the biggest social event of the year.

The Halloween affair will be a get-together and get-acquainted party and, according to Newcomb, "everyone will be introduced to everyone else."

Stunts, surprises and games will feature the program, with a big dance winding up the party. Admission to the party will be by card only and Elks are advised to leave their money at home, as it will not be needed. Mr. and Mrs. A. G. Flagg will act as host and hostess at the card party to be held in connection with the frolic. Bridge and 500 will be played.

Newcomb will have assisting him on the general committee W. R. "Stormy" Gordon, Earl Abbey, Dr. V. A. Rossiter, Barney Crawford, Clair Johnson and L. H. Schlesinger.

Trustees of the lodge will have a new hardwood dance floor in condition for the dance and music will be furnished by the Chapman orchestra.

Our Neighbors

SAN DIEGO—Eighty-five thousand tons of merchandise, with a valuation of \$2,982,698, was handled over San Diego docks and wharves during August, according to the monthly report of shipping activities made public by Harbormaster Joseph Brennan. Foreign commerce amounted to 6884 tons, and that of domestic trade to 77,019 tons. Arrivals for the month totaled 101 steam, motor and unrigged vessels. There were 102 departures. Passengers arriving from or sailing for domestic and foreign ports numbered 9711. A total of 215,050 passengers were transported by the transbay ferries. Seaford receipts amounted to 1919 tons, valued at \$239,785. Revenues for August amounted to \$10,973.35, of which \$2330 was derived from rentals, \$1016 from tolls and the remainder from miscellaneous sources.

SAN FERNANDO—Gain in postal receipts in San Fernando for the month of September was 28 per cent over a corresponding period a year ago, according to Postmaster H. C. Caldwell. By a coincidence, the increase for the month is the same percentage as that for the past year. Estimated receipts for the year will approximately double that of four years ago, declared Caldwell.

SAN DIEGO—The second new industry to locate here within a month to utilize the extensive kelp beds outside of San Diego is announced. The California Carbon company, at the foot of F street, Chula Vista, has purchased the entire equipment of the Marine Chemical company, representing an investment of approximately \$60,000. The California Carbon company, which will manufacture potash, iodine and other salts from the kelp, is erecting a three-story building in addition to the present plant and boiler house, in charge of operations of the new firm. Three carloads of machinery and equipment have been brought to San Diego and two more are on the way. Between 200 and 300 tons of kelp a day will be used by the firm, which will start large scale productions as soon as the installation of machinery has been completed.

RIVERSIDE—Citrus shipments from the Riverside district for the season of 1925-26 which will close October 31 have passed the 4400 car mark. Including truck and express shipments the season's total seems certain to be a little over 4500 cars.

PASADENA—Approximately \$3,150,000 will be spent on the operation of Pasadena's public schools during the next fiscal year, according to the annual budget adopted by the board of education.

REPORT TELLS WIDE SCOPE OF Y. W. C. A. WORK

The wide scope of the Santa Ana Young Women's Christian association is well illustrated in a report of the association's activities, submitted to the board of directors of the Santa Ana Community Chest, it was pointed out today by supporters of the Blue Triangle organization.

The report was prepared by Miss Nancy Elder, general secretary, and Miss Mabel McFadden, treasurer. Both of these women are prominent in the Santa Ana Business and Professional Women's club, Miss McFadden having served as president.

Under the heading of "Fertile Facts," the following information, concerning the work and membership of the Y. W. C. A., is offered.

283 Adult Members

"The number of adult members is 283; these are representative women of Santa Ana who believe in what the Y. W. C. A. stands for and who responded to the only club that yet has been made for members."

"The junior members, Girl Reserves, at the close of the school year numbered 116. Eight young women gave their time as advisors to the Girl Reserves clubs, which train the girls in Christian citizenship."

"A club of business girls, between the ages of 18 and 25, was organized in March, with a membership of eight. This group now numbers 27."

"Enrolled in gymnasium and swimming classes during the year have been 234 home and business women and 243 girls. Some of the women come from Garden Grove, Orange, Anaheim and Villa Park. The average attendance this year in the women's classes has been 63, in the girls' classes, 92. Last year, in the women's classes, the average was 53, in the girls', 92."

"The number coming into the Y. W. C. A. rooms daily averages from 20 to 25. This includes girls and women from stores and offices, from the country and strangers seeking rooms, employment or information. Club girls, who come for meetings or recreation, are not included in this number."

"Approximately 900 women and girls have been directly touched by the association this year."

40 Girls At Camp

"Forty girls attended the first Y. W. C. A. camp last summer. Girls from Fullerton, Anaheim, Orange and Santa Ana attended. With the growth of the Y. W. C. A. work in the county this year, two camps probably will be held next summer."

"A cabin is owned by the association near Modjeska's home and is used by groups within and without the Y. W. C. A. Beyond the initial cost of equipment, this cabin is self-supporting."

"Definitely planned work for women and girls has been carried on in Santa Ana two years. The Y. W. C. A. has been fully organized less than a year and the field for service merely has been touched upon. For younger girls' work there is the field of approximately 1000 girls in junior and senior high schools; conservatively estimated there are 170 business girls and women, exclusive of teachers and nurses, to whom the Y. W. C. A. makes an especial appeal in its program."

QUEEN WILL SEEK LOANS IN AMERICA

LONDON, Oct. 15.—The Westminster Gazette says that Queen Marie, of Roumania, expected that her trip to the United States would more than pay for itself in loans she hopes to obtain from American bankers.

The Gazette's information came from its Vienna correspondent, who said he obtained the true story of the queen's visit to the United States from a source to the Rumanian court.

Marie, according to the story insisted upon visiting the United States at this time because King Ferdinand is ill. His physicians do not know whether he is suffering from cancer or atrophic cyrtosis of the liver, but they gave him only two years to live, telling the queen:

"If you do not go to America now, you never will go there as queen."

When the government pleaded poverty as an argument against the trip, the queen was alleged to have explained her intentions with respect to loans.

TICKET AGENTS MEET

The great American institution— Coffee and toast breakfast The great resultant malady— Undernourishment and irregular elimination

The coffee and toast breakfast has been changed, improved and made a source of both health and enjoyment if Roman Meal is used in its preparation four or five times a week.

And—as for the children, everybody knows that hot cereal in some form is as necessary to their development, mentally and physically, as sleep and water.

This cereal contains the whole wheat berry, and rye, a most enjoyable and white flour foods of this day and age. It contains in just the right proportion, bran, the eliminator, and flaxseed, the lubricator, the latter a most necessary accompaniment of bran which, when taken unrelieved is often too harsh and irritating for a delicate digestive apparatus. In other words, Roman Meal is a perfectly balanced food, containing health, strength and renewed vitality for old and young, for the sturdy and the weak. It eventually will be the Great American food, and have its place on the diet list of every thoughtful wife and mother.

SUFFERED WITH
ITCHY ECZEMA
On Face, Hands and Back.
Healed by Cuticura.

"For about three years I suffered with eczema on my face, hands and back. It started with small pimples but kept spreading until it broke out in sore eruptions, causing great itching and burning. I was confined to the house on account of it. I could not put my hands in water without bandaging them."
"A friend suggested that I try Cuticura Soap and Ointment. I did so and to my surprise I could see an improvement in a short time. I continued using them and in six weeks was completely healed."
(Signed) Miss O. N. Jackson, 424 Beechwood Ave., Waukegan, Wis.

STATE'S GRAPE CROP PLACED AT 2 MILLION TONS

SACRAMENTO, Oct. 15.—California's grape crop this year will total approximately 2,048,000 tons, compared with 1,995,000 tons in 1925. It was estimated today by E. E. Kaufman, agricultural statistician for the state department of agriculture.

Of the estimated total production, 400,000 tons was forecast for wine grapes; 407,000 tons for table grapes and 1,241,000 tons for raisins in grapes. The tonnage already harvested of all varieties totals \$68,000 tons.

The estimated production this year of raisin grapes, Muscats, Thompsons and Sultanas, was 255,000 tons; 10,000 tons for Malagas and 5000 tons of dried wine grapes. Raisin grapes marketed fresh and left on the vines last year amounted to 416,000 tons, compared with 221,000 tons harvested and still available for harvest this year.

Table grapes marketed fresh in 1925 amounted to \$18,000 tons, with an additional 100,000 tons left on the vines at the close of the season, compared with 376,000 tons harvested and still available in 1926. Table grapes of good quality are plentiful at this time and a considerable tonnage will go as juice stock if a fair market becomes available.

Present conditions favor a clean-up of the entire wine grape crop this year, as in 1925.

TALBERT

TALBERT, Oct. 15.—The Honor society of the Fountain Valley grammar school is planning a Halloween party for the near future. Members will invite friends.

Word of the safe arrival at her destination, Calgary, Alberta, Canada, of Mrs. Jack Harpster, has been received by Mrs. Harpster's parents, Mr. and Mrs. Robert Giesler and other members of the family. Mrs. Harpster, who went north to join Mr. Harpster in the oil field where he is employed, had a fine trip and is well pleased with Canada.

Miss Mildred Swift was one of the witnesses Monday at the marriage of her nephew, Claude Wardlaw, and Miss Evelyn Whitcomb of Westminster, which was performed at the Methodist parsonage in Santa Ana by the pastor of that church, the Rev. Moffitt Rhodes. Fred Witte of Garden Grove was the second witness. The groom formerly lived in Talbert.

D. E. Jesse has finished picking his chili crop which, due to the inroads of the boll weevil, amounted to but 30 sacks for five acres. A number of other ranchers have lost their crops in the same manner and it is said that one rancher lost to the extent of \$5000. The boll weevil causing the trouble here is the same as commonly affects cotton, and no remedy seems to have been discovered so far.

Mr. and Mrs. Henry Lacabanne visited Tuesday at Olive with Mr. and Mrs. Herman Lemke.

Among Talbert people who attended the funeral of Mrs. Heaton of Huntington Beach, who was one of the local early settlers were Mr. and Mrs. Charles Ward, Mr. and Mrs. Robert Giesler and family, John Pope, Sam Talbert, Mr. and Mrs. Ernie Lecrivain, Mr. and Mrs. H. Lacabanne and Mr. and Mrs. W. W. Bushard. Mr. Bushard acted as one of the pallbearers.

J. H. Howard, who was injured in a bad automobile wreck at the corner of the Talbert and Huntington Beach boulevards, Tuesday, when his car was struck by a speeder, was taken to the Orange County hospital Wednesday. Mr. Howard, after receiving first aid treatment at the Huntington Beach emergency hospital, following the accident, was taken to the Ben Rogers home in the Goode tract, where he makes his home, but the following morning the attending physician advised his removal to the hospital so that an X-ray picture might be taken.

Mr. and Mrs. Golden, whose marriage occurred the past week, had a close call from injury, when Mr. Golden, who is not familiar with the Talbert district, backed his car into the deep drainage canal as they were leaving the store one evening this week. Neither of the occupants were hurt and a truck was brought to the rescue by Mrs. Golden's father, Andrew Worthy. It appeared that the car was not damaged, but the following day, when Mr. and Mrs. Golden motored to Newport Beach, an axle gave way, which had evidently been broken at that time.

Next Sunday is the last Sunday before the annual conference of the Pacific district of the Methodist church, south, and on that day the Rev. Mallory Flannigan, who has been the pastor of this circuit for the past year, will preach his farewell sermon. The conference will convene at Hollywood on October 19.

J. H. Cox and sons are filling a silo on the Reed ranch with young corn this week.

A son born Tuesday to Mr. and Mrs. Carlos lived only a short time. The burial of the child took place in the Huntington Beach cemetery.

Mr. and Mrs. Charles Ward were in Downey recently as guests of Mrs. Ward's aunt, Mrs. Dis-mukes.

Southern California Garden By Russell S. Adkinsen

Last week the writer dealt with the annuals, bulbs and seeds to be planted at the present time. As there is so much to be done in the garden now, it is difficult to cover it all soon enough. Therefore, I shall attempt to take up the different problems in their order of relative importance.

As planting is necessary for increased production of flowers and greenery, this week shall be devoted to hardy and half hardy shrubs that require a permanent location in the garden.

Most flower decorating requires greenery. Ferns are used to advantage when available, but, without protection, it is difficult to depend on them. There are a few shrubs that are very desirable and should gain more prominence when the home gardener becomes familiar with them.

Leptospermum laevigatum, or Australian tree tree, is perhaps most satisfactory. It is an evergreen of tall habit with long graceful branches covered with glaucous foliage resembling the huckleberry slightly. These branches are known to keep for several days and will outlast the average bouquet. The shrub is very hardy and does not require any particular location except to be given five or six feet of space in which to spread.

Another very good foliage plant is melaleuca alba, with its long, slender branches covered with dark green needle-like foliage. Like the tea tree, it is well adapted to most soil conditions and thrives in sun or shade. It also should be given five or six feet of space.

When a broad leaf is desired for decorative purposes, the escallonia will be found very practical. Growing in the garden, it offers clusters of pink, white and red flowers, according to variety, but they are not for cutting. The foliage is a rich dark green and keeps very well. Plant either in shade or sun and allow three or four feet for its growth.

Lonicera nitida, or evergreen bush honeysuckle, is a distant member of the honeysuckle family, but does not resemble this well known plant in any way. A dainty round, dark green foliage is offered in long graceful spray, with good lasting qualities. For best results, it should be planted in at least half shade and kept trimmed. There is no particular soil requirement.

There is a number of others that are quite satisfactory, but they shall be taken up at some future date. Some of the permanent flowering plants shall be taken up in the following paragraphs for the benefit of those who would like to start next year right with the possibility of flowers the entire year.

Perhaps the most desirable from a standpoint of production is the statice perzili or everlasting flower. With good success, you are assured of flowers constantly, either fresh or dried. Planted now, you will be pleased with a constant supply of deep blue flowers, borne in dense clusters on long stems. There are excellent to use when freshly cut or may be hung in bunches in the shade and dried for future use.

Choose a sunny location and one where a low growing plant is desired, as it rarely attains a height of three feet. Because of its free flowering habit, it may be given a prominent place in the landscape. The ground beneath and around this plant should not be kept too wet.

There is a number of varieties of statice, but the above is the only satisfactory evergreen for general use. Most of the others are annual and also are difficult to grow.

Buddleia, or summer lilac, is quite satisfactory, although the flowers do not keep very long. This feature, however, is offset by the quantity that is produced for about all spring and summer, with a few even in late fall. If you are fortunate enough to already have this plant, it is advisable to prune it severely at this time. Leave only one-third to one-half of it and next year's results will be surprising.

Plant in full sun or half sun and allow plenty of room for it to spread and grow upward. Because of the necessity of heavy pruning, it should be given a prominent position.

Other flowering plants will be taken up next week. The remainder of this column must take up questions submitted. Please mail all questions to 1321 North Main street.

Q. When is the proper time to plant roses?

A. January, February and March are considered the best months for planting roses. Follow this column each Friday and we will attempt to

notify the earliest possible time.

Q. When is the proper time to set out most shrubs.

A. Plants grown in containers may be set out the year around.

Q. When should dahlias be planted?

A. March 15 to April 30 is considered average.

BALBOA ISLAND

BALBOA ISLAND, Oct. 15.—Mr. and Mrs. J. G. Hoard, of Diamond avenue, have returned from a week's stay at Pasadena.

Mr. and Mrs. Everett Keene, of Central and Diamond avenues, are sojourning in Maine for several months, having left last June to visit Mrs. Keene's sons, who are residents of that state.

Mrs. Al Hatch and children, of Glendale, is spending a week here with her mother, Mrs. R. W. Brooks of the Island grocery, and her sister, Mrs. Wallie Kaufman, stopping with the latter at her home on Marine avenue.

Mrs. C. C. Seeley, who left for Kansas August 8, is now in St. Joseph, Mo., visiting a sister and is expected home this week. Mr. Seeley has been in Kansas harvesting a large acreage of wheat and Mrs. Seeley and their little daughter joined him there for part of the time. Mrs. Seeley is the daughter of Mr. and Mrs. C. C. Hood.

Mrs. Clara Rutan, of Pasadena, was the guest of the J. G. Hoards over the past week-end.

Mr. and Mrs. L. B. Eden, residing on Agate avenue, have gone to Peris for a vacation.

Mrs. J. D. Martin, who has been ill for some time, is much improved.

Mrs. Hal Will Smith and baby, Hal Will Junior, have returned from the hospital at Whittier, where they have been since the baby's birth in September.

Mr. and Mrs. J. Firdin, Corbush, of Southgate, have purchased the "Cuddle Doon," the cottage belong-

ing to the late Mrs. Miriam Evans and expect to make the island their home in the future. Mrs. Cornish is staying here at present and Mr. Cornish will join her as soon as they can arrange their affairs in Southgate.

Mr. and Mrs. W. J. Johnstone and daughter, Theodosia, of Los Angeles, were week-end visitors to the island, occupying their cottage on Agate avenue.

Mr. and Mrs. Harry Hanson have gone to Los Angeles, where Mr. Hanson is taking treatments in a sanitarium and will probably be gone for the winter. The cafe operated by Mrs. Hanson on Agate avenue will be managed by Mrs. Ruth Griffith, of Santa Monica, this winter.

Mr. and Mrs. Fred Sanders, of Long Beach, spent the week end here. They were accompanied home by Mrs. Joanna Sanders, who has been here for several weeks.

Mr. and Mrs. J. M. Claybrook are again residing on the island, after an absence of several months at San Francisco and other points.

Mr. and Mrs. E. B. Spencer and daughters, of Los Angeles, occupied their cottage, the "Lighthouse," over the week end. The Spencers are getting ready for a trip around the world, starting on October 29. The steamer Corinthia will take them across the Pacific and after about five and a half months' absence they will return by the way of the Atlantic ocean on the Berengaria.

Mr. and Mrs. S. M. Fisher, of Covina, entertained Mr. and Mrs. William Crook, of Covina, and Mr. and Mrs. Howard Wayne, of Hollywood, in their cottage, "Ab Mare," over the week end.

Mr. and Mrs. M. Jeffrey and daughter, Mr. and Mrs. Harry Greenleaf, Mr. and Mrs. Ralph Stanley and Mrs. M. Thatcher, all of Santa Monica, were visitors to the home of Mrs. Ruth Griffith over the week end.

THE NEW COFFEE METER

Saves time
Saves coffee
Saves flavor

Here's the newest kitchen help— something you have always hoped someone would invent!

It measures your coffee with automatic accuracy—every time you make it. Insures always the same tempting, delicious, aromatic drink, exactly the same strength.

It saves time and steps. The coffee is always in the same place and always in plain sight—you can always see when to order another can.

It saves coffee. No spilling from the spoon—no upset cans. All the coffee goes into the pot.

It saves flavor. No opening and covering of the can every time you use it. Coffee supply always protected from dust and air, and fresh to the last grain.

J. A. FOLGER & COMPANY
101 HOWARD ST. SAN FRANCISCO

Get Yours Today

Buy a can of FOLGER'S Coffee at the regular price at your grocer's. Give him 59 cents additional and he will supply your COFFEE-METER. If your grocer hasn't the COFFEE-METER in stock, send us his name and we'll arrange with him to supply you.

59¢
at your grocer's

Will Last a Life-Time
Made of heavy crystal glass and nickel-plated steel. Nothing to rust or stick in operation. Nothing to get out of order. No wear-out to it.

Easy to Attach

Attach bracket at any convenient place in your kitchen—fill the jar with a pound of FOLGER'S COFFEE—slip the device on jar, place in bracket and it's ready for use.

Certainty—Every Time

Hold pot or percolator under COFFEE-METER—slip lever once for each cup of coffee desired. If you like it milder, measure. If you like it stronger, use one less. But use the same amount per cup each time you make it.

an Exceptional Bargain

Through exclusive control of distribution rights, we can offer this new invention at 59c. Otherwise it would cost not less than \$1.50.

You are certain of the quality of the coffee in the FOLGER can. Our experience of 76 years in coffee blending and roasting has insured that.

Now make sure that this same quality reaches your morning coffee cup.

A delicate shortening improves your waffles.

WAFFLES

2 Cupfuls Flour
3 Teaspoonfuls Baking Powder
1 Teaspoonful Salt
2 Egg Whites
2 Egg Yolks
2 Cupfuls Milk

¾ Cupful Melted Snowdrift
Sift dry ingredients together. Beat egg yolks until thick, add milk and stir into dry ingredients gradually, making a smooth batter. Add melted Snowdrift and beat thoroughly. Beat egg whites until stiff and fold into mixture. Bake on hot waffle iron until medium brown in color.

Snowdrift

Women Secure

against lost charm, this new way of solving oldest hygienic problem—offers true protection; discards like tissue

SHEER gowns and ill-timed social or business demands hold no terror for the modern woman. The insecurity of the old-time "sanitary pad" has been ended.

"KOTEX," a new and remarkable way, is now used by 8 in 10 better class women.

It's five times as absorbent as ordinary cotton pads!

You dine, dance, motor for hours in sheers frocks without a second's doubt or fear.

It deodorizes, too. And thus stops ALL danger of offending.

Discards as easily as a piece of tissue. No laundry. No embarrassment.

You ask for it at any drug or department store, without hesitancy, simply by saying "KOTEX."

Do as millions are doing. End old, insecure ways. Enjoy life every day. Package of twelve costs only a few cents.

KOTEX

No laundry—discard like tissue

SANTA ANA LODGE ACTIVITIES

SCOT OFFICERS FOR ENSUING YEAR ARE INSTALLED BY SUPREME MOBIB

Scot officers for the year 1926-27, who were installed Wednesday night by James A. Lynch, of Long Beach. Mr. Lynch is supreme mobib.

NEIGHBORS ARE TO JOIN PARADE IN LONG BEACH

Discussion of plans for future events consumed most of the time at Monday night's meeting of the Royal Neighbors is M. W. A. hall. An invitation to attend a meeting tonight of Seaside camp, Long Beach, was read and accepted. The Royal Neighbors will meet in I. O. O. F. hall on Elm street, Long Beach, where they will be joined by members of all other camps in Los Angeles and Orange counties. In the meantime, the Modern Woodmen will have met in the auditorium on the pike. At 8 o'clock, the two orders will meet and parade through the downtown section of Long Beach. It is expected that 25 members will attend from Santa Ana. The Santa Ana officers and drill team are to dress in white for the parade.

On October 25, a Halloween carnival and entertainment will be held in M. W. A. hall. A business meeting, at 7 o'clock, will precede the carnival. A special program will be presented and it is planned to have a number of booths. All Royal Neighbors, their friends and families are invited to attend.

The Officers' club party was announced for October 19, at 2:30 o'clock, at the home of Mrs. Laura Dunlap, 2975 North Main street.

The county track meet will be held in Bellerose, October 28. Arrangements for transportation concluded the business meeting.

Mrs. Georgia Wycoff, Mrs. Italy Lee and Mrs. Clara Blackwell were initiated.

A program, which included numbers by Mrs. Italy Lee, Miss Hazel Royd, Mrs. Bess Simmons and Mrs. Marie Knight, was presented by the Cyclone team, which provided the entertainment as the result of a contest which was completed at the last meeting.

Refreshments were served by members of the Cyclone team.

MEETING NIGHTS OF DE MOLAY CHANGED

Meeting nights for Santa Ana chapter, Order of DeMolay, have been changed to the first and third Thursdays of each month, instead of Saturdays, through action taken by the chapter members at the last stated meeting, held in the Masonic temple, Saturday evening.

In the absence of Virgil Reed, master counselor, the ranking officer, Jack Taylor, presided.

Charles Kaufman, chairman of the advisory committee of the DeMolay, suggested that the chapter hold its meetings on the nights that the Royal Arch Masons, sponsoring body of the local DeMolay order, meet. The boys welcomed the suggestion.

The change in meeting has brought the solution of a problem most members of the DeMolay order might attend. Activities have been interfered with because many of the boys work on Saturday nights.

For most of the meetings, the red room adjoining the large chapter room will be used. When degrees and special ceremonies are given, the work will be carried out in the chapter room before the Royal Arch chapter.

Petitions of several candidates for admission were read and Richard Ewert was elected to receive degrees. A committee consisting of Charles Searls, Alfred Ault, Jack Taylor and George Haddon was appointed to check up on dues in arrears. The announcement was made that the dance, sponsored by the Anaheim Job's Daughters for the last of this month, has been postponed until November 13.

TIRES AT LOWEST PRICES
Guaranteed, Rebuilt, 30x3 1/2, \$4.50.
Cords, 31x4, \$7.00, 32x4, \$7.50, 34x 4 1/2, \$9.50. Other Cord sizes in stock. Gerwing, 312 N. Broadway.

Meeting of the Order Held Monday Night in El Camino Hall

Officers for the coming year were installed Wednesday night at the Scot meeting, held in El Camino hall. New officers are Walter Wright, toparch; Ed Gritton, mobib; N. Mayhill, armestis; William Dean, pasttoparch; C. E. Carlson, scribe; Cal Gilbert, chancellor; Harry Roberts, marzal; Neil Beisel, neckori; C. Delham, keaschot; William Sylvester, trustee; M. E. McClay, trustee; Roy Parker, marshal; J. Kaufman, proclomator; D. E. Crawford, chief of me; R. Cox, assistant; C. E. McGowen, mohar; S. J. Mustol, chief musician; Elmer Smith, standard-bearer. Installing officer was Supreme Mobib James A. Lynch, of Long Beach. Robert Speed was master of ceremonies.

The evening was opened with a 6:30 o'clock dinner, which was served to members and their wives. The dining room had been decorated by a committee, which included Mrs. Ed Gritton, Mrs. William Dean and Mrs. Walter Wright. The many flowers used on the tables were a gift from Mrs. Harry Roberts.

A feature of an interesting program which followed the installation was the presentation of the Spurgeon school kindergarten band, led by little Earl Files. Miss Maurie Hamil was in charge of the band.

Other numbers on the program were readings by Mrs. Crane and Richard White, vocal solos by Lloyd Roach, dances by Miss Elizabeth Roehm and Miss Thelma Shipe, banjo numbers by Alexander and Mr. Sullivan, and ukulele selections by John Sylvester and Donald Zeese.

Special guests were Toparch John Withers, Armestis Johnson and 20 members of the Long Beach lodge; Toparch C. M. Waits and several members from the Fullerton lodge, and Chairman Goldsteine, of the Santa Cruz convention.

19 SEEK TO JOIN MODERN WOODMEN

Nineteen applications for membership were presented to Oak camp, No. 1576, Modern Woodmen of America, at the meeting, Tuesday night. This is among the largest number of applications to be received at one time for several months.

It was announced that camps in Los Angeles and Orange counties will hold a zone class adoption at Long Beach, Friday night, October 15. All members of the Modern Woodmen of America are invited to attend this meeting. National Lecturer Duffy will be present at the adoption and deliver the principal address. The parade will be headed by the Santa Ana American Legion drum and bugle corps. The parade will start at 8 o'clock from the municipal pier.

There will be a dance on October 19, at the M. W. A. hall, for which a special program has been arranged.

15 MORE BECOME MEMBERS OF ELKS

Fifteen candidates were initiated Tuesday night by Santa Ana lodge, No. 143, B. P. O. E. The initiation was put on by officers from Anaheim lodge, who, with several members from Anaheim, were guests of the local lodge.

A program, consisting of an act from a local theater, was presented. Refreshments were served.

It was announced that the Elks will hold a Halloween dance and card party at the club, Saturday night, October 20. At present, the workmen are repairing the dance floor at the club, so that it will be in good condition for the dance.

K. OF P. WILL HAVE FLOAT ON ARMISTICE DAY

Santa Ana lodge, No. 149, Knights of Pythias, and Santa Ana temple, No. 115, Pythian Sisters, will have a float in the Armistice day parade, November 11. This was the decision of a committee appointed to consider the invitation extended by Santa Ana post, American Legion.

Sale of tickets for the Halloween masquerade dance, to be given by the local lodges of the Knights of Pythias and Pythian Sisters, is progressing satisfactorily, according to the entertainment committee, which is working hard to make the affair the most successful event held in recent months by the Pythian organizations.

An invitation is extended local Pythians by Norwalk lodge to attend their meeting on October 21, when they will confer the rank of knight in competition for the \$100 prize offered by district council, No. 31, for the best rank work.

Santa Ana lodge will furnish several candidates for the grand chancellor rank of page class, who are scheduled to be given the work in Anaheim, November 8. Grand Chancellor Fred H. Jones will be in attendance.

The rank of page will be conferred next Wednesday evening, October 20, at 7:45 o'clock.

Notice R. N. A., M. W. A. and Friends: Halloween carnival and entertainment at M. W. A. Hall, Oct. 25th, 7 p. m. For further information call Oracle Knight, phone 1497-W or Mgr. Scott, 591-W.

AUXILIARY TO CHEER UP MEN BROKEN BY WAR

About 20 members of the Santa Ana American Legion auxiliary are planning to visit the disabled service men in the San Fernando government hospital, Sunday, taking with them cakes, pies and other things to eat, and also to remind them that their sacrifice, eight years ago, was not altogether in vain nor forgotten.

The auxiliary wants as many members and their friends to go as can do so and has invited all Santa Ana to participate in the excursion.

Persons who are unable to make the trip, but who would like to donate a cake, pie or something else to eat, are asked to leave the food at the American Legion hall between the hours of 11 a. m. and 1 p. m., Saturday, when members of the auxiliary will be there to receive the donations.

Persons who are to make the trip and who will have room in their automobiles for others, are asked to call 1690 between the same hours.

The local auxiliary has, for a number of years, been faithful to the men in the hospitals, and several excursions have been made to the San Fernando hospital and to the Camp Kearny hospital, taking with them things to eat and clothes for the disabled war veterans.

REBEKAHS ENJOY BIG CELEBRATION

Aloha Rebekah lodge, at Westminster, has accomplished its goal for which the members have been striving during the last year, that of owning flat silverware for the lodge room.

In order to properly celebrate the christening of the new table utensils, Sycamore Rebekah lodge members of this city were invited to visit Aloha on Tuesday evening and 39 responded, enjoying the meeting, program and the banquet which followed.

Mrs. Florence Crawford, of Tustin, district deputy president, made her official visit at that time and was presented with a sandwich tray.

The banquet tables were decorated with vari-colored cosmas. The party from Santa Ana included Mr. and Mrs. John Crawford, Mr. and Mrs. G. W. Stovall, Mr. and Mrs. Edward Greeley, Mr. and Mrs. Bruce Nelson, Mr. and Mrs. Roger Dunning, Mr. and Mrs. Frank Gowan, the Misses Hattie Noble and Eva Beardsley, Mesdames Minnie Forman, Grace Benjamin, Kate Rinsched, Elizabeth Curtis, Lenore Wilson, Jessie Overton, Laura Marcher, Ada Walters, Rose Morrison, Bessie McDonald, Eleanor Clayton, Kate Clark, Hattie Peters, Jennie Prevost and Mary Bishop, and Roger Labadie.

Pythian Sisters Entertain Guests

Mrs. Clara Wilson, district deputy, of Anaheim, was guest of honor, Tuesday night, of the Santa Ana Pythian Sisters, when they met in G. A. R. hall. Other members of the Anaheim lodge were present.

Plans were discussed for the Halloween masquerade ball, to be held in M. W. A. hall by the Knights of Pythias and the Pythian Sisters. The dance will be held on October 27.

Wednesday night, Mr. and Mrs. J. A. Gardner, Mrs. Alba Isherwood and Mrs. Evelyn Searles, of the Santa Ana Pythian organizations, attended a meeting of the Anaheim order, which was in celebration of its fourth anniversary.

Officers Will Go To Grand Chapter

Dr. J. E. Paul, patron of Hermosa chapter, No. 105, O. E. S., Mrs. Paul, Mrs. Genevieve Lacy,

matron of the chapter, and Mrs. Dorothy Roff, matron of the Orange chapter, will leave Monday for Coronado, where they will attend the grand chapter. As a result of the officers being in San Diego, Hermosa chapter will not meet Monday night, as was previously planned.

COMPLEXION CLEARS UP, FEELS CHEERFUL AGAIN

"When I got married and went to housekeeping," says Mrs. Pearl Tabor of Candler, N. C., "my mother told me to get a package of Black-Draught and keep some on hand for biliousness and constipation. That was fifteen years ago, and since that time I have very rarely been without it."

"I have found it the best relief for constipation I can get. It leaves no bad after-effects, and a dose now and then keeps the system rid of impurities which would accumulate and cause serious trouble."

"Occasionally I have bad spells of headache and sour stomach. When I notice a spell of this kind coming on, I begin taking Black-Draught. I take a dose every night for several days, just a pinch of

the powder, and I soon find I'm quite all right."

"If my color has become yellow, which it often does, it clears up right away after taking Black-Draught, and I'm rosy and cheerful again."

"I have found Black-Draught invaluable in raising my family. My mother has used Black-Draught for thirty-five years, and she thinks there is nothing like it. She has used it frequently during that time and she thinks she can't get along without it. I certainly can recommend it for it has saved me many a bad spell."

"Thousands of families keep a package of Black-Draught in the medicine chest for prompt use when needed. To take a dose of Black-Draught at the first sign of constipation is not half as disagreeable as the symptoms which will soon develop if the trouble be neglected. Constipation is the forerunner of too many serious ills to be neglected. Do not neglect yours, but get a package of Black-Draught at once. Sold by druggists. JA-34."

Political Periscope GENERAL ELECTION LITTLE MORE THAN 2 WEEKS AWAY; MOST LOCAL CONTESTS OVER

Since that interesting day late in August, when some were chosen and some got hit where the chicken got the axe, political affairs in Orange county have been remarkably quiet.

And yet, kind friends, two weeks from next Tuesday we are to have an election.

Indeed, it's time we dragged out the old periscope and bunched its prying glasses that we may peer forth upon the field of politics hereabout and see what we can see.

Some Speeches Soon

The Republican county central committee and the Young Men's Republican club, Orange county, are expecting to put a little fire into the campaign. They are planning to have C. C. Young, Samuel Shortridge and Burton Pitts do some "speaking," by which it is proposed to arouse voters to an understanding of the fact that there's an election coming on November 2.

There has been some talk, too, that the Democratic nominees, Wardell and Elliott, are coming this way.

So there's a possibility that there'll be some rallying 'round the flag, boys, before the day of the opening and closing of the well known polls.

On the Firing Line

Here in Orange county there are but three contests left over from August. That eighth month of this year did its work thoroughly in relation to most of the county offices. Under the primary system, the candidate who gets away with a majority vote at the primaries is entitled to have his name appear all by itself on the November ballot.

That means election, of course. W. H. Thomas and J. L. Allen, both of Santa Ana, remain in the field, each seeking the biggest vote for the office of superior judge. The primaries gave Judge Homer G. Ames sufficient votes to land him in office. He will have his name on the ballot all by himself. A special compartment, however, has been arranged by County Clerk Backs in which the voter will find the names of Thomas and Allen. The voter can stamp his choice.

Word comes that this is a real race, for each candidate is working hard. It's early morn and late in the eve for them.

Two for Treasurer

The matter of county treasurer also is held over for determination in November. It will be remembered that on the August ballot three names appeared. One was eliminated. County Treasurer J. C. Joplin, candidate for re-election, was high man, but he didn't get enough votes to give him more votes than were cast for his two opponents, one of whom, James E. Livesey, re-

PAST NOBLE GRANDS ARE GUESTS IN L. A.

Past noble grands of Sycamore Rebekah lodge were guests yesterday at the home of Mrs. A. E. Bird, in Los Angeles. The Bird home had been decorated with many baskets of huge dahlias, the color scheme of which had been carried out in the details of the pot-luck luncheon, which was served at noon.

At the short business meeting, several interesting events to take place in the near future were planned by the members.

Santa Ana women who went to Los Angeles as Mrs. Bird's guests were Mrs. Grace Benjamin, Mrs. Hattie Peters, Mrs. Kate Clark, Mrs. Hazel Ryan, Mrs. Beas Stovall, Mrs. Laura Marcher, Mrs. Eunice Reid, Mrs. Effie Means, Mrs. May Curtis, Mrs. Elizabeth Jernigan, Mrs. Ruby Curtis, Mrs. Martha Taylor, Mrs. Anna Miles, Mrs. Leola Detrick, Mrs. Stella Henderson, Mrs. Josie Shoemaker, Mrs. Kate Rinsched, Mrs. Fanny Rose, Mrs. Ada Walters, Mrs. Lulu Davis and Mrs. Marion Budette. Guests of the order were Mrs. Lorina Williams, Mrs. Bess McDonald and Mrs. McElhannon.

Initiation Put On By Native Sons

Santa Ana parlor, No. 265, Native Sons of the Golden West, met Wednesday night, in Knights of Columbus hall, when, for the first time, officers put on the initiation ceremonies.

At the short business meeting, it was decided to continue plans for the rebuilding of the baptistry at the San Juan Capistrano mission. The baptistry joins the chapel, which was built under the personal supervision of Father Junipero Serra.

It was announced that the order will have a float in the Armistice day parade.

The next meeting will be held Wednesday night, October 27, 8 o'clock.

Invite Masons to Visit Cathedral

Long Beach Scottish Rite bodies will hold open house at their new cathedral, at Ninth and Elm streets, during the week of October 18 to 23, inclusive. During this time, all Masons and their wives are welcome to visit the cathedral and inspect it. Hours are from 10 a. m. to 10 p. m. Masons wishing to visit the cathedral must present their 1926 receipts.

The Eiffel tower, in Paris, 1000 feet high, is almost double the height of the second tallest building in Europe, the Cologne cathedral.

Mussolini Takes Command of All Armed Italians

ROME, Oct. 13.—Premier Benito Mussolini has consolidated in his own person the direct command of every armed man at the disposal of the Italian government. The premier formally assumed command of the Fascist militia, hitherto administered by an appointee, at the headquarters of the Fascist party.

The Italian army, navy and air force long have been controlled by Il Duce, who assumed the ministries of war, navy and aviation at various times.

At the Fascist headquarters, Mussolini formally received the officers of the militia, which, more than any other phenomenon of the recreation of the Italian state, may be said to have been his own work.

LEGION WINTER DANCE SEASON OPENS TONIGHT

American Legion members of Santa Ana are looking forward to their opening dance of the winter season, which will be held tonight in the legion hall, Third and Birch streets.

Elaborate plans for the opening night have been completed and dancers will walk into a ballroom recently renovated and onto a dance floor that probably is one of the best in Southern California, according to Ed Kolbe, chairman of the dance committee.

The floor has been scraped and treated until it is in the best of condition. The walls have been retinted, lattice work has been erected, the orchestra stand has been rebuilt and the entire room made over.

More than 200 couples are expected to attend the opening dance, which will be known as the "Carnival" dance. Favors and prizes will be offered.

The Shell orchestra, of Long Beach, the 12-piece combination that played for the American Legion at the Orange County fair last month, will furnish music for the dancing.

Members of the committee have announced that ample checking room is available.

A silver wire one-twelfth of an inch in diameter will support a weight of 133 pounds.

AERONAUTICAL REFERENCES TO BE PURCHASED

Within a short time Santa Ana will have its first "aviation library." The Santa Ana Air club has set aside a considerable sum of money for the purpose of books on aeronautics. There are no up-to-date books available for reference in Orange county, and the need for such a library is keenly felt among the men interested in aeronautics.

J. O. York and C. O. Prest have been appointed by Com. B. E. Northland of the air club, to make the selection. These men are well qualified for this work, as they have a long and varied experience extending over several years in building and designing of aircraft.

York has been giving a series of lectures at meetings of the air club. During this course the need of good reference books has been felt. A number of books along this line are of such a technical nature that none but an expert could hope to get any benefit from them. The library planned will contain the best reference books obtainable, covering every phase of aircraft construction. A full report on wing and fuselage structures, efficiency, data on various tests made, kinds of material best suited for such construction will be available. Plans, illustrations and reports on various power units for aircraft will be given a great deal of attention, as this is one of the most important parts of aircraft construction. Books on safety factors and the upkeep of aircraft, care of various types of motors and helpful suggestions to pilots have been promised.

The air club library will keep posted on the latest developments and experiments along this line. They will keep in close touch with national legislative measures and such references may be had by anyone wishing to use same.

The location of the library has not yet been determined, but it will be centrally located, where it will be easily accessible, officers of the club said.

BEST PAID TROOPS

SAN FRANCISCO, Oct. 13.—The American soldier is the best paid soldier in the world. Although he receives yearly only \$252, he gets 50 times what a French soldier is paid. The Frenchman gets \$4.38 annually. The British soldier gets \$240 a year, while Japan pays her troops at the rate of \$23 a year.

BEN-HUR VANILLA

X-RAY

and why we use it in our work. We get your health back and waste no time in doing it. No one enjoys being sick. We do not care how many things you have tried before you come to us, if you are sick we firmly believe we can get you well, if it is possible to do so. Maybe you have been to a Chiropactor and he did not help you. May we ask: Did the Chiropactor take an X-RAY of your spine before he worked on you? If he did take an X-RAY and you are not well, blame the practitioner only, not the science.

Why do conditions such as Influenza and Pneumonia, Stomach, Liver and Kidney Trouble, Gall Stones, Kidney Stones, Headaches, High Blood Pressure, Heart Trouble, Female Trouble, Rheumatism, Lumbago, Costiveness, Intestinal Congestion, Nervousness, Loss of Pep or Energy, Tiredness and any other sickness you may think of respond so quickly and painlessly to Chiropactic adjustments? Because we, as Palmer Chiropactors, simply realize that by the restoration of normal nerve function through these adjustments of the spinal bones that pinch the nerves your body can and does effect an absolute and complete cure.

When you go to a Chiropactor insist on an X-RAY being taken so that the work given you will not be guesswork. Chiropactic is not painful—it does not keep you from your work. Come to our office—we will gladly take an X-RAY of your spine, bearing your name, and explain all of your trouble in detail. There is absolutely no charge for this in any way. It leaves you under no obligation. We only show you how to get well the pleasant, easy way. No students to work on you. The same doctor works on you every day. Don't say that you can't get well until you at least have had an X-RAY and talked to us regarding your condition. If we can't help you we will tell you so.

IF YOU ARE NOT WELL, MAKE USE OF THE X-RAY COUPON.

—Why this new and greater gasoline actually costs you less—

GENERAL MOTO-CRAT GASOLINE

You pay the same for General "Moto-crut" Gasoline as you do for other motor fuels. But actually it costs you less—

Because—you get a noticeable increase in gas-miles.

Because—there are no acids or sulphur to eat metal and foul spark plugs.

Because—there are no fuel knocks to pound bearings.

Because—you get a noticeable increase in power and pick-up.

As a result—lower transportation cost. General "Moto-crut" Gasoline is the result of years of effort to produce the perfectly balanced motor fuel. It is highly volatile—every drop vaporizes and ignites instantly. It is super cold-weather gasoline. But gas-miles have not been sacrificed for that added power. Power has not been sacrificed for mileage.

See your General Independent Dealer today. Fill up with General "Moto-crut" Gasoline. It actually costs you less.

Be sure that "at the end of the run" your motor will be as sound as at the beginning. Use General Parabase Motor Oils [for Fords use Para4rd].

HUGHES WRITES NEW BIOGRAPHY OF WASHINGTON

NEW YORK, Oct. 15.—After a century, George Washington, father of this country, has been painted for the first time as a luxury-loving country gentleman, fond of his liquors and luckless in love.

Rupert Hughes, novelist, in his first volume of "George Washington, the 'Human Being and the Hero,'" just published here, has written a biography of Washington, the like of which has not been done before. William Morrow and company are the publishers.

From Washington's diary, Hughes gleaned most of his findings, he says.

Love did not figure in the marriage of young Washington to Martha Curtis, according to his biographer. Instead, the young Virginian, when but 22, was hopelessly in love with his closest friend's wife, Sally Fairfax.

Rupert Hughes has indicated in his book that if the solidly Washington were alive today, he would be a night club indulgent. A Broadway habitue and a wealthy Fifth avenue lover of life, sport and gallantry.

Hughes writes: "Washington did an amazing number of things amazingly well, but he never even tried to be a Puritan."

There was probably no name he would have resented more—liquor of all kinds he loved and manufactured, gave away and consumed in vast quantities.

"The true moral, if any, is to be drawn from his life, is that one should dress as magnificently as possible and indulge in every luxury available, including the dance, the theater, the ball room, hunting, fishing, racing, drinking and gambling, observing in all of them temperance, justice, honesty and pride, while avoiding excess and loss of dignity."

"And a fine code it is."

BREA

BREA, Oct. 15.—At the regular meeting of Trinity Rebekah lodge on Monday night, officers to finish the term ending December 31, were installed.

The district deputy president, Mrs. Florence Crawford, of Sycamore lodge, Santa Ana, made an official visit to the lodge at this time, being accompanied by the deputy grand marshal, Mrs. Bess Stovall, and the deputy grand secretary, Mrs. Hattie Peters, both assisting her in the work of installation. Succeeding Mrs. Minnie Epla, who has held the chair for the past 18 months, Mrs. Stella Keene was installed as recording secretary. Mrs. Rosella Rudd and Mrs. Gretta Lackey were at this time installed in the chairs of right and left support to the vice grand, succeeding Mrs. Essie Byers, who has moved to Piru, and Mrs. Keene who resigned to accept the recording secretaryship. Other visiting members from Sycamore were Mrs. McDonald, noble grand; Mr. and Mrs. Dunning and Messrs. Crawford, Stovall and LaBadie. Fuller lodge was represented by Mesdames Luella Parker, Ida Compton, Clara Batchman, Baughn and Hogenson. Following the business session, light refreshments were served and a social hour followed.

Friends of Miss Ruth Thornton, formerly a resident of Brea, where she was associated with her brother, Alvin Thornton, in the local postoffice, have received word of her marriage, which is said to have occurred some months ago. The name of the bridegroom has not been learned.

Mrs. William Purdy entertained at a luncheon at her home on West Ash street Thursday for the Misses Stewart, Webb and Denton, missionaries of the Latter Day Saints church, and all of Salt Lake City, the former home of Mrs. Purdy. Mrs. Mary Herring, of this city, Mrs. Charles Sharpe, of Hollywood, and Miss Helen Purdy also were present at the luncheon.

Mart Hunter has purchased of W. A. Culp a lot on South Poplar street, to which he expects to move his house from the corner of Date and Madrona. The house will be remodeled and made ready for rental purposes. Mr. and Mrs. Hunter have plans drawn for a five-room modern cottage to be built on their location at 344 South Madrona.

In attempting to lift a large kettle of hot water, Mrs. Guy McIntyre had the misfortune to have her left foot and leg badly scalded on Tuesday afternoon. She is having to keep the foot elevated to avoid irritation but will soon be able to be about again.

The Brea American Legion post is giving another of its popular dances in Sewell hall tonight. Refreshments will be served and prizes given.

J. R. Collins was a luncheon guest in the J. L. Allen home at Montebello Thursday and together with Mr. Allen, enjoyed a ball game in Los Angeles that afternoon.

The news of the marriage of Mrs. Mary E. Blanchard to a Mr. Finley of Anaheim, has just now reached her Brea friends, although the marriage occurred about three weeks ago. Mrs. Blanchard is well known in Brea, where she has lived for many years.

October 27 has been selected as the day on which the annual bazaar of Trinity Rebekah lodge will be held in Craig's hall. Following the all day sale of bazaar articles, the women will serve a chicken dinner in the hall beginning at 5 o'clock. Preparations are being made for 100 persons at this dinner, which will be under the supervision of Mrs. Minnie Epla and a corps of helpers.

Mrs. Alice Charman, for many years a resident of Brea, has moved to San Diego, where she will make her home with her daughter, Mrs. Florence Snider, also well known here. Mrs. Charman's son, Joe, who is employed in the Hubbard hardware store, will make his

home at Southgate and drive to Brea each day.

Mr. and Mrs. Ezra Law left Tuesday morning for Big Rock canyon where for two weeks they will take charge of a grocery store and filling station for friends during their absence. This trip will partake of the nature of an outing for Mr. and Mrs. Law, who enjoy the climate and the beautiful scenery about Big Rock.

Returning last week from San Diego, where they have been living for some time, Mr. and Mrs. Vern Russell are now settled in the Foy house on South Pomona. Mrs. Russell's son, Ernest Everett, with his bride of a few weeks, left recently for Taft, where he has accepted a position with an oil firm there.

Mr. and Mrs. W. A. Culp are enjoying a visit from Mrs. Culp's sister, Mrs. Lura Davidson, of Pittsburgh, who, with her son and his wife, Dr. and Mrs. G. H. Davidson, arrived a few days ago. With them are Mr. and Mrs. Richard Miller, of Cleveland, Ohio, the latter a niece of Mrs. Culp. Mr. and Mrs. Davidson will return this week to their eastern home but Mrs. Lura Davidson will remain for her third winter in Southern California. Mr. and Mrs. Miller are planning on making California their home and may locate in Brea.

Scott Foster, local agent for the Chevrolet car, has moved from the Bergman garage, where he has been located since coming to Brea some months ago, to the Goodwin building on South Pomona. He will occupy the store room formerly used by the Brea Auto Top shop where he will have room to display several cars. Mr. Foster also expects to conduct a repair shop in connection with his agency.

Mrs. Rueben Delany has returned from the Fullerton hospital, where she submitted to a major operation some time ago. Mrs. Delany is said to be recovering nicely.

Mr. and Mrs. Rudd, who have been living in one of the cottages connected with the Royal Court apartments, have moved to Fullerton, where they are located at 125 East Glenwood.

C. E. McCullah, of Anaheim, representative of the Northern Orange County Carpenters' union, has been a frequent caller in Brea of late on business connected with the union. Mr. McCullah states that this division has 62 members in good standing, all of whom, with one exception, are taxpayers in the county. Several of these men are now employed on the construction of the new Brea-Olinda union high school on East Birch street.

Funeral services were held in Sawtelle Saturday afternoon for Douglas Salters, formerly a well known resident of Brea, who passed away at the veterans' hospital in that city on Thursday night of last week. The deceased, who was 30 years of age, leaves to mourn his death his wife, Mrs. Thelma Salters, a young son, his mother and a sister, all of Los Angeles. He was taken to the Sawtelle hospital in the early summer and about two months ago, underwent an operation for the removal of ulcers from the lungs, following which he grew weaker. Interment was in the Inglewood cemetery. Douglas Salters had many friends in and about Brea, where he had lived for many years prior to his moving to Taft about two years ago, where he was in the employ of an oil company. G. W. Bird and Charles Bohac, of Brea, were among the pallbearers.

Three deep test wells are about to be completed by the Shell company in the local field. These wells, all deeper than any others in the Brea Canyon field, are Fisher No. 11, now drilled to 5100 feet; Fisher No. 13, a few feet deeper than No. 11, and Pico No. 5, at 4930 feet. Cores are being taken every few feet, since the formation at these depths have never been tested before, and it is reported that indications very favorable for good wells have been encountered.

Mr. and Mrs. G. I. Titus of this city and Mrs. Ida Clark, of La Habra, were injured in a collision between the Titus car and one driven by a Mr. Sunderhaus, of La Jolla, at the intersection of the Garden Grove road and Broadway, Anaheim, on Monday night. Mrs. Clark, who was riding in the Titus car, received several bad bruises and cuts. Mrs. Titus, it is thought, has a fractured rib and other painful bruises, while Mr. Titus also came in for his share of hurts. Mr. Sunderhaus escaped without injury and his car was undamaged, but the Titus sedan is said to be in such a state that it will not pay to have it repaired. No explanation of how the accident happened has been given.

WILL DELAY FLIGHT
WASHINGTON, Oct. 14.—The proposed non-stop flight from Hampton Roads to Panama, by the two new navy PN-10 planes, scheduled to start October 19, probably will be postponed for 23 days, because of trouble with one of the engines, Secretary of the Navy Wilbur said. The planes are now at Philadelphia.

AIR MAIL ROUTES WOLVES
CHEYENNE, Wyo., Oct. 15.—Sheep men have made the discovery that coyotes and wolves have abandoned the ranges for less civilized haunts. The air mail gets the credit. Powerful beacon lights along the air mail route are believed to have frightened the animals.

THE ROMANCE OF AMERICA: Aaron Burr

Sketches by Redner
Synopsis by Braucher

In July, 1777, Burr was appointed lieutenant colonel and placed in command of a regiment. Its officers were mainly rich and incapable young men. Burr ordered the most inefficient of them home and before long he licked his regiment into shape. He was a strict disciplinarian, but also sympathetic, generous and tender to the sick.

In September of that year Burr heard that the British had come out of New York and were pillaging Orange county.

He moved toward the enemy at once, although General Putnam recommended that he retreat.

Burr, alone, crept up to the enemy's pickets, learned the exact situation of each, and returned to awaken his men. In a swift attack, Burr's men killed or captured all the advance guard of the British, and the enemy retreated to New York next day. Burr was prevented from pursuit by orders to join the main army at Valley Forge. (Continued.)

BEAUTY CHATS
by EDNA KENT FORBES

A YOUTHFUL NECK

The neck is so easy to keep soft and youthful looking that I often wonder why so many women let theirs look old 20 years before they need to. If you do nothing else, spread a thick layer of a good flesh building cold cream over the neck and let it stay on while you massage your face or have your bath. Then the skin will take up some of the oils and fats, and benefit thereby.

Better yet is massage, after a hot wash to open the pores. The heat and the friction of the massage will work more cream into the skin than it would absorb by itself. Besides, the massage will stimulate the skin, and the glands under the skin and the circulation of the blood, remaking the skin, keeping it new and fresh. Almost any sort of amateur massage will do, since the chief object is merely to stimulate.

But include these motions—a brisk up and down movement over the wrinkles across the front of the neck and a circular movement, using the four fingers of both hands, all over the neck, a rather hard pressing movement from the point of the chin down into the chest (this to preserve the chin line), and a hard pressing against the small bone at the top of the spine, where back and neck join. This little bone is apt to stand out prominently, spoiling the line from head to back.

If you have ice in the house, rub the neck with it every day for a few minutes. In fact, the face and neck should be treated exactly alike, fed with creams and toned with astringents at the same time. Ice has an added advantage used on the neck—it not only helps smooth out wrinkles, it makes the neck less

Don't Let Your Neck Grow Old

sensitive, and keeps you from catching colds.

S. E.—An unpleasant breath shows there is something to correct in your health, or possibly your teeth, and the only way to overcome the trouble is to cure the cause of it. Temporary relief may be had by rinsing the mouth with any of the antiseptic mouth washes.

Betty—Massage your legs or take any special exercise in which you use the legs, and you will be able to reduce them so they will not be so conspicuous.

Tomorrow: Quick Change Suggestions

THE TINYMITES
BY HAL COCHRAN

(READ THE STORY, THEN COLOR THE PICTURE)

At break of dawn, midst chill and dew the good old sun came peeking through and woke the snoozing Tinymites to start another day. "Course Cooky was the first to rise, and when he opened up his eyes he said, 'I'll have to find some food,' so hopped out of the hay."

"I'll make a breakfast mighty good," said he, "like every good cook should." And then he started out to find a morning bite to eat. He searched and searched and grew forlorn, and then he came upon some corn. "Ah, ah!" he loudly shouted, "this should prove a tasty treat."

He filled both arms and started back, and soon he reached the old hay stack. "Come on you sleepy Tinymites, and help me start a blaze." All thoughts of sleep were quickly dropped, and up the little fellows hopped. They cooked the corn and had the finest meal they'd had in days.

"I'll tell you what we ought to do," said Copper, when they all were through. "We'd best be on our way, again. We have no home as yet." And so they started, full of glee, and came upon a stream. Oh, gee, how are they going to cross it lest they get all

soaking wet? Then Carpy used good common sense. Nearby he saw a wooden fence. "Come on, we'll get some boards," said he, "and build a bridge across." They set to work while Carpy led the way and did just what he said, for Carpy was a carpenter, an consequently boss.

He kept the band upon the go and in about an hour or so, the bridge was done, and Carpy smiled. "That's very fine," he said. They rushed and reached the other side, and then, imagine what they spied. A monstrous hill, which they must climb, was not so far ahead.

GREAT BIRD OF PREY OF THE NIGHT

BY ARTHUR N. PACK

President, American Nature Ass'n. Death in the dark, some call him for he is the most powerful of our owls. In some form or other he ranges from the Atlantic to the Pacific, and throughout North and South America wherever there are trees.

Even where trees are scarce he may be found, sometimes with his nest on the faces of cliffs. Early in the spring Bubo and his mate go about their housekeeping, for the young of all the larger birds of prey are slow in developing, and they must be able to take care of themselves before the winter comes.

The eggs, like those of all owls, are white and nearly round. In the studies of food habits which have been made of the birds of prey, the great horned owl is one which seems most inimical to man's interests. The principal charge against him is on the score of catching chickens, and it should be pointed out that this happens mostly in those sections of the country where fowls are forced to seek their own roosting places in the trees.

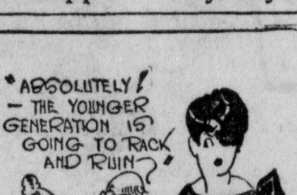

Here it is an easy matter for our night-flyer to pick a nice, fat

Great Horned Owl

pullet from a branch. Examination of stomach contents however, and of the pellets which are cast up after each meal, show that many other things are eaten, including a variety of wild birds and mammals, some of the latter very injurious to man's interests, and even fish.

Just Folks
by Edgar A. Guest

A WOMAN

Woman is queer, as has often been said.

There is always a bonnet, she wants for her head.

She has always the gown to be worn when she's dead.

She's a creature of fancies, of notions and whims.

She is fond of her church, and she joins in the hymns.

But the man that she marries goes fishing and swims.

She despises deceit in another, and yet

If she fancies a man whom she never has met,

That "chance introduction" she'll manage to get.

She is gentle and tender, yet should you reveal

A love which she spurns, you will break on her wheel.

She'll be cruel as Nero, and colder than steel.

She seldom is thwarted or swayed from her plan.

She aims for the highest, and spurs on her man.

She wants him to conquer, and knows that he can.

You may think that you know her: may say she is kind,

Modest, agreeable, clever, refined.

But you never will fathom the depth of her mind.

A woman is queer, but when that has been said,

And we've laughed at the notions which flit through her head,

It's her praise we are seeking; her anger we dread.

IS LIFE PAYING YOU A DIVIDEND?

By OLIVE ROBERTS BARTON

I heard a group of women discussing another woman whose various activities in club and social work had aroused their curiosity and wonder.

"She cannot possibly do it," said one, "without neglecting her family. You can't tell me that any woman with a house the size of hers and two active children and husband can have time for committee meetings and club work and social affairs every day in the week. Something has to go."

"Her children always appear to be well dressed and they certainly look healthy," said another one of the group. "Her husband doesn't look neglected, either."

"I'll concede the point," admitted the first, "but I still maintain that something has to be neglected. It probably is her pantry shelves."

A third woman now spoke up. "Ladies," she said, "I've been in Mrs. B's kitchen more than once and it would give you no reason to take exception to her housekeeping. But I shall tell you what she has in her kitchen that might be a good thing for the rest of us to emulate. They are fastened up on the wall beside the door into the dining room—five of them.

"They are lists or schedules for each member of the family and one for the maid who comes in to help her. Each list is blocked off into days and hours, and there each one looks for his reminders. Her own list is quite complete, her days arranged so perfectly that not even five minutes are lost. I never knew

anyone could make time count like Mrs. B."

We are inclined to have contempt for the efficiency expert. But is it not the criticism of the profligate for the provident? Is not time more precious than money? More time is lost by unsystematic work and working hours than by willful carelessness.

Map your time and see where it leads you. Business men know the fatality of time wasting. Why not organize our homes on a business basis? We may be surprised at life's yearly dividends. To have time for such activities or pleasures as we may choose, aside from the regular daily grind, is worth a bit of managing, we must admit.

A THOUGHT

I wish above all things that thou mayest prosper and be in health, even as thy soul prospereth. — 1 John 1:2.

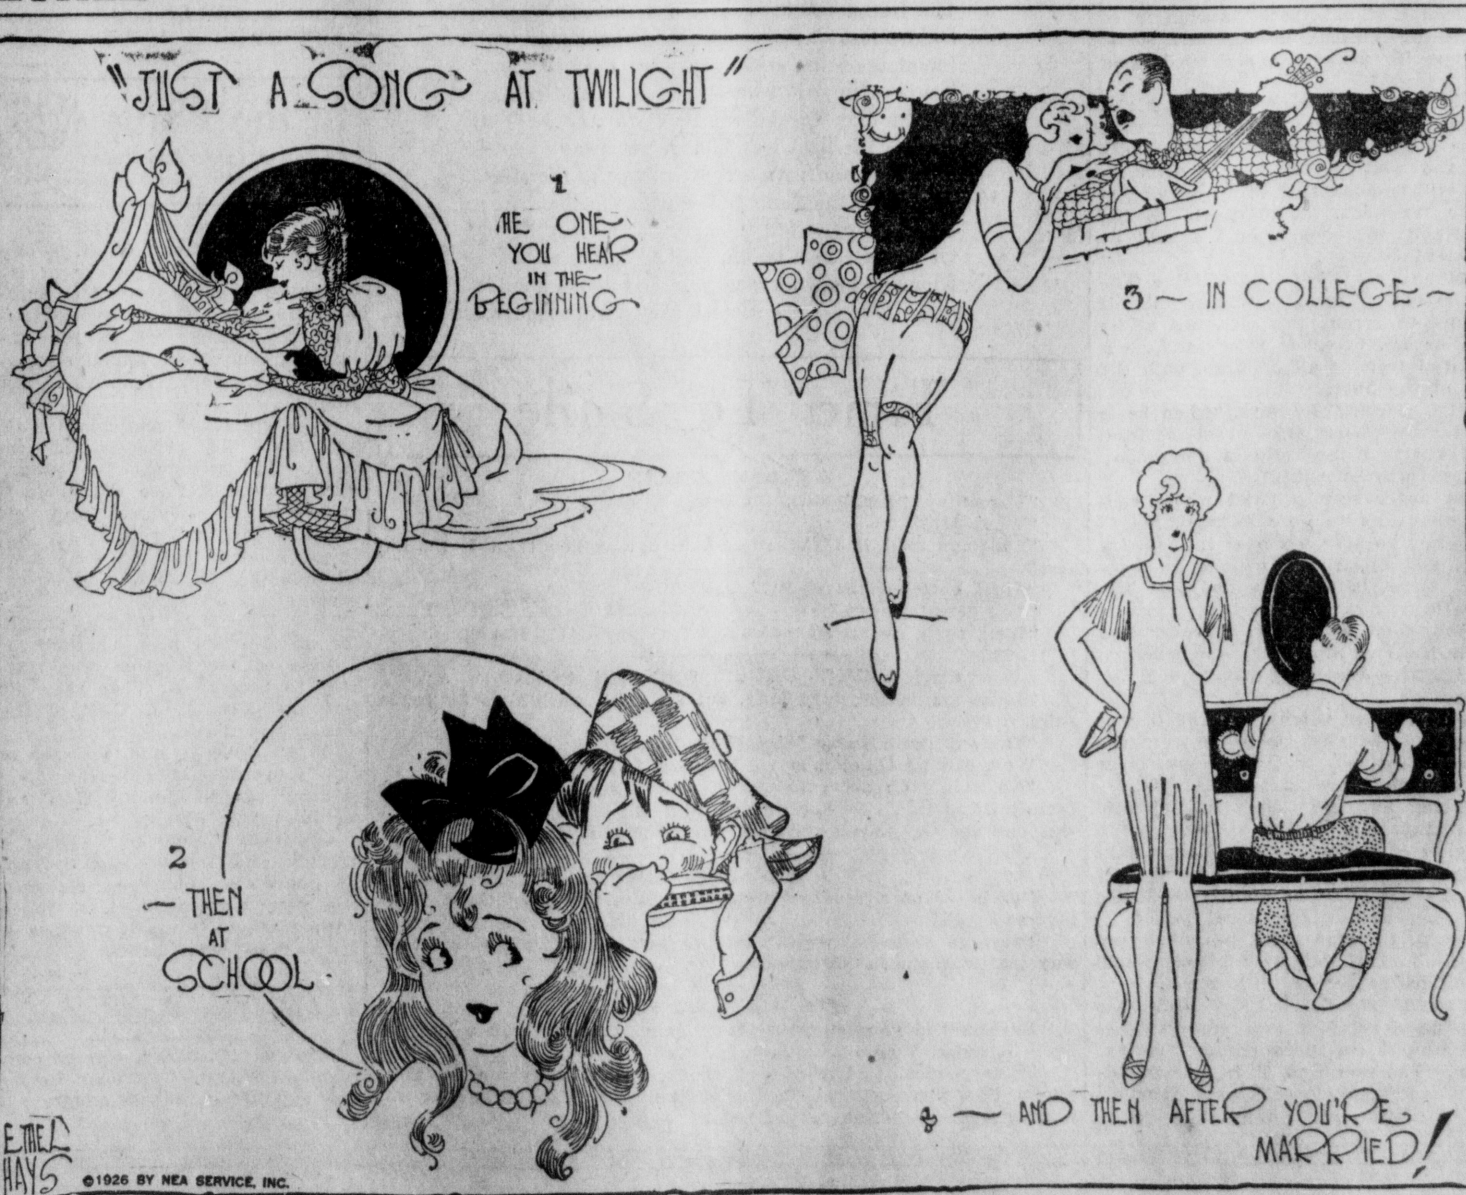

Prosperity, alas! is often but another name for pride.—Mrs. St. Journey.

DELICIOUS SANDWICH

A delicious sandwich filling is made by combining chopped figs, chopped candied ginger, chopped nuts and lemon juice. A bit of mayonnaise may be used to make it into a paste.

DR. W. B. CALDWELL
AT THE AGE OF 88Mother! It's
Cruel to "Physic"
Your Child

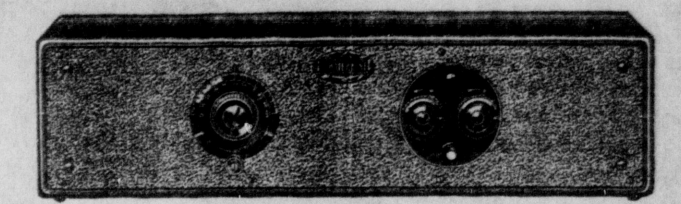

To Dr. W. B. Caldwell of Monticello, Ill., a practicing physician for 47 years, it seemed cruel that so many constipated infants and children had to be kept constantly "stirred up" and half sick by taking cathartic pills, tablets, salts, calomel and nasty oils.

While he knew that constipation was the cause of nearly all children's little ills, he did not believe that a sickening "purge" or "physic" was necessary.

In Dr. Caldwell's Syrup Pepsin he discovered a laxative which helps to establish natural bowel "regularity" even if the child is chronically constipated. Dr. Caldwell's Syrup Pepsin not only causes a gentle, easy bowel move-

ment, but, best of all, it never gripes, sickens or upsets the most delicate system. Besides, it is absolutely harmless, and so pleasant that even a cross, feverish, bilious, sick child gladly takes it.

Buy a large 60-cent bottle at any store that sells medicine or write "Syrup Pepsin," Monticello, Illinois, for a FREE SAMPLE BOTTLE and just see for yourself.

EVENING SALUTATION

Then, pale and worn, he kept his deck,
And peered through darkness. Ah, that night
Of all dark nights! And then a speck—
A light! A light! A light! A light!
It grew, a starlit flag unfurled!
It grew to be Time's burst of dawn.
He gained a world; he gave that world
Its grandest lesson: "On! sail on!"
—Joaquin Miller.

A WEALTH OF FLOWERS

The annual flower show held this week by the garden section of Santa Ana Ebelle again has demonstrated that Santa Ana and Tustin can and do grow flowers of unsurpassed beauty.

Each year the exhibition shows an increasing excellence in selection and in floral attainment. While chrysanthemums and dahlias held the center of the stage, this being their time of year, the success that accompanied the work of the growers of those two flowers points the way to what can be done and is being done with a great variety of flowers.

Our climate and soils are such that with flowers, as with fruits, we can grow almost anything. With all this beauty possible, we are culpable for not making more of our possibilities. We claim to be the garden spot of California, and we are, but we'd be a finer, a more beautiful garden spot if everyone took the trouble, as these members of Ebelle have done, to grow the best in flowers and grow them in abundance.

WASTE, CURTIS, FINLAYSON

The Register has no hesitation in recommending to voters of the county that they cast their votes for Justice Waste, for chief justice of the supreme court, and for Justices Curtis and Finlayson for associate justices of the supreme court, Justice Curtis for the long term and Justice Finlayson for the short term.

These three men are not running against one another. Each man has had an honorable record on the bench and each is recognized as a man of integrity and ability. Each has points, in relation to experience and personality, that convince us that he should be selected over and above his opponent.

These three men are receiving, we understand, the support of the bar of Orange county. Our attorneys have had an opportunity to know a good deal concerning these men and their recommendation is of great weight with the people of this county.

BUSINESS ALLIANCE

The Pan-European Congress, with 26 states represented, has been considering "ways and means to bring all continental European states under one economic head." It is soberly proposed that "the frontiers shall, for economic purposes, become nonexistent."

Here is an ideal that makes an American exporter or traveler, accustomed to the cutthroat competition and customs barriers of European countries, sit up and rub his eyes. It has been generally supposed that business warfare among nations was even more inevitable than military warfare. It has been accepted as a matter of course that, if Europe were really disarmed, its war energies would be poured into competitive industry and trade.

Yet four continental nations, Germany, France, Belgium and Luxembourg, have already agreed upon a plan of economic co-operation, and here are most of the others seriously discussing the same question. "Thirty European nations divided among themselves by economic or military rivalries would perish," says Dr. Paul Loeb, president of the German Reichstag. "Pan-Europe shall live."

And if Europe becomes "Pan-Europe," a federation of nations sworn to keep the peace and run their business for mutual benefit, what will the result be on American business? Will it develop into an Old World business alliance against America? Friends of the new plan disclaim any such purpose; but the growing dislike of America and this country's tendency toward isolation suggest such an outcome.

FRANK BIG BUSINESS

In the past, testifies a newspaper editor, the newspaper editor had a mighty difficult time getting corporation news for his readers. Police news and social news and various other kinds there was aplenty, but reliable news of big business was hard to get. Corporation officials were inaccessible and secretive.

"That day, however, is pretty nearly past. The public utility corporation which assumes such an attitude today is the exception. These corporations, like those particularly in the business of transporting the people of the country, are co-operating with the newspapers to tell their readers, the ultimate consumers, of the services offered by them, of their activities, their problems, their plans to improve the services they render."

Such information is only fair to the public, by whose grace the public utilities operate and who provide the patronage for them. It is also very good for the corporations themselves. By being frank with the public they disarm hostility, and by welcoming criticism and helpful suggestions they improve their service and profit.

WIDENING COWPATHS

Boston is taking out its traffic kinks and abolishing its famous "cowpaths." It is not so much a process of straightening, which would be almost impossible in the older part of the city, but rather of widening and extension. Street after street in the downtown section has been, or is in process of being, widened to the extent of 10, 20 or 30 feet.

As these improvements are effected, the results are almost miraculous. Traffic, formerly jammed in a dozen hopeless bottle-necks, flows freely. Automobiles can get through. Street cars no longer have to be made with accordion joints in the middle. Pedestrians are not obliged to overflow the sidewalk and fill the street. Old-timers hardly recognize their city, and stand amazed not only at the growing ease of getting around but at the new prominence gained by ancient and architectural treasures.

It is costing a lot of money, about \$20,000,000

for work already finished or under way. And the universal opinion is that it will pay.

Sure, it will pay. And still more will it pay any other city, town or village to profit by Boston's example, and adapt its thoroughfares to the needs of the present and future, so far as that future can be foreseen, before it becomes enormously expensive.

The International Channel swimming score stands now at four Americans, three English, one German, one French, and one from Argentina. Seems as if this latest outdoor sport might be used for something serviceable. Ah! we have it! Why not send out teams to settle the European debt question?

Suggestion Is Timely

Riverside Press

Albert W. Atwood in his fine address before the Riverside Kiwanis club a few days ago made a suggestion that the Riverside chamber of commerce might well follow up. He spoke of the tendency on the part of railroads to supplement their tourist travel with auto bus trips and said that a remarkably interesting one could be planned in Riverside and Imperial counties.

He urged that the Southern Pacific would find it very profitable to take tourists coming to California over its line off the train at Niland and give them a bus ride through to Riverside and Colton. Under this plan they would be driven through the famous Imperial valley, along the Salton sea, through the date groves of the Coachella valley, to Palm canyon (and when the road is built to Mt. San Jacinto up scenic highway to Idyllwild and then down to San Jacinto and Hemet, and thence over paved roads into Riverside.) Or the choice might be given of coming direct by Banning and Beaumont. The parties could be delivered back to the train at Colton for their trip into Los Angeles. The itinerary would probably involve spending one night at Palm Springs and another in Riverside.

The possibilities of such an arrangement are very great. One of the problems of the interior cities is to get the tourists to break away from Los Angeles and see the attractions of the rest of Southern California. The trip proposed by Mr. Atwood would introduce thousands of tourists every year to Imperial and Riverside counties before they reach Los Angeles; and it is safe to say that they would want to come back and see more of this section.

The Press is strong for the plan suggested; and by all means the commercial organizations of Riverside and Imperial counties should get busy and urge the project on the Southern Pacific.

Looks Like an Unfriendly Act

Redlands Facts

Governor Richardson, without there being any public demand therefor, has called a special session of the California legislature, to meet Friday, October 22, "to ratify the Colorado river six-state compact."

Now comes Congressman Phil D. Swing and says that there is no need for any such action, indeed, that it will be inimical to the Swing-Johnson bill and the general Boulder dam enterprise and may result in defeating the passage of the dam bill at the coming session of congress. Swing says he knew nothing of the Governor's thought of calling the extra session. Richardson says he has done it in a friendly thought toward the great development project, which will probably fail of passage unless the legislature meets and ratifies the compact.

Here is the situation: The Governor, who has all the time been opposed to the project or at least indifferent to it, takes a step which the friends of the enterprise had not thought of or even desired, which step, he says, is necessary for the passage of the bill.

The author of the bill, the one in charge of passing it, and a member of congress who is supposed to be closest to the situation, says the Governor's step was unwarranted, is a hindrance and may defeat the measure.

Following upon the Governor's removal of E. P. Clarke of Riverside from the State Board of Education and the appointment to that place of one "politically in harmony" with the Governor, it looks as though Governor Richardson, in his last few months of power is determined to do all he can to mess things up.

By DR. MORRIS FISHBEIN

Editor of Journal of American Medical Association

OBSERVE CHILD FOR MENTAL DANGER SIGNS
Children are so advanced these days that it is rather difficult even for an intelligent parent to tell whether his own child is conducting itself in the manner which has previously been described as normal.

The child of parents of substantial means is so fully cultured from the musical, literary and social points of view that its behavior may be largely artificial.

Dr. Edward A. Strecker, professor of nervous and mental diseases in Jefferson medical college, says that a child who is not doomed by reason of a badly tainted ancestry, and who is placed in a satisfactory environment, will respond first of all by motion in its play and in its work. A child who is too quiet and too unlikely to move around should be studied as to its mental health.

The normal child also exercises the imitative faculty to a great extent. Through this faculty it learns to speak and to repeat the activities of its elders. Curiosity, as Dr. Strecker points out, is a common and essential trait of all children, with the possible exception of the idiot.

"Almost every male parent," he says, "when he is the subject of a merciless barrage of questions from his offspring, believes that the child is abnormally curious. Almost never is he right."

Dr. Strecker has never seen a child whose curiosity was so excessive as to be abnormal, but is certain that the child who does not pass through the questioning phase, and apparently cannot be stimulated to want to know, is probably not well balanced in his growth.

Among other factors on which Dr. Strecker lays special emphasis is the love of power, which normal children exercise, showing that they like to hold the center of the stage.

There are, of course, times when the child cannot have its own way, and the adjustment between the child and his parents in this matter is sometimes responsible for anti-social conduct in later life.

Savagery, romancing and the telling of romantic stories are normal stages in childhood development. Dr. Strecker regards romancing as evidence that the imagination is beginning to grow and that it must not be regarded as proof of mental ill health unless it persists long beyond the usual period.

Finally, the capacity to learn must be considered important. Absolute mental defect is hopeless and is evidence of a failure of the brain to grow.

The life of the child, like that of the adult, has constantly become more complex and more subject to all sorts of features in its surroundings that are difficult to control. The fact that it is able to adjust itself to these exceedingly complicated demands is in itself evidence of the child's normality.

Some Folks Have to Have Their Minds Made Up for 'Em

Why a Failure?

Long Beach Sun

Many people, being possessed of more vanity than sense, buy shoes that do not fit their feet. Others, whose only fault in the premises is carelessness or ignorance, treat their feet as badly. The shoes bought may be good shoes; they may have every virtue that a shoe should have. And yet they do not fit the purchaser because they were not designed to fit him. The fault, however, is not in the shoes. The fact that many feet are pinched does not indicate that the shoe business is a failure.

Many people are so constituted that cheese does not agree with them. They are not equipped properly to digest it. They can eat pork, peanuts, cucumbers and cabbage and suffer no ill effects, but cheese lays them low. The fault, however, is not in the cheese. Many people can devour it in great quantities with complete impunity. And the fact that some persons can't eat it without suffering doesn't indicate that the cheese business is a failure.

Some youngsters attend institutions of learning and fail to make the grade. They strive diligently and belabor their poor wits with-out mercy, and yet for all their trying, fall at last by the wayside. Others, more generously blessed, make the grade without great effort, and the fact that numbers fail does not prove that institutions of learning are a failure.

Once in a while a new firm sets up in business, lives for a day, and closes its doors. The man who backed the enterprise and engineered it had both money and ambition, but he didn't know his business. Others in the same line wax fat and ride behind eight cylinders, and this particular firm's inability to survive does not indicate that the institution of merchandising is a failure.

The unthinking at times volunteer the opinion that marriage is a failure. What they mean, doubtless, is that many failures marry.

Worth While Verse

THE WORKMAN

(This poem was awarded the poetry prize by the Woman's Press Club of Southern Calif., 1926. It was published in Lyric West, August, 1926.)

Who was the artist sculptured all the nave?
The goats and maidens dancing on the frieze,
The rounded barrel and Diogenes,
The fluted moulding in the architrave?
Did he toss back his hair, and was he grave,
Intent upon his work, and when the breeze
Came ruffling in with talk of ships and seas,
Did he look up and whistle off a stave,
And as the light was fading, put away
His tools, and with a shout plunge in the street
And cross the Arno yellow with the flood,
Stopping to watch a juggler, or a treat
Of puppets in a booth, glad to delay,
Knowing his work was done and it was good?
—Beulah May, Santa Ana, Calif.

A ONE-WAY CAR

Purchaser of a second-hand car—I say, the bally thing won't reverse at all!
Previous owner—My dear fellow, just the thing for this one-way traffic business.—Aussie, Sydney.

YES, HE TOLD HER

Father—Did you tell your teacher that I helped you with your French lesson, Tommy?
Tommy—Yes, and she said she wouldn't keep me in after school this time because it didn't seem fair I should suffer for your ignorance.—Karlaturen, Oslo.

Little Benny's Note Book

Sunday afternoon it started to drizzle and I took Puds Simkins and Leroy Shooter and Glasses Magee up in our living room to wait for it to stop, and who was up there but pop asleep on the sofa snoring to himself, me saying, G, fellows, I hear thunder in the distants.

Meaning pop snoring, and Puds sed, I wouldn't be surprised if we had a big storm heer in the forrest.

And we all turned our coat collars up and—put the chairs close together and started to wawk among them as if we thawt we was going through trees, pop keeping on snoring to himself like thunder in the distants coming closer, Leroy saying, I've lived in these woods all my life, fellows, but never saw a storm like this one and never hope to.

This is a storm and a half, O boy listen to the thunder now, Glasses Magee sed. If it gets any louder than that its libel to nook down some of these trees, he sed.

Wich jest then it got louder on account of pop stopping snoring long soft snores and starting to snore short loud ones, Leroy Shooter saying, There goes the trees, fellows.

And he pushed a chair over, and me and Glasses and Puds each pushed one over, the 4 trees making a fearner noise than wat I expected, and the thunder quick woke up and then sat up, saying, Wat the dooce, wat the mischief.

We jest came in for a minnit, pop, shall we go our agen? I sed. All but you, pop sed.

Wich Puds and Leroy and Glasses did, and pop layed down and went to sleep agen and I picked up the 4 trees and listened to the thunder by myself without mutch intrist.

Dear Patcher Lady—I'm purty old fashioned, and I'm sendin' in a pome fer a patch, if you'll be so kind as to hem it in somehow.

And dear lady, that pome of yourn 'bout "Our hearts bein' with St. Louis, but our moneys on the Yanks" was good enough to have been the whul quilt the other evenin' fer it sure covered.

In the Long Ago

14 Years Ago Today
From the Register Files

October 15, 1912

S. J. Jackman and W. H. Thomas, chairman and secretary of the Republican county central committee, announced that the organization was making plans for the carrying on of an effective campaign for both Roosevelt and Johnson.

As a result of complaints stating that the prisoners at the county jail were not fed enough City Trustee McPhee unexpectedly visited Jailor Boynton and ate lunch with the prisoners. McPhee declared that the food served was as good as was to be expected.

Miss Rae Belle Morlan, daughter of Mr. and Mrs. Arthur F. Morlan of Los Angeles, was married to Stanley A. Visel son of Mr. and Mrs. A. J. Visel of this city.

W. C. Roberts read a paper on the proposed city charter at a meeting of the Monday club held at the public library.

Architect Withey of the firm of Withey and Davis spent the day in Santa Ana going over plans for the new polytechnic high school with teachers who were heads of the various departments.

One Year Ago Today

Hanford MacNider, former commander of the American Legion, was appointed assistant secretary of war.

The Patchwork Quilt

BY ELEANOR YOUNG ELLIOTT
(Have you any patches to add to it?)

CHEER UP!
Here's a little bit of brightness
For the ones whose hearts are sad:
We could never love the good things
If we didn't know the bad.

Could we know the joy in service
If there were no work to do?
Would we always hate the false things
If we didn't know the true?

There would be small joy in freedom
If we knew there were no bars,
And if there were no night-time
We would never see the stars.

No CHRONICLES OF THE LITTLE GRAY HOUSE could equal in point of interest, the chronicles of SERAPHINA who, it seems, would paraphrase Henry's famous poem by crying "My head is bloody but unbowed!"
As witness her appended tale of woe.

Quilter Dear:—

There comes a tide in the affairs of every woman, however patient and long-suffering she may be, when there is left to her outraged sensibilities no relief like that afforded by bursting into print. Can your bright quilt find an obscure corner somewhere—perhaps in the lining—for just one faded, old-fashioned calico patch? I am one of the few remaining women in captivity who have long hair. I own it is an idiosyncrasy—perhaps even an aberration—but since it is a sin peculiarly and particularly upon my own head, why I ask you, need the heathen rage?

This is the burden of my plaint: every time I show my poor, out-moded head in public, a babble of questions assails me: "Oh, my dear, why don't you cut your hair?" "How very quaint! but don't you feel queer with all that hair?" "You'd look ten years younger." "Don't you know you can never find a decent hat for an unbowed head?" "Oh, your head would be so much cooler!" and so on, ad nauseam!

I have hitherto managed a smile, and a murmur at once polite, deprecating and apologetic while I sizzled inwardly—but even the watched pot sometimes boils over, and my lid is beginning to tilt.

Some time I shall "follow that impulse"—I shall jump up and down and gnash my teeth and roar—and this will be the burden of my roar: "I don't want to cut my hair because I don't want to cut it. I don't have to cut it, and I am not going to cut it! I couldn't possibly feel any queerer with my hair on than half of you look with yours off; I can get more hats to fit my head than I can get to fit my pocketbook; and I don't want to look ten years younger, because I want to match the rest of my family. My head has so far been cool enough to withstand the slings and arrows of outrageous bobsbers without doing bodily injury to anybody—and that's that!"

I don't expect to get much support in this outrageous non-conformity of mine. I don't hope, even, that anyone will notice the fact that a very patient worm has at last been driven to turn, because, as someone sagely remarks, worms are just alike on both sides.

However, I feel better, now that I've spoken my mind—and do you remember what happened to Samson? Devotedly—and unbowedly—yours
SERAPHINA.

Dear Patcher Lady:—Here is how two rival bill posters bid for business: "Come forth in haste with bills and paste."

Proclaim to all creation, That men are wise to advertise In every generation." Monahan & Sons. Telegraph address "Kings of the Brush."

Their rival covered the above poetical gem by pasting over it the following:

At a post my hills, On disused mills, For work done well, Just ring the bell.

At Sweetman's Wireless Station Radio Address, "Swift and Sure." Yes they were all Irish and the report from the hospital was that they were doing as well as could be expected.

McCIPHER.

Famous First Words "Darn that alarm clock!" NEMO

Clouds

By SHIRLEY RODMAN WILLIAMS

THERE are eyes which only LOOK at things, and other eyes which really SEE things, eyes that read meaning and understanding into what they see. Some children grow up to go through life merely looking and never seeing. The child who SEES is the imaginative, sensitive child, the child with the understanding heart.

HIGH in the crystal blue space of the Sky World Banks of soft cloud stuff as white as the snow Billow and roll into wondrous dream pictures, Building a dreamland for watchers below; But only those children with magic-kissed eyes Can see the enchantment of clouds in the skies!

Oh, there's a great castle with outworks and turrets With a river of blue flowing deep in the moat, As the drawbridge falls slowly, it rocks all the castle And trumpeters send out their welcoming note, For lordly comes riding a knight and his hand To offer his love for the Princess' fair hand.

AND there goes a caravan o'er the wide desert, Swiftly they move as the palms loom in sight; The great tents are pitched and the camels unloaded, So quickly they make there a home for the night, Then over the oasis sweep the white sands And change the great desert to strange foreign lands.

Afar strides a giant alert with his cudgel, In search of a dragon who writhes in his cave Which hangs o'er the ocean in cliffs of white marble, And seeing his danger he bellows and raves; But just as the giant draws near for a blow The great white cliff crumbles and swallows his foe.

AND there are the fairies like thistle-down dancing In meadows where poppies and starflowers glow; And strange little elfmen are digging for treasure, Or melting their gold in the forges which glow— But only those children with magic-kissed eyes Can see the enchantment of clouds in the skies!
